Elements of the Conquest

Our Spanish Heritage

OUR United States of America owes much of its greatness to influences and contributions from peoples of all races, of all creeds, and of all social stations. In this respect no other nation has ever been so fortunate.

At the time of our nation's conception in history Spanish influence dominated the Christian world. Spanish explorers, soldiers and clergymen took upon themselves the difficult task of colonization in a cruel wilderness that seemed determined to overpower their efforts. Today the institutions, language and customs of these illustrious men of Spain still flavor the culture in the part of the nation to which they first brought European civilization—our Southwest.

CARL HERTZOG

Dedication

Carl Hertzog for more than twenty years has practiced and preached the art of typography at El Paso, Texas, far from metropolitan centers where typography as an art is more often encountered and more often understood.

By an example of uncompromising and painstaking effort to produce fine printing, by talk and by teaching related to it, Carl Hertzog has raised the standard of Southwestern taste and given his community a lasting ornament not only in his work but in his influence for good.

Beyond that, his knowledge and craftsmanship, his desire for perfection, in the arrangement of type upon a printed page, have traveled beyond localism and brought him honor and recognition from across the land. Experts praise his work, book collectors seek it for its excellence.

As a member of the faculty at Texas Western and as Director of its College Press, he has made students aware of the form of fine books, of the art of providing worthy shapes for the records of the human spirit.

With pride in his accomplishment, we dedicate this 1951 Flowsheet to Carl Hertzog, printer, scholar of printing, teacher and humanist.

Although production in Texas Western's print shop is limited primarily to college printed material, designer-craftsman-instructor Carl Hertzog often introduces interesting personalities and creations to followers of the inked-type trade.

Tom Lea, renowned artist and author, and a close personal friend of many years standing of Professor Hertzog visits regularly at the College. They often collaborate on new ideas in book publishing and have published several articles and books together.

WILSON HOMER ELKINS, PH. D.
President

It is a pleasure to thank the staff of the Flowsheet for their outstanding achievement in the production of this record of Texas Western College during the year 1950-51. The work that has been done is an excellent example of the cooperation needed to make a more attractive College.

To the seniors, whose memories will be refreshed by occasional reference to this volume, I hope that your experiences at Texas Western have been profitable and enjoyable. May I wish you happiness in the years to come.

W. H. Elkins
President

The Seeds of Christianity

Administration

THE Spanish padres—dedicated to the teaching of their faith—found a vast wilderness stretching before them, peopled by savages who were entirely ignorant of Christianity. In order to be teachers the padres had to be administrators as well.

Although Christianity is said to have come when Cabeza de Vaca set foot on our territory, its teachings and true knowledge were brought by Fray Agustín Rodríguez and his party in the middle of the year 1581. He and two of his companions were murdered by the Indians whom they tried to instruct. Their work laid the foundation for the occupation, settlement and beginning of European civilization in our Southwest.

The Naming of Our City

Student Association

AFTER long delays and sharply contested negotiations with the authorities of the Indies, Don Juan de Oñate obtained a royal contract for the settlement of a new province to the north. In January, 1598, Oñate set out from the mines of Santa Barbara, embarking on the first successful colonization of New Mexico.

Leading a large expedition of soldiers, colonists and their families—herds of livestock and long lines of ox-carts laden with supplies—he traversed the State of Chihuahua and crossed the Rio Grande about twenty-five miles south of where El Paso is now located. The expedition stopped there to hold elaborate ceremonies and formally take possession of the new lands. In his report to the King of Spain, Oñate referred to El Paso del Norte, and was thus the first to mention the name of our city.

A New Race Was Created

Campus Calendar

WHEN the Spaniards came to the New World they brought their popular pastimes and entertainments—the traditional carnival of Old Spain. Unlike the English, the Spaniards did not eliminate the Indians, pushing them back from a beachhead of European culture. The Spaniards taught the natives and fused with the new land. They intermarried and created a new race, rich in Spanish folklore and artistry.

The fiesta conquered. In early Spanish colonial days these celebrations were beautiful spectacles in an as yet raw and uncivilized country. The men wore low-crowned flat hats, trim jackets, bright sashes, tight laced trousers and boots of embossed leather. The ladies were equally colorful with glistening jewelry, red skirts, white blouses with large sleeves and gold-edged rebozos about their shoulders.

The Winner . . . Zeta Beta Tau's afternoon bridge party

Why the barbershop quartet is dying out

ALPHA PSI OMEGA, national honorary dramatic fraternity, yearly sponsors a variety show, and the result is generally . . . mayhem. Although some organizations choose to present sublime performances, the larger number prefer the ridiculous. The show pictured here featured female impersonators, nature boys, and ham-like barbershop quartets.

The south of the border touch

An interpretive modern dance with soft choral background

Nature Boy?

WITH THE ARRIVAL of the month of May co-eds began appearing around the campus swimming pool decked out in their new and daring lastex beach scanties. This advent heralded the annual Miss TWC bathing beauty review. Some thirty delectable morsels paraded slowly around the pool while TW's red-blooded male populace drooled and indulged in some controlled growling and grass scratching. The hard-pressed judges finally came up with Nancy Broaddus as Miss TWC and named as runners-up Mary Beth Nicols, Wanda Walker, Barbara Rosenbaum, and Beverly Witt.

Miss TWC

A line-up like this lends added sanction to the co-educational institution. Left to right—Beverly Witt, fifth; Barbara Rosenbaum, fourth; Wanda Walker, third; Mary Beth Nicols, second; Nancy Broaddus, Miss TWC.

Thirty years too late

Actually . . .

. . . they were all . . .

. . . winners

The Queen, Jean Bride (extreme left), pictured with runners-up Melba Pyle, Joanne Best, Gerry Laird and Paula Miles.

TOWARD THE MIDDLE of August, Summer-term students took time off from sweltering and studies and honored their summer school queen. The Queen turned out to be dazzling Jean Bride who gained the crown and throne over a myriad of subtle summer beauties. A huge crowd decked out in tuxes and evening dresses seemed not to heed the oppressing heat as everyone danced for hours to the intriguing rhythm of Jack Almack and his orchestra. Climax of the evening was reached with the crowning of Miss Bride by El Paso's mayor, Dan Duke.

The Queen and her minions danced

The lobby buzzed

Mayor Duke did the honors

Jack Almack and his orchestra made the music

Objective conversation on the balcony

Delta Delta Delta

BEGINNING EACH SEMESTER, TW sorority lodges take on the atmosphere of a bee-hive during honey season, and the comparison is more or less literal. The furor continues through preferential signing and finally culminates with an open-house night. This is when everyone goes trouping through the various lodges to be introduced to each sorority's new hands.

