Mr. A. J. Paull,  
Jewish Immigrant Aid Society of Canada  
Montreal, Canada.

Dear Mr. Paull,

Your letter addressed to Mr. Weinberger of Mexico, City, with reference to the Rabinowitz children has been referred to me for investigation. These children have been in our border city Juarez, Mexico for several years up to the time of their grandmother's departure and since that time they have been under our supervision. With reference to their going to Canada we have the following information to offer:-

The American Consul in Juarez Mexico will grant them a transient visa and it is quite possible we will get permission from the American Immigration Department at our border to permit them to travel through the United States to Canada providing we have papers showing that Canada is willing to accept them.

We must have a letter from Mr. Jolisse Canadian Commissioner of Immigration before our Immigration Inspector will give the necessary permit.

In addition to that they will have to travel either accompanied by a guard or under bond.

Mr. A. J. Pauli #2

It will be necessary for you to furnish expenses of Three tickets for the children, a round trip ticket for the guard and other incidental expenses which they will incur including transient visas of Ten dollars per capita.

We have financed this case to the extent of our ability and can do no more at the present time.

Will you kind inform us if the grandmother of these children Mrs. Filurine is in Canada?

Yours truly

Dear Mr. Paull,

This will answer your letter of October 25th with reference to the Rabinowitz children.

Upon investigation we find that citizenship papers from Mexico for these children is an absolute impossibility. However the Mayor of our Neighboring city Juarez would gladly give a satisfactory credentials, showing residence of four years of these children in Juarez Mexico. We could also get a temporary pass from the Immigration department of Mexico assuring the children return entry into Mexico should Canada find it necessary to deport them. We will also require a bond of Five hundred dollars per capita before the immigration department of the United States will grant transportation through this country.

If we can serve you in this case kindly advise us.

Yours truly,

Mrs. F. Zlabovsk

Re; Sara Rabinowitz and brothers.

Dear Miss Razovsky;

In reply to yours of May 1st. wish to say that in your files you have all the data concernign the Rabinowitz children for we have had a great deal of correspondence concerning them. These are the grandchildren of one Rosa Filurin with whom we had considerable trouble before she got to Canada. She came into the U. S. on a two months vise overstayed her time and jumped her bond. She got to Canada and by some scheming of hers has gotten papers to show her Canadian citizenship and of the children evidently.

Miss Razovsky, these children are not Canadians by birth, in fact they never saw Canada. They were born in Russia and were brought to Mexico by their grandmother. Their parents are living in Russia. The Council here is assisting Sara, the eldest, to make a living for herself and her brothers.

The American Consul in Juarez will grant them a transient vise and the Immigration Dept. a permit to travel through the United States provided they make a bond of \$500. per capita or travel with a guard and that the Commissioner General of Immigration of Canada will send papers showing that they will be accepted on Canadian soil. Only after ou Immigration Inspector has verified this statement of the Canadian authoritied will he grant the permit.

We know that these children were not born in Canada and that their is a warrant for the grandmothers arrest the moment she sets foot on American soil and this section will not go on record as affirming a fact that they know is not true. As I have stated before it is only under these conditions that the Immigration Inspector will grant a permit.

Yours truly,

( Mrs. Frank Zlabovsky )

Dear Sir:

In reference to yours of September 30th, I wish to inform you that we have had the Rabinowitz children under our supervision since the grandmother deserted them in Juarez, Mexico. We have paid rent for their room. Sarah, the oldest girl, is working and supporting herself and trying to feed the two little brothers to the best of her ability.

With reference to bettering the condition of the two boys, there is only one solution to the problem, to put them in a pay school in Mexico City and this will entail an initial expense of \$500. Upon receipt of that amount we will send a reliable person with these two children to the school which is located in the City of Mexico and they will also then be under the supervision of Mrs. Filurin's sister, who is living in the above mentioned city. A further expenditure of \$50 or one hundred Mexican Pesos monthly will be necessary to put these children on the road to making worthwhile citizens of them.

We would like to hear from you at once with reference to this matter as the conditions in our neighbor city of Juarez, are most deplorable and the children have already started on the downward grade. They must be placed where the strictest discipline will be given them.

Thanking you for your cooperation, I am

Yours very sincerely,

Re; Moses Rabinovitzh  
Boris Rabinovitzh

Dear Mr. Hershfield; Referring to the cases of these to children ages Moses 14 and Boris 11 wish to say they are Russian subjects living in Juarez Mexico for the past four years with their sister, a girl of eighteen.

They appealed to our American Consul to grant them a non-quot vise permitting them to enter the United States for educational purposes. These children speak English as well as Spanish.

