FLOWSHEET

A stylized, high-contrast illustration of a campus scene. The background is a light gray with a sunburst pattern of thin, dark lines radiating from a central point behind a dark, jagged silhouette of hills or mountains. In the foreground, several buildings are depicted in a simplified, geometric style. On the left, a building with a series of columns is visible. In the center, a larger building with multiple windows is prominent. To the right, another building is partially shown. The entire scene is rendered in a monochromatic, high-contrast style, with the buildings and sunburst lines appearing in a light gray against a dark background.

. . . the campus in nineteen hundred and fifty four. Each building calls forth its special memories: the mass invasion of the library during dead week, the discords and harmonies floating out of the windows of the music department, "Green Grow" and the beauty contests in Magoffin, the cokes and dances in the SUB, the World Series on the SUB television set, the engineers leaving their labs at sunset, the soft lights and whispered words in the Bell Hall lounge. These are more than buildings of unusual and fitting architecture, they are a part of us.

Administration is much too formal and impersonal a word to describe those who are our councilors and friends. Those whom we may have taken for granted but who were always patient, staying long hours to help with that problem we just couldn't understand. They hold the lantern to show us the way to knowledge, reason, and hope.

Flowsheet 1953-1954

The year 1953-54 has been one of progress for Texas Western College as the following pages of this Flowsheet will indicate. With the cooperation of students, faculty, and administration we have enlarged and improved our educational program in and out of the classroom. This annual records many of the events which have happened, and portrays numerous students who have contributed to the success of these events.

To the editor and staff of the Flowsheet, whose efforts have given us this delightful record of the year, we owe a special vote of thanks for a hard job well done. Congratulations!

Sincerely yours,

F E A T U R E S

There are always a few who excell the rest in life, a few who have a brighter smile, a friendlier hand, a constant willingness to help, who hitch their aims to a star and swing high enough to reach it. These few have received these honors from both their fellow students and instructors for their achievements both scholastically and socially.

Dear Miss Mary O'Neal
Editor, 1954 "Flowsheet"
El Paso, Texas

Choosing the winners of the beauty contest for the 1954 "Flowsheet" was, indeed, one of our most difficult assignments. We attempted to look behind the picture to determine, as far as possible, personality traits, character and many of the other composites that go toward making real beauty.

We sincerely hope our choices are well received and wish to point out that every contestant is a beauty in her own right. We attempted to look as far as possible, personality traits, character and many of the other composites that go toward making real beauty. We sincerely hope our choices are well received and wish to point out that every contestant is a beauty in her own right.

CLASSES... A NECESSARY EVIL. IF I COULD ONLY STAY AWAKE AND ALERT ALL MORNING, I MIGHT NOT HAVE TO WORRY THROUGH THE TESTS QUITE AS MUCH. SOMETIMES I WONDER IF THE PROF DOESN'T FEEL LIKE RUNNING WHEN HE HAS TO FACE US ON MONDAYS.

THE "M" BEFORE

HM... MAYBE CLASSES WOULD HAVE BEEN BETTER.

THE FIRST REACTION TO PAINTING THE "M" WAS "NO CLASS"—THE SECOND WAS MORE LASTING. BUT IT WAS FUN! WE ALL GOT REWARDED WITH THE BEAN FRY. EVEN THOSE UPPER CLASSMEN WHO "BEAT US ON" GOT TO EAT.

JUST ONE MORE, PLEASE.

They represent Texas Western on other campuses, winning honors and recognition for themselves and for their school or organization. The cold wintry nights in the stadium, warm comfortable nights in the gym, and sunny days on the cinders all went to make up the Miner spirit.

SEASON HIGHLIGHTS

THE 1953 TWC FOOTBALL SEASON

The Texas Western Miners began their pre-season training with nearly 60 men on hand, 21 of whom were lettermen. Also, 31 of the total were either freshmen or transfers from junior colleges, the largest new man turnout in recent TWC football history. Among the standout returnees were Dick Shinaut, who in '52 was "all conference" and "most valuable" selected by both the Border Conference coaches and his own teammates; Harris Cantrell, "outstanding blocker" for the Miners in '52; and Bobby Dirmeyer, '52 all-conference selection.