Three buses headed the football caravan to Albuquerque

Happy faces reflect victory on the way home

Inside the buses, decorum reigned . . . at times

Hundreds of Texas Western Students joined a caravan wending its way to Albuquerque October 21. It was the annual student football trip. The day's festivities included the usual hilarity associated with college students on a carefree spree . . . singing, dancing, parading, eating, cheering. All ended on a note of tired happiness as the TW football team downed New Mexico U. 48-13. Several organizations, including the Band, Gold Diggers, cheerleaders, went and returned by special bus.

Passing the long hours between El Paso and Albuquerque

Time out for a snack, then back to the Lobo hunt

Disembarking at Albuquerque . . . wide awake

Snake-dancing on the NMU campus

The Golddiggers, giving Albuquerque a treat

Loading in the wee hours of the morn . . . still a sleep

A part of the huge bevy of TW womanhood which turned out for the beauty prelims

Poise . . .

SOME SIXTY MINER CO-EDS climbed into their most becoming gowns and paraded in the Beauty Contest preliminaries early in November. All women's organizations were well represented, and many entered independently. After gazing and musing for several hours, the panel of judges finally agreed on fifteen lovelies to fight it out in the finals at a later date.

. . . and grace

Another section of the original sixty at the beauty preliminaries

Not the Chicago fire, merely the Homecoming bonfire

Twentieth century Neros

PAST CAMPUS PERSONALITIES returned to the scene of their four year struggle last November in one of the biggest Homecoming extravaganzas ever carried off at TW. Big clutch in the Homecoming machinery was Sammie Klink, ex in charge of planning the two day celebration. Included on the activity list was a tour of the campus, an informal luncheon, a business meeting, a cocktail party, a banquet, the engineers' breakfast, the big parade, the Homecoming football game, and finally the dance. More gratifying even than the large turn-out of exes was the startling 21-20 defeat the Miners handed the Cowboys of Hardin-Simmons on the gridiron. Beauteous Iris Ashton made an excellent Queen.

A massive floor show

Queen Iris assumed a coy look while trying on the crown.

The Queen, her court . . . and braunny excorts

Halftime ceremonies . . . the Queen got a bouquet and Compton slept

Tri Delta's realistic spider web took first place in lodge decorations

The Delta Gammas went nautical for the occasion

The Queen, court, and a temporary cripple view the game

Beaver crowns the Queen

Tooth-paste ads galore at half-time ceremonies

The Chi-O's had a web and spider too . . . and a fly

The Zeta merry-go-around . . . brought into the open

The winners' circle . . . between halves at the game

TW beauty personified . . . the Queen's float

THE 1950 HOMECOMING PARADE was hailed by all who witnessed it as being doubtless the biggest and most extravagant in TW history. Those who worked countless hours on float construction heartily agreed. Float themes, based on song titles, ranged from "La Vie En Rose" to "Slap Her Down Again Pa." In addition to seventeen floats, the parade contained the TW band, several high school bands, pep and marching aggregations from Hardin-Simmons, and units from several downtown organizations. Chi Omega's huge mobile cake won the sweepstakes prize.

The two-dollab weddin' . . . with a buck and a wing

The seventy-five-center . . . accompanied by insults

Getting ready for the parade of beauties.

The choice circle of Texas Western beauties which survived the December preliminaries of the Flowsheet Beauty contest turned out in all their splendor January 13 for the finals and a formal dance to honor the one among them to be chosen as most beautiful. The fourteen finalists paraded before judges and spectators in formal and semi-formal attire. Judges deliberated and mused and finally designated the beaming face of Melba Pyle as most beautiful at Texas Western.

The finalists rehearsed in the afternoon... each with visions.

Melba Pyle, most beautiful in a formal...

...and a semi-formal.

The finalists—Katherine Beys, Sharon Weatherby, Hilma Greggerson, Joyce Dahlquist, Melba Pyle, Jean Collinson, Patti Mitchum, Marcia Hartford, Nancy Broadus, Jackie Perkins, Paula Miles, (seated) Alma Swisher, Betsy Hudson, Wynell Terry.

The bronc seemed docile at times

All they needed was a horse

The snow storm had "ranch hands" three deep at the coffee bar all day

WESTERN DAY this year might have been more aptly referred to as Northern Day. Several inches of snow fell the preceding night, and continued throughout the morning. However, students turned up in their Western trappings, and the spirit of the occasion prevailed. Many classes failed to meet due to the bad weather and as a result business was brisk at the coffee bar. Zingy Western music resounded throughout the Student Union Building all day. Several groups took advantage of it and stomped out a square dance or a fast schottish. Many hardy cowhands tried to ride the "Kitts Bronco" and nursed a bruised posterior for their efforts. All in all, the event was hailed as a success in spite of the weather bureau's double-cross.

Bridge-playing cowboys

and finally designated the best Texas Western.

The finalists rehearsed in

Everything but the horse

The symbolic guitar poured out endless Western refrains

The girls tried too

All around your left-hand lady

The bronc seemed docile at times

Little Joe had to eat . . . even when it snowed

All they needed was a horse

Part of the bevy of models

... and that one ...

"I want that one ..."

... and that one ...

EAGER TEXAS WESTERN coeds turned out in droves for the annual spring-term style show, and sighs of "I want that one" were heard throughout the evening. Models for the affair were furnished by the various sororities, and apparel was loaned by a leading downtown dress shop. The fact that the function was held on George Washington's birthday held no particular significance, except for the truthful "no" extended by boy friends and husbands.

... and that one."

A formidable fort of paper with stove-pipe cannons

POTENTIAL ARMY OFFICERS at Texas Western displayed that soldiers are quite social-minded this year as the ROTC unit threw a lavish military ball in the Student Union Ballroom. Decorations, in a military theme, were outstanding down to the anti-aircraft mount on the front steps of the building.

The "Wac Corporal" gets dressed up

A pre-flight check

Spanish Flavor in Our Food

Features

SPAIN financed an expedition to search for a shorter route to the table spices of the Orient. The expedition failed, since that route was not discovered, but the Spaniards explored the new-found world, bringing with them the traditional food of Spain: beef and garlic, olive oil and wine, and a hundred more. They found Aztecs eating chili and tomatoes and chocolate.

As early American hunters in the Rockies — the mountain men — approached New Mexican settlements, they would meet hunters who had come out on the plains from Taos or Mora or Las Vegas to kill buffalo. The Americans, after weeks of living on dried meat or salt pork, were eager to taste the tortillas and spices of the *ciboleros*. Today Spanish foods are a part of our daily lives in the Southwest, and their fame has fanned out over the entire nation.