Our American Consul after due investigation found the case of due merit to grant this vise. Upon presentation of this case before the board of Inquiry at our Immigration Dept. the children were debarred and we appealed to the Labor Dept. at Washington for a reconsideration. Will you please intercede in their behalf and try to have them admitted into the U.S. for one year waiving bond.

These boys will be interned in the Lydia Patterson Institute of El Paso a school recognized by the Labor Department.

Their schooling will be financed by their Grandmother in Can. and their sister Sara who has a responsible position in Juarez.

These youngsters beg for educational privileges and I do not see why we cannot give it to them if a right appeal is made to our Commissioner General. It is a most deplorable situation that when our American Consul investigates so thoroughly before he issues a vise that such a difficulty should arise.

Thanking you for past favors and awaiting an early reply,  
Yours truly,

Chichuachua, Mexico.

Dear Mr. Krakauer;

We are trying to find a school suitable for two little Jewish boys ages 13 and 11. They are at present living in Juarez under most unfavorable moral influences. The school that we should like to find is one where they would be under the strictest of discipline and at the same time prepare themselves to take their place in the country in which they will be forced to live and be respected citizens.

These boys were refused admittance into the United States as students for various reasons largely due to their grandmother's disrespect of the immigration laws of the United States.

Any assistance or recommendation from you would be greatly appreciated. We await an early reply,

Yours truly,

Re; Moises and Boris Rabinovitch

Dear Sir. We have just sent to your city two boys who have been living in Juarez Mexico for the past few years, to attend The Colegio Groso. These children are 11 and 14 years of age and we ask that you interest yourself in them to the extent that you give them moral support.

Their education is being financed by their single sister who is but 18 and is employed in a curio shop, in Juarez. It is a great sacrifice on her part that she affords her brothers this opportunity. Please see that they make the most of it.

In case you know of a school along this same line where it would be less expensive kindly notify us of same as we want to help this girl as much as possible.

Re; Moises and Boris Rabinovitch

Dear Sir;

In January I wrote you that we were sending two boys from Juarez, Mexico to a school in your city namely The Colego Groso. For some reason the boys are not getting along well at this institution and we wish you would please go out there and determine the cause of the trouble. If you think there is another school in your city where the boys would do better we would be glad if you would let us know so we might make the change. We are paying sixty pesos per capita for this schooling.

Awaiting an early reply from you.

Dear Sir:-

In opening my letter I want to thank you for your last letter and the interest you have taken and to apologize for not writing sooner, for you must know, I have to have someone do it for me.

I want to bring to your attention and beg of you only as a mother can do this last and lamenting letter I got from my grandchild begging and crying for me to help her out of there, for she is now forced to live with Mexican people all because all the other Jewish people have gone to the U. S. A. and there she is a girl of nearly 19, alone, helpless, and forced to live with such people. Please Mr. Paull do something to get at least her out and leave the two boys there for now.

Mrs. Zlabovsky from the Society said if she can get 2 affidavits she can gain admittance to the U. S. A. Now, I beg you, to please write the Society and get fuller detail on the subject, for if there is any need of bonds, I can manage that.

As cooking for the sick entails my working 7 days a week, it is, of course, impossible to come down to Montreal.

I sincerely trust and hope, Mr. Paull, that you will give this the necessary attention and care, for I have the utmost faith in that you will and can help the poor girl.

Am awaiting a favourable and early reply.

With kind thanks,

Truly yours,

(sgd.) MRS. RABINOVITCH.

Dear Miss Razovsky; It is with the greatest regret that I must tell you that the death of Boris Rabinowitz of which you read in the Jewish Daily Bulletin was the child from Juarez in which this organization was so vitally interested.

The two brothers were sent to Mexico City to a boys school some few months ago and were very happy there and doing very well. Their education was being financed by their sister Sara who was paying \$20.00 monthly, their Grandmother in Canada who was paying \$30.00 monthly and the Local Council who was adding by paying \$10.00

The older brother Mose took the death of his brother very hard and swore vengeance over his brothers grave. The Aunt in Mexico City fearing trouble which would only add to the present agitation against the Jews sent the boy back to Juarez Mexico and he is now enrolled in a school of that city.

Yours very truly,

Dear Sirs:-

We wish to command to your attention the case of  
the Rabinovitch children.