In the first game of the season, the Miners tromped Sul Ross 26-7 for an easy victory and a good start. Then came the Tech game which the Miners lost 6-27 in an exciting, hard fought duel. That the game was a hard one for Tech was proven when Tech coach DeWitt Weaver later commented that the Miners' defense was "the best we've run across all season." A week later, the Orediggers edged '52 BC champs, Arizona State of Tempe, by a 28-27 count. Then the Miners avenged a year-old tie with the New Mexico A and M. The score for this Miner Homecoming victory was 39-0. For the last two years, North Texas State had defeated the Miners, but the tables were turned at the end of the close 26-21 game won by the Orediggers. The No. 6 game of the season saw the Miners playing Midwestern University and gaining an easy 27-7 victory.

Then came the Hardin-Simmons game in which "breaks" played an important part in the TWC 13-14 defeat. But a week later, the Miners made it up by downing Arizona University in what most observers called the best TWC exhibition. The Miners defeated the Arizona Wildcats 28-20. In the final game of the season, the Orediggers shoved the West Texas State team to the short end of a 27-7 stick.

The Miners ended in third place in Border Conference competition with a seventh place nationally in total defense and tenth in rushing defense, which was a truly outstanding achievement for a team which had only one 200 pounder in its line-up and no back over 185 pounds.

The Texas Western Miners began the '53 season triumphantly when on Sept. 19, they rolled over the Sul Ross Lobos with a 26-7 score. The Miners started the season with almost a 60 man squad — 21 of them returning lettermen. The Orediggers set their own pace in the first game by scoring in every period and allowing just one score by the opponents. Clovis Riley quickly came into the limelight with his spectacular 52 yard run to set up the scoring for the night.

With two of its ace back seeing limited duty, Texas Western lost a hard fought battle to the Texas Tech Red-Raiders on Sept. 26. Even though the score was one sided with Tech on top 27-6, the Miners' defense caused Tech coach Dewitt Weaver to call it later "the best we've run across all season." Dick Shinaut, most valuable player in BC and unanimous All Conference choice last season, suffered from a left shoulder separation received in the Sul Ross game. Clovis Riley, leading ground-gainer, was having trouble with his trick right knee. Many considered the Miners' checking of the polished Tech scoring machine as an upset in itself.

Dick Shinaut, star Miner All-Conference and Most Valuable Player, played the best game of his career as he scored one touchdown, kicked four extra points, punted four for 41, passed eight of twelve for 88, and carried seven for 42. Under the direction of George McCarty, first full-time basketball coach at Texas Western College in more than a decade, a building program in basketball was begun this season. Coach McCarty's material consisted of one letterman, two junior college transfers, and a group of promising freshmen. McCarty had just completed four years as coach at New Mexico A & M before coming here and had produced some outstanding teams every year—including one which tied West Texas State for the 1951-52 Border Conference title and later played in both the NAIB and the NCAA post season tournaments.

The first game that the Miners played this season against the Hardin-Simmons University Cowboys, another young team, was lost by a slim 56-57 score in a fast, exciting game. In the second meeting of the two teams, the Miners defeated the Cowboys in an overtime period by two points—73-71. This was another fast-moving, hard-played thriller.

The big upset game of the season for the Orediggers was played against the strong University of Arizona quintet, who until then had been hopeful of winning the BC title. It was a freshman victory for the Miners as the team was made up of freshmen sparked by A. J. Mason and his 24 points for the night. The first few minutes of the game was a close contest with the opponents tied most of the first period. Then the Orediggers got ahead before the period ended and stayed in the lead the rest of the game, outplaying the Arizona five in every period of the game. The final score was—TWC 75, Arizona U. 57.

Coach McCarty's prediction that "we ought to score a few upsets this year" turned out to be very true with the TWC hardwood five winning about half of their games this season against some strong teams. The rest of McCarty's prediction "and we ought to be in the thick of things within two years" looks very possible, looking at the future with the Miner's record for this season in mind. Several of the freshmen showed promise and by next season, they should have developed to give the TWC cagers real power.