JOHN ROBERT POWERS
AGENCY CORP
247 PARK AVENUE NEW YORK CITY 17

January 5th, 1951

Mr. David Cohen
Editor, 1951 "Flowsheet"
TEXAS WESTERN COLLEGE
El Paso, Texas

Dear Mr. Cohen:

It has been a great pleasure to judge the beauty contest for your 1951 "Flowsheet." The photographs of the candidates, which you submitted, were all so attractive that I found it difficult to make a decision. It was also difficult to make my selection without seeing and talking to each contestant.

The winners, numbers 15, 1, 18, 4 and 5 were selected on the basis of personality, character and intelligence, as well as for natural beauty. My choice was influenced, of course, by my great interest in and admiration for the Natural Girl.

If the contestants are ever in New York, it would be a pleasure to meet them. With best wishes to the contestants, to the staff of the "Flowsheet" and to the students of TEXAS WESTERN COLLEGE, I am

Sincerely yours,

John Robert Powers

WHO'S WHO IN AMERICAN COLLEGES and UNIVERSITIES

THIRTY-TWO of Texas Western's outstanding students gained the distinctive brand of Who's Who in American Colleges and Universities this year. Only graduating seniors were considered for the honor. They were selected on the basis of leadership, participation in extra curricular activities, scholarship, cooperativeness, and future usefulness to their profession or society as a whole. An eighteen-man faculty board struggled for two days to pare the number of eligible students down to thirty-two, the maximum quota set by the publishers of Who's Who. Those named received a scroll and key, and will receive a copy of the 1950-51 Who's Who manual upon completion.

DONALD WINSOR

MEN

OF

MINES

TEXAS WESTERN conferred one of its highest honors on twenty senior men mid-way through the fall semester. That honor was membership in the college's most coveted society, Men of Mines. Qualifications for admittance include, aside from the necessity of being a graduating senior, having a definite and proven ability in one's chosen field, and possessing the quality of leadership combined with the ability to cooperate and work with others. The men named were painstakingly selected by a nineteen-man representative faculty committee. As Men of Mines is a distinctive honor reserved for outstanding men who have attended Texas Western for a minimum of three and one-half years, no transfer students were considered.

The Influence of Language

Fraternities & Sororities

THE conquistadores and the missionaries who accompanied them gained victory not only by the sword and cross but by language as well. On the Iberian Peninsula of Europe Castilian absorbed the Asturian-Leonese and Navarro-Aragonese languages, and gradually its authority extended beyond the geographical limits of Old and New Castile.

Today the imprint of Spanish is to be found on every side in our Southwest — in the names of places, of rivers, of people, of food, of land, formations, and of countless other things affecting everyday life. The result is a richer language than can be found in any other part of the nation.

THE PANHELLENIC COUNCIL serves as a governing body for all Greek-letter sororities at Texas Western. Membership is comprised of the president and rush chairman of each of the school's national sorority chapters. In addition to its legislative duties, the group strives to foster friendship and cooperation among the various sororities, and to promote the college and attract desirable girls. Strict adherence is demanded to the national Panhellenic code of ethics which sets forth that it is beneath the standards of fraternity women to speak disparagingly of another fraternity or college woman.

THE INTER-FRATERNITY COUNCIL was created in order to promote the interests of the college, to promote cooperation and understanding among the school's fraternities, and to insure smooth Association between fraternal organizations and the college. The main legislative concern of the Council is the passing of regulations to govern pledging and rushing activities. The group, with two representatives from each social fraternity on campus, meets regularly every other Tuesday.

Alpha Phi Omega is known on campus as the oldest social organization to be founded here. It was organized in 1919, and has mainly been a fraternity for students in the engineering profession.

Their initiations are perhaps the most vivid of any fraternity on campus, featuring comic dress of all descriptions. The St. Patrick's Day celebration, with the beards as a main feature, is another of their distinguishing factors.

One of the oldest national fraternities but a comparatively new chapter at Texas Western is Kappa Sigma. They are continuing each year to progress and each year sees new heights attained in their growth.

Kappa Alpha Chi, former local fraternity, was founded as Epsilon Xi chapter of Kappa Sigma in 1949. This was the first step in their long line of development.

The national fraternity itself was founded at the University of Virginia in 1869.

Another of the active local fraternities which entered into a national group was Rho Sigma Tau, which joined the ranks of Lambda Chi Alpha in 1946. At the time of their founding, they were given the name Zeta Epsilon chapter of Lambda Chi Alpha, and were recognized as being the '114th chapter to be installed.

Since their founding here, they have taken an active part in campus activities and have set a fine example as a chapter of the large national fraternity.

Boston University was the original founding place of the fraternity in 1909.

Texas Western saw another founding in 1949, that of Gamma Gamma chapter of Tau Kappa Epsilon. Since that September day when Gamma Sigma, local group, was installed as Tau Kappa Epsilon, the organization has made a fine start in developing its place among the other fraternities.

In its short membership here, the Tekes have contributed many leaders to the social life of this college.

Gamma Gamma chapter is destined to be a real credit to the national organization which was originally founded in 1899, at Illinois Wesleyan, Bloomington, Illinois.

Zeta Beta Tau County entered the official circle of national fraternities in 1950, but their activities were long remembered before its official founding. The local group, Mu Delta, was the predecessor to this national chapter of Zeta Beta Tau.

Members of this fraternity have been leaders in campus activities for many years.

The original founding of the national group dates back to 1898, when the first chapter was installed at the Jewish Theological Seminary, New York City.

AWARDS

Won by Fraternities and Sororities

Steve Dukkony, President of Phi Kappa Tau, displays the Sing Song and Bowling Trophies won by his group.

Dan Foster, President of Sigma Alpha Epsilon, holds the Intramural and Tennis Trophies won by the SAE's.

Dave Cohen, President of Zeta Beta Tau Colony, is shown with the Scholarship Trophy awarded to his fraternity.

Pat Center, President of Chi Omega, and Mona Sargent proudly display the Sing Song, Sportsmanship, Intramural, Scholarship, and Homecoming Sweepstakes Float Trophies awarded to their sorority.

Anita Vogelpohl, Treasurer of Zeta Tau Alpha, displays the 1st place Float trophy won by her group during Homecoming.

Nancy Allison, President of Delta Gamma, holds the 2nd place Homecoming Float and best Western Float Trophies won by the DG's.

Ginger Harris, Vice-President of Delta Delta Delta, is shown with the Best Lodge Decoration Trophy awarded during Homecoming.

Architecture in the Southwest

Fine Arts

THE Spanish colonists were builders. No part of our culture is so definitely a part of our Spanish heritage as the architecture—its influence is seen on every side.

