NEW YORK

MARY VAN KLEECK, DIRECTOR

December 19, 1934

Dr. Alfons Goldschmidt  
Hotel Brevoort  
Fifth Avenue at 8th Street  
New York

Dear Dr. Goldschmidt:

I am writing this letter in my capacity as Associate Director of the International Industrial Relations Institute, which has its headquarters at The Hague (Haringkade 171) and its USA office in my office at this address. Because of the important work which you are doing for us as a member of the Economic Research Group, we sincerely hope that you will return in the very near future to the United States and that you will make your home in New York, so that the research projects in which we are all interested may continue.

Specifically, the International Industrial Relations Institute is serving as a center of co-operation and exchange of information for economists who are studying the problems involved in the present widespread unemployment and in industrial depressions. In the United States we are carrying on work of this kind with a group of technical men, engineers and architects as well as economists and educators, with a view to throwing light on these problems. The American committee is of course represented in the general Economic Research Group of which you are a member in the Institute, and therefore there will be close co-operation with the work which we hope you will do.

It is our hope and expectation that this work by you will be done on a professorial or fellowship basis, so that you will be able to conduct seminars and give lectures to university professors, economists and others who are engaged in research.

We hope that the collaboration in this work which is developing so auspiciously will offer an opportunity which will be satisfactory to you so that you will make the United States your home for the furtherance of this scientific and educational work.

With cordial greetings to you and to Mrs. Goldschmidt, I am

Sincerely yours,

*Mary Van Kleeck*

TO WHOM IT MAY CONCERN :

Mrs. Goldschmidt was my German art correspondent over a period of four years from 1929 - 1933. She supplied this paper with critical comment upon the current art developments in Germany, and in that capacity proved of great value. I have known both Mrs. Goldschmidt and her husband, Professor Alfons Goldschmidt, personally since 1930. On a visit to Europe in that year I visited them in their Berlin home and was introduced to a number of their friends, persons prominent in German cultural and business circles. It gives me great satisfaction to state that Professor and Mrs. Goldschmidt are persons of the highest cultural, intellectual, and moral integrity.

In Re: Professor Alfons Goldschmidt

Dear Mrs. Zlabovsky:

Professor Alfons Goldschmidt, a German refugee, is here on a visitor's visa which will expire January 29, 1936. Professor Goldschmidt is anxious to secure a permanent visa as a professor in the non-quota class.

Professor Goldschmidt was professor of economics at the University of Mexico in 1923-24, and at Teachers College in 1925. Since he is well known in Mexico we thought it would be advisable for him to go to Juarez and apply for a visa there. Before making the trip, however, I thought it might be well to send you his documents, for you to discuss them with the American Consul in Juarez and find out what other documents the Consul thinks would be needed before Professor Goldschmidt applies in person for his visa. I am enclosing the following documents:

- (1) Two newspaper clippings with reference to Professor and Mrs. Goldschmidt.
- (2) Letter, dated July 5, 1935, from New York City Police Department to Dr. Goldschmidt.
- (3) Photostatic copy of letter dated July 3, 1935, from C.U. Clark, Director, The College of the City of New York.
- (4) Photostatic copy of letter dated May 31, 1935, from Henry Morgenthau, New York City.
- (5) Photostatic copy of letter (in Spanish) dated February 2, 1935, with English translation appended.
- (6) Photostatic copy of letter dated Dec. 19, 1934, from Department of Industrial Studies, Russell Sage Foundation, New York City.
- (7) Photostatic copy of letter dated Jan. 23, 1935, from The Social Economic Foundation, Inc., New York City.
- (8) Photostatic copy of letter dated Feb. 3, 1935, from The New York Times, re Mrs. Goldschmidt.
- (9) Photostatic copy of affidavit of Mrs. Hedwig Simon, dated Sept. 10, 1934.
- (10) Photostatic copy of affidavit of support by Henry I. Wachtel, New York City, dated July 29, 1935.

Mrs. Frank Zlabovsky \* 2

Professor Goldschmidt has a small bank account, and he will probably have additional affidavits when he comes. He is the Director of the International Industrial Relations Institute, and he is a prominent physician.

Please let me hear from you after you have had an interview with the Consul.

Sincerely yours,

  
Cecilia Razovsky  
Associate Director

CR:SP

P.S. In addition to the documents listed I am also enclosing photostatic copy of an article in the New York Times written by Professor Goldschmidt on January 14, 1934. Please note the introductory paragraph.

In view of his writings Professor Goldschmidt would not be able to secure any police certificates from Germany because his citizenship has been taken away from him.

I am also enclosing a newspaper photo and two news items, all of which appeared in the New York Times, as well as a biographical leaflet.