THE INTRA-MURAL ALL STAR VOLLEYBALL TEAM

Intra-mural activities are divided into major and minor sports. Those in the major group are football, volleyball, softball, basketball, swimming, and track. Those in the minor group are ping pong, pool, tennis, badminton, and horseshoes.

Each team in the major sports division receives 50 points for entering, 50 for first place, 25 for second, and 25 for each victory. In the minor division 25 points are given for entering, 30 for first place, 15 for second, and 15 for each victory.

Medals are given to the All Star Team members who are chosen for their individual ability from any team in the major sports division by the Intra-murals Board. The Board also chooses the best intra-murals player to whom a trophy is presented. To the winning team in each sport, a trophy is given. The team which has the most points at the end of the year receives the All Intra-mural Trophy.

As the Flowsheet goes to press, the Newman Club has accumulated the most points, and has won the basketball, volleyball, and pool divisions. The band placed first in both singles and doubles ping pong.

Was it that funny, or good sportsmanship?

The Greek letters, significant in their individual way to their respective groups, are only part of the foundation laid for these fraternities and sororities which have contributed so much to the social life of Texts Western, adding not only to the activities, but to the development of those who make up these groups. Long after our college days are over the loyalty and companionship of our Greek group will remain.

When Texas Western was first founded, the school was devoted entirely to engineering students. The painting of the "M" on Mt. Franklin, the old symbol of the College of Mines, and the St. Patrick's Day celebration are traditional College of Mines days. Though Texas Western is largely composed of "academics" now, it is still in spirit, as far as the engineers are concerned, the College of Mines.

SIGMA GAMMA EPSILON

In 1940 the Alpha Lambda chapter of Sigma Gamma Epsilon, national professional fraternity for students of the earth sciences, was organized at Texas Western. The initiate must have an above average scholastic record and present a technical paper to be eligible for membership. Nineteen students and three instructors are members of Sigma Gamma Epsilon. The fraternity works toward a closer interest in the allied fields of geology, mining, metallurgy, and petroleum engineering.

AMERICAN SOCEITY OF CIVIL ENGINEERS

Students majoring in civil engineering who have sophomore standing or above are eligible for membership in the American Society of Civil Engineers. The Texas Western chapter was organized in 1947 to give the civil engineer students a chance to become acquainted, to introduce them to topics of interest in civil engineering, and to foster development of a professional spirit.

MEMBERS

Row 1: Mr. Guldemann, Armando Gutierrez, Manuel Moya, Fernando Garcia, Othon Medina, Gilbert Estrada.
Row 2: Harry Corbett, Charles LeMasters, Jim Maloney, Tom Noah, Sergio Plaza, Fonso Kennard, Lyle Scarborough, Alfonso Martinez, Enrique Bustamante, Alfonso Gallardo, George Kistenmacher.

AMERICAN INSTITUTE OF MINING ENGINEERS

The history of the Texas Western chapter of the American Institute of Mining Engineers goes back to the Scientific Club which was established at the College of Mines in 1915. The organization became a part of A.I.M.E. in 1944. The group stimulates interest in various sciences and promotes fellowship between professional men and students. There are fifty members of the chapter at Texas Western.

AMERICAN INSTITUTE OF ELECTRICAL ENGINEERS

Texas Western's branch of the American Institute of Electrical Engineers was organized in 1948 with Mr. Floyd Decker, professor and chairman of the department of electrical engineering, as counselor. The aims of the chapter are the advancement of theory and practice of electrical engineering together with allied arts and sciences, development of individual engineers and participation in inspection trips to places of engineering interest. The group participates in such social activities as "M" Day, St. Pat's Day, and the Hard Luck Dance.

AMERICAN CHEMICAL SOCIETY

The Texas Western Chapter of student affiliates of the American Chemical Society was founded in October, 1949. The aim of the chapter is to afford an opportunity for the students of chemistry and chemical engineering to become better acquainted, to secure the intellectual stimulation that arises from professional association, to secure experience in preparing and presenting technical material before audiences, to foster a professional spirit among the members. The activities of the society include lectures, movies, field trips and an annual picnic.

TEXAS WESTERN R. O. T. C.

