Dear Cousin:

I received your letter of August 5th and glad to hear from you.

Conditions with reference to visas have entirely changed the past three or four years and that is the reason why you are having this difficulty. Under the circumstances, you can see for yourself that the Consuls are only granting serious consideration to persons who have close relatives here who can show that they have been supporting the aliens for a number of years and feel a moral and legal obligation to do so and can show by documentary proof that they have been supporting these relatives in Europe.

Referring to your case, if your husband desires to bring in his sister, he must show that he has been taking care of her and he should present not only his affidavit but bank statements showing his financial worth, a statement from a certified accountant showing his income, financial worth, equity in property if he has any, etc., copies of deeds to property, copies of insurance policies, if any, and any other documentary proof of his financial resources as he may be able to obtain.

However, nothing should be mentioned in any of the papers about bringing in the alien to work, but you must show that you have a home for her and guarantee her support and maintenance.

I cannot understand why they went to Nicaragua in the first place. They should have remained in Poland, and circumstances would have been probably a little easier, although I do not think they should have any difficulty in obtaining a visa from Nicaragua, if the papers I mentioned above can be obtained and properly presented to the American Consul.
It might also be suggested that Mr. Rosen get in touch with his own Congressman and request a letter to the American Consul, stating he knows Mr. Rosen, living in his Congressional District, and knows him to be a man of good character and financial responsibility, etc.

After you do all this and you should encounter any difficulty, then you can again communicate with me.

With kindest regards, I am

Sincerely,

Dear Sir:

Your letter of Aug. 13 received and appreciate what you have written in reference to my sister and her husband.

The reason my sister and brother-in-law did not get visas in Poland was because the American consul told them that my affidavit was not sufficient and they did not want to wait to get new papers from me so they started with some people who were going to Nicaragua.

If there is any expense in your investigation with the Polish consul at Warsaw, by cable or otherwise, we will be more than glad to stand this expense.

My brother-in-law and sister will make formal application for visas.

My wife's cousin, Representative Samuel Dickstein of New York, wrote us to have our Representative here give you information as to ourselves. If this is necessary we will be glad to do so.

Anything that you can do in this case will be appreciated very much by us.

Thanking you for same, we remain,

Very truly yours,

Dear Sir:

We are in receipt of your letter of Sept. 5 and want to thank you for your careful and sympathetic consideration in reference to my sister and her husband.

We did not reply immediately because we knew it would take some time for you to get your reply from the American Consul General at Warsaw. We are enclosing a copy of the affidavit we sent our relatives in Poland.

We are five brothers here, all in business, and we assure you that our sister and her husband will not be public charges. We are very anxious to have them with us to locate them in business, and are very anxious that they be able to join us soon.

Again thanking you for all courtesies shown them, we are,

Honorable Fletcher Warren,
American Consul,
Managua, Nicaragua.

Dear Sir:-

The originals of the attached photostatic copies will be presented to you by our sister and brother-in-law, Mr. & Mrs. Emil Reisel, who are now residing in Leon, Nicaragua, and who will officially make application to you for Polish quota number and visa to permanently enter the United States.

We have investigated the erroneous statement made by our brother-in-law, and find that exploiting friends advised him to make the statement about the $15,000 because they thought we would send him that amount. Apparently our statement to him was misunderstood. We wrote to him that we would give him $15,000.00 upon his arrival in the United States, with which he would establish himself in business, and that offer still holds good.

With reference to his application for visa in Poland, we are informed that he did not make application in person, but through the mail.

We place any errors that our brother-in-law may have made to mis-guided youth, and feel convinced that when our sister and brother-in-law join us and come under the jurisdiction of a land which gives religious freedom, and under our guidance, that they will become desirable citizens of this United States.
Hon. F. Warren,

We are appealing to you to grant us the privilege of becoming re-united with our sister, brother-in-law and niece, assuring you that they will at no time become public charges, nor will they seek employment. We will educate them in the paths of Americanism and naturalization.

In anticipation of your favorable consideration in granting our plea to give Mr. & Mrs. Reisel the necessary documents for their entry into the United States, we are enclosing a cashier's check for $50.00, to cover the cost of visas and cables to and return from Warsaw, Poland.

Assuring you of our deep appreciation for all courtesies extended our sister and brother-in-law, and thanking you for your consideration, we remain

Most respectfully,

Gentlemen:

Acknowledgment is made of your letter under date of June 29, 1936, with reference to the immigration cases of Mr. and Mrs. Emil Reisel, now residing in Leon, Nicaragua. Together with this letter you enclosed a cashier's check for fifty dollars payable to the American Consul, Nicaragua. You state that this check is to defray visa and other expenses in connection with their immigration cases.

The check under reference will be held for a short while pending developments in the case.

Miss Cecelia Razovsky,

Dear Miss Razovsky:

We have been asked to assist the five Rosen Brothers of El Paso in securing quota and visa for their sister and brother-in-law above mentioned.

Enclosed herewith you will find copy of letter sent to the American Consul by the Rosen Brothers, and also a photostatic copy of a letter received by them from Mr. & Mrs. Reisel, which will give you an idea of the case.