A temporary mission structure was built by the Mansos Indian converts of Fray García de San Francisco y Zúñiga, who saw the importance of a permanent mission at El Paso del Norte, the gateway to the northern provinces. This structure was finished in 1668 and may be visited today in Ciudad Juárez. Many buildings constructed by the Franciscan Friars are still standing all over the Southwest — beautiful testimony of excellent design and superb workmanship, and that the faith and works of these men of God have stood the test of time.

ALPHA ALPHA NU Chapter of Kappa Pi, honorary art fraternity, was formally installed at Texas Western in May, 1949. Mrs. Emily B. Anderson, national president, made the journey to El Paso to supervise the chapter's dedication. Twenty-two charter members took the pledge. Kappa Pi at Texas Western has served to bring art majors into closer union and cooperation. Several notable art shows have appeared here under the organization's sponsorship.

Left to Right: Norma Godwin, Martha Stanley, Bill Snelson, Joy Maxwell, Carolyn Wright, Miss Wise.

Breathing life onto drab canvas

THE STUDIO LABS of Cotton Memorial provide a workshop for creative-minded students at Texas Western. There future geniuses of the art world strive to put their inner feelings on canvas. Others more commercial minded, learn the art of advertising.

An inspired creation gets the final touch

Lettering is an art in itself

Long hours of practice lead to perfection

THE GENTLE STROKE of the brush, the more pronounced action of the sculptor's mallet and chisel, mingled with the whir of the potter's wheel and the tapping of the silversmith . . . all are a part of the creative scene at Cotton Memorial. Students lovingly put in long hours on their latest "masterpiece," and are constantly picking up techniques of the profession from conscientious and patient instructors.

Applying the final touches

The sketch pad . . . standard equipment

The spacious galleries of Cotton Memorial were host to many excellent art shows throughout the year.

PAT CENTER, *Treasurer*

ALPHA PSI OMEGA is the result of the great interest taken in the educational theatre by universities and colleges during the past twenty-five years. The high quality of work resulting from the little theatre and dramatic workshop idea, early made obvious the need for a national organization to help furnish incentives for participation, and to provide information and intercollegiate contacts. To provide these services, Alpha Psi Omega was founded in 1925 as a national honorary dramatic fraternity to recognize and reward all phases of student participation in college play production. Alpha Psi Omega is the largest national college organization in any departmental field with 230 college chapters.

COLLEGE PLAYERS, as an organization, did not make much of an impression at Texas Western until 1949. That year, under the able direction of Milton Leech, the group commenced producing two plays a year. Their presentations were all hailed as successes, and the Players had made a name for themselves. This year Mr. Leech, aided by Edward DeRoo, doubled the schedule and four plays were produced . . . and again all were vibrant successes. This organization, with new and more suitable facilities available with the completion of Magoffin Auditorium, is scheduled to rise higher and higher into the zenith.

First Row: Mary Lou Roche, Marjorie Zabriskie, Joan Cook, Louisa Vasquez, Lupe Vasquez, Doris Tickell, Carol Conklin, Jeanne Herrick, Sharon Weatherby, Paula Miles, Jane Piatt, Jackies Perkins, Ellen Wafer. *Second Row:* Betty Perlmutter, Harriet Ross, Claudia Whitefield, Joan Carey, Mr. Leech, Hollis Reynolds, Mr. DeRoo, Carolyn Blaugrund, Donnie Measday, Mary Lou Spittler, Mona Bearden. *Third Row:* Julianne Oden, Doris Hurt, Hilma Greggerson, Howard Greenlee, Joan Tafoya, Dave Pringle, Barbara McWilliams, Bryce Campbell, Pat Center, Dick Cree, John Fatheree, Jay Best. *Fourth Row:* Claudette Maynard, Mary Margaret Webb, Harriet McDonald, Jean Surratt, Joyce Reynolds, Don Winsor, Audian Paxson, Niles Bean, Duane Juvrud. *Fifth Row:* Carolyn Waugh, Bob Crawford, Pat Grant, Jim Winters, Peppy McKinney, Steve Dukkony, Alan Rash, Bob Vickers.

Well! How do you like it?

Well! How is your poor skinny wife?

I had no idea Papa'd get so violent about . . .

All I need is a drink!

College Players' first production of the year was the late Broadway hit "Happy Birthday" by Anita Loos and was directed by Edward DeRoo. The play is set in the Jersey Mecca Cocktail Bar in New Jersey. The story centered around a meek librarian (Jane Piatt) who had never been inside a bar nor even near liquor. She, however, has a father who indulges freely (Niles Bean). In the process of hunting for Papa, daughter gets caught in the entanglement of lives at the Jersey Mecca. She finds a couple (Bryce Campbell and Tommie Lou Brown) who are trying to get rid of one wife to take one another. The librarian also manages to break into a nice couple's romance (Duane Juvrud and Joan O'Sullivan) and win the gentleman as her first love. "All's well that ends well" as the saying goes, and so went the successful production.

I'm not in a place like this from choice, Mr. Malone.

I don't suppose you'll be reporting this brawl?

The trouble with you is you think too much.

Every Sunday ought to be like this.

Don't sniff around me!

You've got to be a little better because of that.

The second production by College Players, done "in the round" was "All My Sons" by Arthur Miller and under the direction of Milton Leech. The play, which won the New York Critics Circle Award, concerned the life of a man who had manufactured faulty airplane motors, the son who died in an airplane crash in the war, the son left at home who is ignorant of the faulty motors and the dead son's sweetheart. The play reached a peak of excitement when the sweetheart falls in love with the remaining son, only to be condemned by a mother who can only feel her son is still alive. The father also confesses to his son about the motors. The rift caused by this confession causes the boy to leave home and the father kills himself in his guilt and grief. The cast included Pat Grant as the mother; Niles Bean as the father; Hollis Reynolds as the son; Joan Carey as the sweetheart and Jim Winters, Don Winsor, David Pringle, Joan Tafoya, and Harriet Ross in the supporting roles.

One look at a girl and he takes her temperature.

He simply told your father to kill pilots and covered himself in bed.

You know what I judge to be the trouble with you? Inferiority complex.

Laura, come here and make a wish on the moon.

I've never danced in my life.

"Glass Menagerie," by Tennessee Williams is a famous modern drama which was a hit on the New York stage as well as on the road and many foreign countries. "Glass Menagerie" is the drama of a faded poverty-stricken remnant of the courageous South, Amanda Wingfield, who lives in a dingy apartment in St. Louis. This part was portrayed by Doris Tickell. Amanda lives with

Rehearsal shot—A toast to the old South.