You have, probably, seen in the press that one of  
these children, Boris, was shot in Mexico City by a schoolmate.  
I do not know whether this case is known to you but it is a case  
of three Jewish orphans, one girl by the name of Sarah, and two  
boys, Moses and Boris, who were stranded in Juarez, Mexico. These  
children have a widowed grandmother in Canada (she is working  
as a cook in a Jewish sanatorium for the Tubercular) and we believe  
that her entry to Canada is not altogether regular. The girl and  
boy are both Russian born and have been in Mexico now for seven  
years. Mrs. F. Zlabovsky of the National Council of Jewish Women,  
El Paso, Texas knows of this case so does your Mr. Hershfield.

The purpose of this letter is to ask you to take steps  
to obtain a quota immigrant visa for these children since the Russian  
quota is not exhausted. The girl has been working all the time and  
has \$300.00 or \$400.00 savings. The grandmother feels that in view  
of the fact that the little boy was shot in Mexico City, that the  
American Consul would take pity and issue the required quota visas.

We are enclosing herewith a photograph of the children.  
The address of Sarah Rabinovitch is: 218 N. Lerdo Ave., C. Juarez,  
Mexico.

We shall appreciate your assistance.

Re; Rabinowitz children

Dear Mr. Paull;

confernece

I have been in ~~confernece~~ with the British Vice Consul in this city and he tells me that if you can secure an affidavit from the grandmother in which she states her desire that she wishes her granddaughter to come to her and can assure the Canadian Government that the girl will not become a public charge we may succeed in getting her admitted into Canada.

It is possible that we may include the boy. Any papers that you may secure that will bear favorable impressions on this case will aid us in our endeavor.

Yours very truly,

Dear Miss Razovsky:

Please excuse my liberty at addressing you without as much as knowing you, but Mrs. Zlabovsky, your officer or the chairwoman of immigration work in El Paso, told me that you were interested in our case. I happen to be the sister of the little boy which was accidentally killed in Mexico.

Mrs. Zlabovsky worked hard and has accomplished my admittance into the U.S., and now I am in Cleveland with some of my relatives residing at 3217 Euclid Hts. Blvd.

I have just come here a few days ago and decided to let you know of my admittance into the U.S. My only brother is still in Mexico where Mrs. Zlabovsky is taking an interest in him also. He was refused admittance into U.S. on account of his conduct.

I am letting you know of this, knowing that you are the superior officer of Mrs. Zlabovsky and probably do about the same work.

I think that Mrs. Zlabovsky has accomplished in my case more than anybody could ever do in her place and I am very thankful to her and also to you for taking interest in us previously.

I remain,

Very sincerely yours,

Re; Mose Rabinowitz.

Dear Mrs. Finsterwald;

Referring to your letter of Aug. 19th. the reason for this unavoidable delay is due to our untiring efforts in securing legal entry into the U.S. for Sara Rabinowitz. She was admitted on the 10th of Sept. and is now making her home with her Aunt in Cleveland Ohio.

There now remains just Mose who is 14 years of age. We are sorry to be unable to report favorably on this child. His Mother is alive and in Russia and his record at this port of entry was such that the Dept. of Labor at Washington refused him a temporary student's visa.

Any truthful statement from us would debar him from Canadian entry. However, he is just a child and under proper environment he could still make good.

If you have any suggestions to solve this problem so that we may reunite this child with his grandmother who is Mrs. Rose Rabinowitz, Mount Sinai San, Box 420, Ste. Agathe des Monts, Quebec, Canada. we should be glad to hear from you.

Dear Mr. Paull:-

This is in reply to yours of January 5th. Moses. Rabinovitch is living in Juarez, Mexico, and awaiting money from his Grandmother for his support. He has a job which pays him a small pittance, and we are looking after his welfare to the best of our ability, but due to the economic situation we cannot give him any financial aid, and would ask you to inform Mrs. Rabinovitch that we expect her to live up to her promise; to send the boy sufficient money for his support. Since the boy's sister left for Cleveland, Ohio, the Grandmother has only sent \$16.00 towards this boys support.

Your co-operation would be very much appreciated.

Re; Mose Rabinowitz

Dear Miss Razovsky;

In reply to your letter of recent date wish to say that Mose is still in Juarez Mexico and the case is not closed with us.

Perhaps you do not know that after Sarah left here she went to Canada with her grandmother and the next we heard she was in an insane asylum in Montreal. Her grandmother received assistance from Canada and left for Russia taking the girl with her. At present they are in London and the girl is in an asylum there. The grandmother literally bombards Mose with letters to join them but the boy has no money and we are not going to assist him financially and too he does not want to leave this part of the country.

Dear Mr. Paull;

Your letter shocked us as we were under the impression that Sara was still in Cleveland with her relatives.

The girl left here in perfect health unde other then the trouble she had had with her appendix. We trust that before long she willbe well on the road to recovery.