The Rosen and Horwitz families of El Paso are socially and financially prominent, having lived in this community for many years and thoroughly responsible citizens. They are owners of a chain of eight stores, and their assets exceed $200,000.00. My reason for mentioning this to you is that the Consul seems to doubt the authenticity of it, altho four sworn affidavits, statement from Dun & Bradstreet, letters from the bank, also letters from the Chambers of Commerce from El Paso, Texas, and Las Cruces, New Mexico were attached.

Is it possible for you to use your influence with the American Consul in Nicaragua or the Department of Quota Control in Washington to assist in re-uniting these families?

Incidentally the wives of the aforementioned brothers are members of the El Paso Section and we are very anxious to assist them.

Thanking you, I am

Yours very truly,

Dear Mrs. Zlabovsky:

Re: Mr. and Mrs. Emil Reisel
Leon, Nicaragua

I have your letter of July 15 with regard to these people, who are trying to get visas to come into the United States. I shall be glad to write to Washington for a report on this case; but I must say that from the letter the Rosens sent to the American Consul at Managua it would seem that Mr. Reisel made some very bad blunders. You know, of course, that usually when it comes to persons in the Polish quota, the consuls are very loath to give visas. What I should like to know is this: are these people from Germany? When did they arrive in Nicaragua? Do they have their police certificates and their birth certificates in order? If the Rosen brothers have sent Dun and Bradstreet reports, certainly the brother-in-law could not have understood the American Consul's statements.

As soon as I have further word from you, I shall write to the State Department. The reason I don't do so at once is that the chief of the visa office is on his vacation, and I would rather wait until his return August 1 than have one of his assistants handle the matter.

Sincerely yours,

Re: Mr. & Mrs. Emil Reisel,
Leon, Nicaragua.

Dear Miss Razovsky:

Replying to your letter of July 17th, the young couple above mentioned were born in Stanislaw, Poland, formerly Austrian territory.

They arrived in Nicaragua the latter part of May, 1935. The Rosen Brothers, now living in El Paso migrated to the United States from Germany, where they had extensive business interests. They brought considerable money with them from Germany.

We have written to Mr. & Mrs. Reisel regarding the police and birth certificates, and expect an answer by wire within the next few days, when I will forward the information to you.

Enclosed you will find correspondence on this case from Samuel Dickstein to his cousin, Mrs. Marcus (Dora Horwitz)Rosen, also letter from the Vice-Consul at Managua, from which it would appear that the L.P.C. is the only clause against the applicants.

We are very anxious to see this case come through, and will appreciate your personal interest.

Enclosed you will find two letters on the Emil Reisel, (Nicaragua) case.

At the present time Oskar Rosen, the youngest of the five brothers is stopping at Hotel Governor Clinton, New York, and will remain there for the next three weeks on a buying trip. Should you wish to contact him for further information on this case, I am sure he will be glad to come to your office.

The Rosen Brothers are willing to go to any expense to bring about the entry of their sister and brother-in-law, and suggest that if your personal contact in Washington will benefit this case, that they will defray all expense.

I have your letter of July 29. I have written to Washington with regard to this case.

I am going away on my vacation for the month of August. If nothing happens by the time I return after Labor Day, I shall be glad to go to Washington and try to assist further.

As soon as a reply comes from Washington, a copy of the reply will be sent to you by my secretary.

I am returning the German letter to you, together with the letter from the American Vice Consul which I have noted. I suppose the Rosena didn’t pay any income tax in the United States last year. If they did, they ought to send a copy of the income tax statement to the Consul.

I shall take this up with you again on my return.

Please have the enclosed Passport renewed for one year as soon as possible.

The enclosed check of $25.00 was advanced to us for payment. Should it require a larger sum of money, please advise, and I will forward it at once.

We sent the Passport to the Polish Consul in Mexico City, but for reasons which he fails to explain, he refused the renewal, and since the American Consul in Nicaragua seems to be giving favorable consideration to this case, I am anxious to get the Passport back to Mr. Reisel as soon as possible.

I am enclosing the child's birth certificate if it is possible, I would like to have the child included in the Passport, but that is not of great importance.

Dear Sirs:-

Re: Emil Reisel and Family.

The attached letter from the Polish Consul with English translation explains the difficulty we are having in renewing or extending the Reisel Passport.

The Rosen Brothers asked us to assist them in having their sister's and brother-in-law's Polish Passport renewed, and we see no way of having that taken care of unless we receive a favorable certificate from you such as the Polish Consul demands.

Our Organization is well acquainted with the Rosen Brothers and their families in El Paso. They are active in civic, philanthropic and social endeavors, and we feel that El Paso is fortunate in having such good citizens. They are very anxious to be re-united with their sister, brother-in-law and their baby, who are now residing in Leon, Nicaragua, and it would please us to receive assurance that you will grant the Reisel family Quota visas to enable them to join their family in El Paso.