... made out of glass... the tiniest little animals in the world.

her son Tom, played by John Sawyer, and her daughter, Laura, who was Tommie Lou Brown. A gentleman caller was portrayed by Duane Juvrud. Amanda strives to give meaning to their lives but her methods are ineffective and finally drives her son to distraction. He and Laura seek escape by living in an unrealistic world of their own. Through a series of incidents Amanda's and Laura's world of illusions crashed about them and Tom finally leaves home.

THE SOUND AND THE FURY

BERNARD SCHWARTZBACK, *Secretary*

TOM WINDORF, *Treasurer*

KAPPA KAPPA PSI, national honorary band fraternity, came to life on the campus of Oklahoma A and M in 1919. It was founded by a group of men who decided that numbers alone could not make a desirable organization, but that such ingredients as fellowship, goodwill, understanding, and a desire to establish unity in an organization were necessary. With these thoughts in mind, they petitioned the Commissioners Court of Oklahoma, and a charter was granted. Immediately a flood of requests for association were received from colleges and universities all over the nation. And so the fraternity grew. Kappa Kappa Psi was installed at Texas Western in April of 1947 and is at present one of the most respected honorary organizations on campus.

WYNELL TERRY, *Vice President*

BETTY JEAN CASS, *Secretary*

MELBA ESPERSEN, *Treasurer*

TAU BETA SIGMA was founded as a local girls' band organization at Texas Tech in the fall semester of 1939 by a group of band women who felt that the growing number of girls in college bands brought about a need for a sorority based on the same principles as Kappa Kappa Psi, honorary fraternity for bandsmen. Its purposes were to promote band work among college students; to encourage musical ability and cooperation in musical organizations of colleges and universities; and to help new members of the band adjust themselves to new environments when entering college. On March 6, 1946, a charter was granted to Tau Beta Sigma, national honorary sorority for bandwomen.

Bandsmen help the Community Chest drive

The University of Arizona got a "hello" from the band

BAND REVIEW

A salute to the Navy

All it lacked was the presents underneath

Extending the welcome mat to Texas Tech

It was Bracey at the Sun Carnival street dance

A band's-eye view of a big stomp

Maestro Johnny Bracey

JOHNNY BRACEY AND HIS ORCHESTRA

"GET JOHNNY BRACEY!!" This is the command given to dance committees at Texas Western when social functions are in the planning stage. Johnny and his ten-man rhythm crew don't restrict their talents strictly to the college either. The outfit is in constant demand throughout the El Paso Southwest, and is hailed as one of the better musical aggregations of the section.

*First Row: Johnny Bracey, Harold Shoppach. Second Row: Tom Schat-
tenberg, Tom Jeffries, Joe Cervelloni, John Hardy, Phil Stoner. Third
Row: Ollie Raymond, Bob Booth, Lee Morton.*

First Printing in America

Publications

IN 1539 the first book was printed by the Spaniards in Nueva España. Printer Juan Pablos did the work on a press in Mexico City. Viceroy Antonio de Mendoza was interested in the project, and Fray Juan de Zumárraga, first bishop, was the patron of the press.

The first books printed were primers for the instruction of the young, although the direct purpose of the enterprise was to print religious books in native languages. Spanish explorers, soldiers, clergymen and colonists undoubtedly brought the first books north of the Rio Grande, and were responsible for the first written history of our Southwest as they composed their reports back to the King of Spain.

El B

El Burro moved along at a steady clip during the year, hitting a peak with their parory of Flair Magazine, rioting and resplendent with gate-folds, half-pages and hole in the cover.

The magazine took advantage of photo-offset to make itself both arty and picturesque, and for the first time color was introduced into its pages. Board of Review members Nancy Broaddus, Delo Kimmel and Larry Wylie functioned to select best short stories for readers' entertainment, and Artists Pat McCormick, Joan McDaniels, Audian Paxson and Ray Strieby furnished illustrations.

Staff: Nancy Walker, Wanda Walker, Pat Center, Joyce Gatewood and Ray Strieby.

BURRO

"Reflecting the Collegiate Panorama at T.W.C."

Editor R. Neal Richards, who held the reins during the first semester, and Business Manager Leslie Turner acted as a two-man staff turning out the first El Burro to be distributed during fall registration week.

Spring semester co-editors Linda Hassel and Dee Hubbard moved into the saddle, serving as the first dual feminine editorship since the magazine's inception.

With scissors and paste jars, El Burro continued to be the best student magazine on Texas Western campus.

Society Editors

J. J. MIDDAGH, *Faculty Sponsor*

AT TIMES THIS YEAR, The Prospector transcended its moral duty as an assayer of student opinion and broke forth in a swirl of gaudiness that would have made old William Randolph Hearst slyly wink approval. The editor was blessed with a sparse but extremely talented crew of workers . . . whose first love was The Prospector. Due to this relatively small force of aspiring journalists, the midnight oil was seen to burn two or three nights a week in the campus news room, a fact which served to produce a close-knit organization and a resulting well-done job. Several editorials and columns caused mild explosions . . . but editors accepted them as necessary effects of a cause. Though the paper had its ups and downs, the overall picture was tinted with success.

Spanish System of Metallurgy

Organizations

THE Spaniards braved the Sea of Darkness in pursuit of gold, following in their ships legendary stories of crystal-clear rivers flowing over golden sands. On land they struck out into cruel, nameless desolation in search of the shadowy, ever-distant Seven Cities of Cibola — where gold was as commonplace as mud, where one entered buildings through gem-encrusted portals.

The New World did not yield riches in the proportion and form the Spaniards hoped for, but there were precious metals. In 1537 at a silver mine high in the inland range of the Sierra Madre Oriental, Bartolomé de Medina discovered the "patio" process of reducing silver ores by quicksilver amalgamation. Medina's old *hacienda de beneficio* can still be seen at Pachuca in Mexico. Mule power and Indian labor were used in this new "made in America" process.

MARLIN HAINES, *President*

MR. HICKS, *Sponsor*

ALPHA EPSILON RHO, national honorary radio fraternity, was granted a charter at Texas Western in 1948. Its main purpose is to encourage and recognize outstanding radio achievement among college students. Requirements for membership include excellent scholarship, a genuine interest in radio as a profession, active participation in the operation of the college radio station, and adherence to regulations and principles of the national organization.

Jerry Moss, Jeannine Ponder, Mr. Hicks, Marlin Haines, Bonnie Cathey, Albert Islas.