Dear Mrs. Zlabovsky: re: Dr. Alfons Goldschmidt

Thank you for your letter of November 29th. I am  
answering immediately to give you the following replies:

As a visiting professor Dr. Goldschmidt has been  
drawing a salary for his lectures. I think I sent you a copy  
of his contract showing he will be Director of the Internation-  
al Industrial Relations Institute, which will give him a  
definite salary and which is a permanent position. He will  
bring documents to this effect with him. He will also bring  
a statement from the bank. I can give the Consul my own  
personal guarantee that Professor Goldschmidt will not become  
a public charge.

He is recognized as a specialist in his field, and has  
several books written which are to be published shortly, so  
that not only will he be earning his own living very satis-  
factorily, but he will also make a very good cultural con-  
tribution to this country.

## AMERICAN CONSULAR SERVICE

Ciudad Juarez, Mexico, December 7, 1935.

Mrs. Frank Zlabovsky,  
National Council of Jewish Women,  
1016 Olive Street,  
El Paso, Texas.

Madam:

Reference is made to our recent conversation on the subject of a possible application for an immigration visa to be made by Professor Alfons Goldschmidt, and to the file of correspondence which you presented to this office for examination.

You are informed that the correspondence above referred to has been carefully examined, and nothing has been found therein which can be cited by this office as reason for Doctor Goldschmidt's deferring making his application for a visa at the appropriate American Consulate.

It is presumed, from your previous experience in matters of this kind, that you are aware that Dr. Goldschmidt should be provided with a birth certificate, in duplicate, a passport, and a prison and military record, also in duplicate, or evidence setting out the information conclusively why such documents are not available. It appears in the correspondence that Dr. Goldschmidt will have no difficulty in establishing the fact that certain of these documents are not available.

The only point which arises in a preliminary consideration of this case, which is not entirely clear and satisfactory to this office, is the reason why Dr. Goldschmidt may not apply for his visa at the American Consulate nearest his present residence in New York - this would appear to be one of the Consulates in Canada. Inasmuch as, according to the

statement

statements made, Dr. Goldschmidt is now in the United States on a visitor's visa which will expire on January 29, 1936, and by virtue of which he may leave and return to the United States at will up to that time, the reason for his not being admitted to Canada for a temporary visit up to the date indicated is not clear to this office.

Further, it is not known that the Canadian Government has any regulation to the effect which prohibits foreigners entering that country on a temporary visit when they are provided with documents which will enable them to leave Canada and reenter the United States up to a certain date. Therefore, you are advised that this office does not feel at liberty to inform you that it can consider this application until it is definitely shown, by documentary evidence, that it is impossible for Dr. Goldschmidt to apply for a visa at the American Consulate nearest New York.

Very truly yours,

  
Geo. P. Shaw  
American Consul

Dear Amy:

The bearer of this letter is Professor Adolf Goldschmidt concerning whom I have had considerable correspondence with Mrs. Zlabovsky.

I am sure you will make every effort to assist Professor Goldschmidt during his stay in El Paso. There should be no difficulty, it seems to me, with the papers which Professor Goldschmidt has to submit to the Consul. He is also invited to Mexico City by a gentleman whose name is Ramon P. Di Negri, and I understand expects an official invitation from the Jewish Chamber of Commerce of Mexico City, and from some scientific organizations to visit Mexico together with Professor Einstein who is also invited. As Professor Einstein's wife is ill I doubt whether he will be able to accept the invitations, but Professor Goldschmidt will take advantage of the invitation to El Paso.

With greetings to all of you, and many thanks to Mrs. Zlabovsky for her courtesies, I am

#### B'nai B'rith Installs

Urging humanity to war against Hitlerism, Alfons Goldschmidt, exiled German professor, attacked the Nazi regime in an address at ceremonies marking the initiation of 350 new members into District 1 of B'nai B'rith at Temple Emanuel, 1 East Sixty-fifth street, last night.

Professor Goldschmidt said: "Hitler preaches peace and prepares for war. He preaches for a larger population and diminishes it with wholesale murders. He talks of eliminating class war, and he is engaged in creating one of the bitterest class wars in history. Hitler talks of the general welfare of the people, but increases their misery."

## HITLERISM LAID TO DEBT LOAD

German fascism of the Hitler brand was born out of the despair of middle-class Germans who found themselves swamped by the war debt, Prof. Alfons Goldschmidt, one of the Jewish educators who was forced to flee the Fatherland, declared last night.

Prof. Goldschmidt was guest of honor and principal speaker at a dinner given at the Hotel Lissmore, in W. 73d st., by the American Committee Against Fascist Oppression in Germany. He said:

"German Fascists promised the middle class, together with the poor peasants and workers, that they would abolish this terrible interest slavery and fulfill all sorts of other petty bourgeois desires, so millions marched back into the past with them."

He declared that German Fascism has been compelled by its own philosophy to be brutal, and that this brutality will increase as its inevitable failure becomes apparent.