Dear Mrs. Zlabovsky:

In reply to your letter and telegram of recent dates wish to advise the following. We went to the Polish Consul and were advised that they are unable to issue a passport in New York for the Riesels. They must go to the Polish Consul in Mexico which is located at Calle de Loméres 213. The passport will cost $160 for one year’s extension.

I am sending direct to Mr. Riesel his passport, the child's birth certificate and the letter from the Polish Consul giving his reason for refusal.

You will find enclosed herewith our check for $25.

Madam:

I have to acknowledge your letter under date of November 18, 1936, in regard to the immigration case of Mr. Emil Reisel and his family, in which you state that the Polish Consular officials refuse to issue Mr. and Mrs. Reisel and their child a passport unless this Consulate gives definite assurance that they will be able "to enter the United States as definitely accepted immigrants".

The Consulate regrets to inform that it is precluded from furnishing such a statement. While it is the function of the Consular branch of the Foreign Service to issue or to refuse immigration or other visas, the question of actual admission rests within the jurisdiction of the Department of Labor and its officials. Further, prior to an applicant's formal examination, the Consulate does not see how it could properly certify that he will even receive an immigration visa.

In anticipation of your kind co-operation in this matter, I am asking you to accept the inclosed check for $80.00 for the extension, and since we are in such urgent need of said passport, please extend it as soon as possible and notify our office in care of Mrs. Weinshenk, 824 S. Mr. I. Hirschfield,

Washington, D.C.

Dear Mr. Hirschfield:-

Several months ago, the Rosen Brothers of El Paso, Texas and Las Cruces, New Mexico, furnished affidavits and all necessary financial reports to the American Consul in Managua, Nicaragua for the purpose of getting quota numbers and visas for their sister, brother-in-law and baby daughter, above named.

The Reisel family emigrated to Nicaragua from Poland over a year ago, and the families consisting of five brothers have used every means to convince to Consul that the aforementioned family will not become a public charge, and I may here mention that they are prosperous merchants in this vicinity.

Besides the documents sent from El Paso, the family in Nicaragua furnished all necessary papers and passports from their native country.

A recent letter from the Reisel's is most confusing, and I am asking you to have the Department cable the Consul in Nicaragua for an exact status on this case. All expenses for cable and return reply will be met by members of the family in El Paso, so do not hesitate to call on us for all expenses incurred.

Thanking you for your usual prompt attention,

I am

Yours very truly,

Mrs. Frank Zlabovský.

P.S. Polish letter is attached hereto. Please return.

Dear Mrs. Zlabovsky:

Your letter of the 30th ult. in re Mr. and Mrs. Emil Reisel received. We unfortunately do not read Polish here and have, therefore, sent the Polish letter to our New York Office for translation. As soon as we receive the translation and thus know more about the matter, we shall further advise you.

Dear Mrs. Zlabovsky:

Answering your letter of the 30th ult. and supplementing ours of the 1st instant in re Mr. and Mrs. Emil Reisel:

We have now received a translation of the material parts of the Polish letter which you sent us and which is herewith returned.

It is just one of the very many cases where there is difficulty and delay in obtaining visas. As you know, the Consuls do not grant visas out of hand and, in many instances, the applications are denied. The Polish letter states that Mr. Reisel was informed at the Consul that if he has all the necessary papers he should send a telegram asking for an appointment, and that they refuse to take a formal application for his visa stating that after receiving a reply they will permit him to do so, and that 10 days have passed without hearing from the Consul; that Mr. Reisel is worried because the Polish quota is exhausted and he may have to wait 5 years for his visa.

The Polish quota is very far from being exhausted and is very wide open. There will be no delay on that score. The Consuls usually examine the documents submitted in connection with visa applications and thereafter make an appointment for the applicant to come to the Consulate to make formal application and be questioned, etc. Aliens must exercise much patience. The Consuls, of course, have other matters for their attention, and visa applications are only part of the work of the Consulate.

You have not furnished us with copies of the affidavits sent by the relatives here and we, therefore,

Re: Mr. and Mrs. Reisel

We have no means of knowing how well they have met the probable objection of likely to become public charge, and particularly in this case involving a family of 3 persons.

We suggest that you send copies of the affidavits that were sent to the Consul so that we may examine same. Also that Mr. Reisel exercise more patience and that he write you again so that you can communicate with us. At the present time, it would probably be useless to ask the Department of State to obtain a report from the Consul. We also do not know how recently this application was made or how long it has been pending at the Consulate. Please give us this information.

To the Honorable American Consul,
Managua, Nicaragua.

Dear Sirs:

Re: Mr. & Mrs. Emil Reisel
and child.

We are interested in the status of the above case. Will you please advise us if they have made formal application for quota number and visa for entry into the United States, and if so, what is causing the delay in their entry.

The five brothers of Mrs. Reisel who are living in our community are respected merchants and their guarantees against the above family becoming public charges was forwarded to you some time ago, and they have been very anxious for the reunion of their family.

Your advice by return airmail will be greatly appreciated.

Respectfully yours,

Mrs. Frank Zlabovsky,
Field Executive.