SCOTT THURBER, *President*

GLORIA LEON, *Vice-President*

FANNIE CHOW, *Secretary*

DAVE COHEN, *Treasurer*

SCOTT THURBER, *President*

MR. MIDDAGH, *Sponsor*

ALPHA PHI GAMMA is composed of the college's aspiring newspaper and advertising men and women. Membership is open to anyone who has served well on any of the three publication for at least a year. Highlight of the group's calendar of activities is the achievement award banquet at the year's end. At this function deserving senior journalists receive awards and a certificate of journalistic distinction is bestowed by the fraternity on an outstanding professional man or woman of the area.

GLORIA LEON, *Parliamentarian*

IN SEPTEMBER, 1949, some forty chemistry and chemical engineering majors at Texas Western joined the more than 62,000 members of the American Chemical Society in the form of a student affiliate chapter. With the charter duly signed and sealed, members enjoyed guest speakers, field trips, and a dance throughout the year. At the beginning of the current school year, the small nucleus of character members remaining worked long and hard signing new members and laboring on projects. Their efforts paid off, and the chapter has enjoyed a healthy membership all year and chapter projects have been carried off to perfection.

First Row: Frank Lane, Julia Grado, Raul Gonzalez, Gloria Leon, Dr. Lake. *Second Row:* Rodolfo Arciniega, Dr. Hancock, Salvador Calderon, Sidney Moore, Bill Beam, Larry Nickey, Lee Wade. *Third Row:* Lee Morton, Charles Combs, Earl Whittington, Alex Duran, Henry Szurgot, Robert McMasters, Enrique Salas-Porras.

ASSOCIATION FOR CHILDHOOD EDUCATION INTERNATIONAL

DAVID PROCTOR, *Secretary*

EDWARD GONDER, *Treasurer*

A STUDENT CHAPTER of the American Institute of Electrical Engineers was established at Texas Western in May, 1948 under the sponsorship of Floyd A. Decker, professor of engineering. The principal purpose of the local chapter is to function as an organization under the auspices of the national organization which in turn is dedicated to aiding the progress and development of students. This aid is accomplished by affording opportunities for students to carry on activities similar to those of the mother organization. Typical of these is the holding of meetings, presentation and discussion of papers, and participation in inspection trips to sites of engineering interest.

First Row: David Proctor, Fernando Fuentes, Tom Jones, Mr. Floyd Decker, John Gilewicz, Joe Salazar, Arthur Breeden, Ralph Green. *Second Row:* William Reagan, Arnold Snowden, Noel Longuemare, Frank Reed, Peter Baehr, Edward Gonder, Robert Gallardo, William Raymond, Charles Kleiner, Fred Sheets. *Third Row:* William Joy, Eddie Wheeler, Armando Flores, Jeff Reynolds, Jack Munn, Roy Anderson, Arthur Gilles, Edmundo Cornejo, Raul Ruiz, Sebastian Lopez.

AMERICAN SOCIETY OF CIVIL ENGINEERS

FRED QUILLEN, *President*

DANIEL FARRIAS, *Vice-President*

CARLOS BLANCO, *Secretary*

FRANK SMYTH, *Treasurer*

THE LOCAL CHAPTER OF ASCE was formed in 1948 with twelve men forming the charter group. During the short interim since then the organization has more than tripled, and is recognized as one of the more outstanding and progressive honorary groups on campus. Composed of students majoring in civil engineering, the chapter's aims are to afford members opportunity to become better acquainted, to promote a spirit of congeniality, to familiarize them with topics of interest to civil engineers, and to foster the development of the professional spirit.

THIS YEAR MARKED the fifth anniversary of concretely organized Baptist Student Union activity at Texas Western. The local chapter was formed out of the annual student retreat at the First Baptist Church of El Paso immediately preceding convening of fall term, 1946. The purpose for founding the chapter was to provide a link between Baptist students on campus and local Baptist churches. A magnificent Baptist Student Center was erected on campus in 1949. Much of the success of this project is credited to the untiring efforts of Professor T. G. Barnes. Membership in the organization is open to all students who belong to some local church.

Spanish Military Might

Military

DURING the Indian revolt of 1680 all the Spanish colonists were either slain or forced to flee the country. Most of them took refuge at El Paso del Norte, just south of the Rio Grande.

In 1692 Don Diego de Vargas made a successful entrada and reconquest of New Mexico. De Vargas, representing the military power of Spain in the new world, was a soldier of extraordinary energy and talent. With a force of less than 300 men he permanently broke the rebellion and left the province quiet for the subsequent 122 years of Spanish rule. The expedition's armament included cannon, probably the first artillery in the Southwest—where at Fort Bliss one of the world's greatest antiaircraft artillery centers is now located.

TEXAS WESTERN ATHLETICS

Mike Brumbelow took the helm as head football coach and athletic director at Texas Western in July, and faced the toughest football schedule in the history of the college. Of the 11 games carded, the Miners were expected to lose five. The initial game seemed to bear out the pre-season predictions as the Miners were slaughtered by Cincinnati, 32-0. Then the Westerners dealt the New Mexico Aggies their annual drubbing 40-0, and mauled a favored Idaho the next week. When Western tripped favored Arizona in their next outing, fans began to wonder at this quiet man who had taken on such a tough job. When the season ended and the smoke of battle cleared, the Miners stood with a seven won, three lost record. The losses were to Cincinnati, Texas Tech, and West Texas, all powerhouses. But among the Miner victims lay Hardin-Simmons, Idaho, Arizona, and West Virginia, all powers to be reckoned with. The patient given up for dead has taken on new life, under the guidance of Mike Brumbelow and his capable assistants, and the future of Texas Western athletics looks bright.

TEXAS WESTERN 0

CINCINNATI 32

Cincinnati, Sept. 16 — With only a couple of weeks of practice, the Texas Western Miners travelled to Cincinnati to meet the highly-touted Bearcats. Coach Sid Gillman's charges treated the visiting Orediggers roughly and the tough Bearcat line repeatedly broke up the Western running plays. The 'Cats began their scoring in the first six minutes of the game with a 41 yard run on a quick-opening play. With only four minutes remaining in the first half, Cincy Quarterback Gene Rossi tossed a paydirt heave to End Jim Kelly. In the second half, the Westerners showed the future promise of a great line by making two goal-line stands. With the Miner line checking the ground plays, the 'Cats took to the air and scored two more tallies. The final Cincinnati count came on a spectacular 45 yard run by Halfback Bob Stratten. Lack of coordination in getting off plays and poor downfield blocking were spotted as the main Oredigger weaknesses in their 32-0 season-opener loss.