Now Mr. Paull we have done so much for these children and are so deeply interested in them that I am going to ask you to kindly keep me informed as to the progress Sarah is making.

As to Moses he is working in Juarez and really is doing just as well as can be expected considering the background these poor youngsters had. Their grandmother neglected them so mercilessly when she had them and for a boy who has had to shift for himself he is no better nor worse then could be expected. We can absolute ly do nothing more for him financially but of course will keep in touch with the youngster and counchl him to the best of our ability.

Kindly let us hear from you regarding the progress of Sarah and rest assured that her condition will be kept in the strictest confidence.

This is the first we knew that Sarah is not with you and I want to ask you a few questions as we always like to follow up our cases and we were particularly interested in this girl.

How long did she remain in Cleveland with you and under what circumstances did she leave? Was she well when she left as we understand she has been sick since her arrival in the Canadian City.

Thanking you in advance for any light you might shed on the problem

Dear Sir;

Beg to acknowledge receipt of the check for \$20.00 and am shocked to hear of the illness of Mrs. Rabinowitz's granddaughter, Sara. I judge from your letter that the young lady is in Canada with her grandmother. If that is the case will you kindly let me know just when she arrived there. When last I heard from Sara she was in Cleveland with her relatives.

With reference to her past life we only know she led a very clean moral life and lived with the very best people while in our border city. While here she complained of a pain in her side and one of our eminent physicians pronounced her case as chronic appendicitis.

If we can be of further service to you do not hesitate to call upon us.

Dear Madam;

We are writing to you for we are so anxious to know more about Sara Rabinovitch the grand daughter of Rose Rabinovitch who is employed at your hospital.

We cannot understand the sudden illness of Sara's for she left El Paso in the best of health and not a mental subject. The girl was known to us for some years and enjoyed the best of health except for having an attack of appendicitis at one time.

We have had so much dealings with the Grandmother and we cannot help wondering (badly as we hate to confess it) just what she has up her sleeve. Just what is she trying to do with this girl? Kindly give us the details available to you and we would appreciate your efforts to the utmost.

Must say that we have aided this family as much as we are able and cannot help Moses further financially but are always glad to give the boy the moral support that we deem necessary.

Re; Moses Rabinowitz

Dear Mr. Paull;

Moses Rabinowitz is in Juarez and working at the Toltec Curio store on the 16 September Street and I have delivered the money to the boy that his grand mother sent.

We can do nothing for the boy as the U.S. does not want him and it is evident that Canada does not want him so he will have to remain in Mexico or be sent back to Russia. His Mother is living in Russia and to save the boy from a future of vice and crime he should go back to his Mother where he belongs.

May I at this time ask how Sara R. is feeling?

In reply to your letter wish to say that before we can do any thing from this end of the line concerning the Habinowitz boy we must have several things. Firstly, We must have a Russian passport for him and the knowledge that he will be accepted in Russia.

Secondly; We must have the money to pay for his transportation to his destination. We have no money in our treasury and it will be necessary for the grandmother to raise the money for him.

If we have the afore mentioned articles we are sure we can get permission for him to travel through the United States to Canada on a transient visa and join his Grandmother for the remainder of the trip.

Mr. Adolfo Lisack

Re Mose Rabinowitz

Dear Mr. Lisack;

As the uncle of the aforementioned but I think it is my duty to tell you many circumstances about this youngster. and I am going to ask for your opinion in the matter in return.

As you know Mose is a boy of 15 and working in a curio store in Juarez for a mere pittance. Suppose you have been informed that his grandmother has left Canada and returned to Russia taking with her Sara who is mentally sick. The girl has been in a hospital since she went to Canada and as she was no better the grandmother decided to take her to Russia where more congenial surroundings might return her reason.

Mose has no passport and it was impossible for him to return and to tell you the truth the boy does not want to return to Russia.

We feel that there is a great deal of good in this boy and with a little care and attention could be made into a real man. In Juarez the child has no chance. He sees too much squandering of time and money and it is not an incentive for the better things of life. We ask you as his own flesh and blood to bring him to Mexico City where he can work but where he at least has kin who are the least bit interested in him and his welfare. This society visits Mose frequently when possible but the boy is badly in need of encouragement as well as counsel from a man and also a little loving care.

We feel some day you would be more than proud of your time and efforts if you would devote a little time to this nephew and we ask you to let him come to Mexico City where he has greater advantages and where the opportunities are greater for he is as high in Juarez as he can ever hope to go.

The boy makes a good appearance and we put this as a challenge to you to see what a fine man you can make of this poor neglected child and in return we wish you the choicest blessings of God for your act of kindness.