TEXAS WESTERN 40

NEW MEXICO A & M 0

Kidd Field, Sept. 23 — A vengeful Western team took the field against their traditional rivals, the New Mexico Aggies. 7000 home fans saw the Miners, still smarting under the Bearcat clawing, tear the helpless Farmers 40-0 in their home debut. Before four minutes of the first period were over, the Miners bruising ground attack carried from their own 33 for a score. TWC's line plunging half-back, Pug Gabrel, alternated his carrying with assists from McWilliams and some timely passing by Brewster to score the first touchdown. The Aggies punted the ball after losing on downs and the same Oredigger passing-running combination proved good for another counter. Lee Cargile scored on a 32 yard run with good downfield blocking. Aggie Bill Bass intercepted a Western toss to halt another TWC drive but the half found the Orediggers on the Aggie one-foot line. The Miners came back to score three times in the third period on runs by Cargile, Gabrel, and a payoff pass from Brewster to Hammond. The fourth quarter was a punting duel with TWC's John Connell getting off some nice boots. An Aggie punt was returned 56 yards by Tom Steele for a score to climax the initial Miner victory.

COACHING STAFF, left to right, Dale Waters, Granville Harrison, Roland Nabors, Mike Brumbelow, head coach, Ben Collins, Ross Moore.

TEXAS WESTERN 48

NEW MEXICO 13

Albuquerque, Oct. 21 — The New Mexico Lobos surprised the Miners by scoring in the first two minutes of play, but that was the only time they were in the game. The Westerners struck back in three plays for a TD and Davis' placement put them ahead in their 48-13 victory. Pug Gabrel broke over center from the 23 for the first score, and added another from the four. Tom Steele swept end for 51 yards and the third marker, and scored again on a 25-yard sweep. McWilliams passed to Jim Walker to end the first half scoring, with the Westerners holding a 35-6 edge. The Western passing attack was successful in the battle as three quarterbacks completed 17 of 31 tosses for 153 yards. The alert Miner pass defense contributed to the runaway. A total of seven Lobo heaves were stolen, with Campbell, Hammond, and Roland gathering in two each, and Brewster taking the other.

TEXAS WESTERN 7

TEXAS TECH 61

Lubbock, Oct. 28 — Texas Tech took the scrap out of the Miners by stopping a drive on the goal line, and went on to run up a 61-7 victory over the visiting Westerners. A Miner ball-carrier fumbled as he hit the line, climaxing a march the length of the field, and Tech recovered to halt the threat. The Miners weren't in the game after that. Tech completely dominated the entire encounter, running up 16 first downs to 12 for the Miners, 290 yards rushing to 263 for Western, and 149 yards through the air while holding the Miners gainless. So bottled up was the Western air game, that three of their tosses were intercepted, and only two were completed, for no gain. Western's lone score came on a 76-yard end run by Tom Steele in the fading minutes of the fourth quarter.

COACHING STAFF, left to right, Dale Waters, Granville Harrison, Roland Nabors, Mike Brumelow, head coach, Ben Collins, Ross Moore.

TEXAS WESTERN 12

WEST TEXAS STATE 40

Kidd Field, Nov. 4 — West Texas State brought its Thundering Herd to Kidd's pasture and trampled the Miners 40-12. The passing of Gene Mayfield, the sprinting of Bill Cross, and the line-smashing of Charley Wright proved too much for the Miners, who were beset with injuries. Bill Chesak, Jimmy Hammond, and Pug Gabrel were missing from the Miner backfield, and they were sorely missed. The Miners played one of their best games against the Buffs, the best team they had met all season, but the West Texas powerhouse wasn't to be denied. Western scored first on a short plunge by Tom Steele, after the Miners had come from their own 41 on Brewster's passing and the short gains of McCraw and Steele. The second Miner TD came after Tom Steele took a pass from Brewster and sprinted to the Buff five. The refs ruled that he stepped out of bounds on the WT 47. A few plays later Brewster tossed to McWilliams for the score.

TEXAS WESTERN 21

HARDIN-SIMMONS 20

Kidd Field, Nov. 11—Trailing 14-20 in the final period, Western scored on a pass from McWilliams to Connell that carried to the one, and McCraw's smash over center. Jim Davis kicked a perfect placement to give the Miners a one point edge that was the margin of victory. Ace Cowboy passer John Ford began throwing desperation aerals but found the Western line on top of him every time he faded, and the Cowboy attack fizzled. The Westerners were in top form in taking their first win over the Cowboys in 17 years. Their rushing offense was tops, with McCraw and Hammond tearing the Cowboy line to shreds. Blocking was at the season peak to pave the way for ball-carriers. Western scored on McCraw's 30-yard gallop in the first period, and on Hammond's four-yard smash in the third for their other counters.

COACHING STAFF, left to right, Dale Waters, Granville Harrison, Roland Nabors, Mike Brumbelow, head coach, Ben Collins, Ross Moore.

TEXAS WESTERN 48

WEST VIRGINIA 7

Kidd Field, Nov. 25—The win over Hardin-Simmons gave the Westerners new fight, and they pushed beefy West Virginia all over the field to smash out a 48-7 victory. The combined air-ground offense totaled 638 yards, highest single game offense for the season. The air offense clicked to perfection, with McWilliams passing to Connell for two TDs. In their final home game for TW, McCraw, Hammond, and Cargile turned in a great offensive show. McCraw scored one TD and turned in long runs to set another. Hammond scored twice for the Miners, once on a 90-yard jaunt, and the other off tackle for 20 yards. Cargile turned in consistent long gains to pace the Western ground attack. Bill Chesak threw a key block to clear the path for Hammond on his 90-yard scoring jaunt, and the timing and blocking of the entire squad was terrific. The Miners picked up a 14-7 halftime lead on scores by Connell and McCraw, and turned loose their lightning in the final half. Hammond scored twice in quick succession, McWilliams tossed another touchdown heave to Connell, Chesak tore through the WVU line for another, and Steele ended the scoring with a line smash just before the final gun.

TEXAS WESTERN 46

HAWAII 13

Honolulu, T. H., Dec. 1—After a tough season, the Miners were treated to a vacation in Hawaii, with all its exotic foods, flowers, and women. While they were there, the Miners played the University of Hawaii Rainbows and won, 46-13. In this game the Miner passers had a field day, with Bill McWilliams tossing four touchdown heaves and Brewster another. McWilliams started off the scoring spree with a pass to End John Connell after two minutes were gone in the first period. In the second period McWilliams passed to Hammond for another marker and in the third period one each to Connell and Jim Walker. Brewster tossed a payoff heave to Connell with only 25 seconds remaining in the game. Other touchdowns were scored by Tom Steele on a line plunge and Hammond on an end sweep.

FRESHMAN SQUAD, Front Row: Johnny Kipp, Ray Heard, Jack Gibson, Ben Parrish, Howard Greenlee, Billy Joe Todd, Sammy Fields. Second Row: Billy Bob Plumbley, Franklin Eugene Gilmore, Charles Clover, L. W. Harvey, Ronald Gubis, Ronald Maroe, Bobby Dirmeyer, Dick Shinaut. Third Row: Granville Harrison, assistant coach, Fred Villalba, Jr., Gerald Baker, Olin S. Ragland, Pat Drumm, Gene Odell, Harris Cantrell, Paul Stuechler, Tony Lama, Billy Rex Johnson, assistant coach, Ross Moore, coach. Back Row: J. Mack Adams, Bill Reese, Donald Hoskins, Jim Agee, Gaston Walker.

Texas Western Grubstakers

The Texas Western Grubstakers opened their season with the Arizona Wildkittens, and wound up on the short end of a 35-14 pasting. The first time the young Miners received the ball Bill Plumbley fired a pass to Dick Shinaut for a TD to give Western a 7-0 lead. In the second period the weight and numerical superiority of the Arizona squad, which had recruits from as far as the Midwest and Canada enjoying the Arizona sunshine and greenery, began to wear down the 'Stakers. The Grubstakers rallied briefly for a score on the running of Hamilton and Baker, with Hamilton punching it over.

At Las Cruces the junior Miners scored their first win, over the New Mexico Aggie fresh 24-6. Pat Drumm scored on an end run which climaxed a long drive for the first tally, Don Hoskins scored two more TDs, and Jim Agee tossed a payoff pass to Dick Shinaut for the final counter.

In their final game, the frosh squad came up against a heavier, more experienced Odessa Junior College team and were slaughtered by a count of 59-0.

Basketball . . .

Left to right: Coach Dale Waters, Donald Shaw, Wayne Ford, Gerald Rogers, D. W. Harkins, Clarence Burnham, Buddy Travis, Bill Basden, Billy Rex Johnson, Dick Myklebust, Hugh Cardon, Merrill Autry.

The 1950-51 edition of Texas Western basketball was alternately red-hot and not-so-hot. When the Miners were hot, they swept aside all opposition, but only 10 times in a 25-game season did they generate the proper temperature. In the four-team Sun Bowl Tournament, the Miners came in fourth. In the Border Conference, they came in next to the cellar. But in spite of the setbacks, the Miners provided a thrilling season for the fans. Gerald Rogers, center, was second in conference scoring honors with 450 points and received All America honorable mention.

FRESHMAN BASKETBALL

In his 1950-51 squad, Coach Ross Moore came up with one of the better freshman teams in recent years. His squad exhibited a terrific floor game, with plenty of polish and poise, and his sharpshooters were accurate from the floor and under the basket.

Over the season, the Grubstakers acquitted themselves well. They fared exceptionally well against conference opposition in the freshman division. Local high schools, army and air force teams also fell before the junior Miners.

With so many top performers on the frosh squad, the prospects for the varsity team in the future have brightened.

ROSS MOORE, *Coach*

1951 TRACK SQUAD. Left to right, front row: Vernon Haldeman, Ralph Brewster, Dick Shinaut, Bobby Dirmeyer and Javier Montez. Back row, Coach Dale Waters, T. W. Harvey, Noel McCormick, Hugh Cardon, John Birkhead, John Connell and Bill Basden. Not shown: Lynn Mullins and King DuClos.

TRACK

Although hampered by a small squad, the 1951 Texas Western track team was the best produced by the College in several years.

Setting the pace for the thinly clad was Javier Montez, one of the top mile-runners in the nation. Holder of the Border Conference record in both the mile and two-mile, Montez and other team members competed in the West Texas Relays, Texas Relays, Arizona Relays, Drake Relays, and Kansas Relays. The Miners, coached by Dale Waters, hit their peak in the Border Conference meet.

John Connell proved to be the workhorse of the team by competing in five events and at the same time became the only athlete to win letters in the three major sports during 1950-51.

WOMEN'S INTRAMURAL SPORTS

UNDER THE CAPABLE guidance of Kathleen Craigo, instructor in physical education, and Fannie Chow, student director of women's intramurals, the co-ed sports program functioned with an efficiency previously unknown. Adding to this efficiency was the creation of the Women's Intramural Council. The Council consisted of two representatives from each women's organization on campus. The panel's purpose was to decide on the year's agenda, and to pass rulings on situations not covered in the rule book. Included in this year's sports program for women were tournaments in volley ball, ping pong, basketball, softball, and tennis.

MEN'S INTRAMURAL SPORTS

HOLLIS REYNOLDS, *Intramural Sports Director*

Under the able direction of Hollis (Rip) Reynolds, Intramurals had one of the better years in the history of the college. The first innovation instituted by Reynolds was the publication of an Intramural Rule Book, the first of its kind to appear on the Texas Western campus. This prevented the usual confusion resulting from a loosely knit set of laws by providing iron-clad rules of procedure. All in all, 1950-51 was one of the best years ever.

Early Surveying and Engineering

Campus Buildings

DURING the years 1766-1767 an expedition headed by Don Cayetano María Pignatelli Rubí Corbera, Marqués de Rubí, Barón de Llinas, Comendador de la Orden de Alcátara y Mariscal de Campo de los Reales Ejércitos, set out to explore and determine the northern boundaries of the Spanish Dominions in North America.

With this expedition came the first party of surveyors and engineers, under the leadership of Captain Nicolás de Lafora, who drew the maps and composed reports for the King. They reached El Paso del Norte on July 19, 1766, and returned from New Mexico by way of the pass on September 28th of the same year.

Building . . . ever building . . . that's the record of El Paso and the Southwest; and that's the record of El Toro Cements. There's one available for every purpose, and for every need, from a curb for a flower bed to a great office building. Look for the name El Toro on Cements.

AMERICA'S FINEST OVERALL SINCE 1850
MANUFACTURED IN EL PASO

This book I humbly submit as being one of the finest in the college annual field. Not, to be sure, because I am editor, but because of the subtle touch of great art which is confined between its covers. The dedication composed by Tom Lea, the magnificent division page drawings by Jose Cisneros, the division page copy by Francis Fugate, and the technical advice of Carl Hertzog . . . each of these men has lent a particular master's touch to the book, which combined, must necessarily give it a superb aspect.

However, I don't intend, nor could I possibly subtract any credit for the Flowsheet's ultimate composition from the battery of students who labored long and loyally on it. And I must extend genuine thanks to faculty advisors Judson Williams and Wallace Snelson. Their guidance and support was invaluable . . . and their patience unbelievable.

As for me, I did nothing for this book . . . rather it did something for me. It made me familiar with the wonderful pangs of creation.

David Cohen