The principle aim of the ROTC courses and instructors is to produce junior officers in the United States Army Reserve who will be available to the country in time of a national emergency. The ROTC program also aims to develop leadership qualities in the student, to give him an appreciation of his responsibilities in a national emergency, to prepare him to shoulder the obligations of citizenship, and to teach him the rules, regulations and tactics of the armed forces. Upon successful completion of the four-year program, the student is tendered a commission in the United States Army Reserve, Artillery Branch. Students who show outstanding traits of character and leadership are designated "Distinguished Military Graduates" and upon their application may be offered commissions in the Regular Army.

Hearst Army ROTC championship which qualified it for competition against ROTC units of the Army, Navy, and Air Force in the Hearst National Defense Trophy telegraphic matches which it also won. High scorer for TWC was Arthur Najera, whose 193 points trailed the national champion, Donald R. Schessler of Montana State University by three points. Besides this the team placed second in the fifth annual Southwest Invitational Small Bore Rifle Meet which was held at TWC in March.

STUDENT GOVERNMENT

The banners, the loud speakers, the posters and campaigning, then finally the victors emerged. We may have been skeptical at first, but our fears were proven baseless. These are the students we chose to constitute our student government.

STUDENT COUNCIL OFFICERS

To the Student Council goes much of the credit for the very successful student activities which Texas Western enjoyed this year. The Council was responsible for the new Student Handbook which appeared in October. It made arrangements for the Magoffin Entertainment Series which included the Dublin Players in "Pygmalion" and such movies as "The Bicycle Thief." Traditional student activities such as dances, "M" Day, the Snow Fiesta, and all TWC Day are sponsored by the Student Council. Although special committees and groups were largely responsible for the card section, All Western Day, Religious Emphasis Week, and the Campus Chest Drive, the Council supported them both individually and officially. All extra-curricular life of the student lies in the province of the Student Council.

S E N I O R S

Our freshman initiation, our sophomore sophistication, and our junior bewilderment coupled with our final year have attributed to the foundation to be laid for our place in the community, for our place in life. With the realization that our four years are over, the responsibility of making a success or failure of ourselves becomes dominate. We're looking hopefully toward the future and sadly back at Texas Western.

Too used to everything to be surprised, yet not quite ready to say goodbye . . . it's not the past, it's not the future . . . "The Lost Chord." With laughter and joy we've sown our seeds and now, a little more experienced, a little more serious, we reap our harvest, ready for what is to come.

Heads a little higher, voices a little surer . . . living for today alone . . . ready to tackle anything with our reckless air. It's this day, this hour, this minute for which we live, for it's now our dreams are fulfilled. We have the world in the palm of our hand.

Meek and humble we faced a new world . . . not sure what was to come. With knees shaking we lost our books, our classes, and almost our minds. The senior plague was everywhere. Little did we know at the time the wonderful times that lay ahead.

Standing behind Texas Western in all her undertakings are her supporters, those who are genuinely interested in her progress and achievements, making various activities possible by their participation.

Let's show our gratitude by backing them the way they've backed us.

HOWDY!

WHAT IS I DOING
IN THE AD SECTION?
GOOD QUESTION. COULD
BE I IS FILLIN' SPACE
OR MAYBE IT'S CAUSE
I'SE SO GOOD-LOOKIN'.
BUT IT'S PRO'BLY CAUSE
I'VE BEEN AS MUCH A
PART OF TWC AS
ANYTHING HAS OR ANY-
THING EVER WILL BE.

SOMEHOW, I'VE
MANAGED TO PUT
OUT THE "PROSPECTOR"
FOR THE PAST TWO
SEMESTERS. SOME
FOLKS WHO DIDN'T
KNOW MY REAL NAME
CALLED ME JIM PALMER.

AND THEN THERE
WAS FOOTBALL! OLE'
MISSISSIPPI SOUTHERN
TRIED A FEW TRICKS,
BUT I PUT HER IN
HER PLACE... WHILE
MASCARADING UNDER
THE NAME OF DICK
SHINAUT.

AS GENE O'BELL,
I WON THE
ELECTION LAST
SPRING. RIGHT
NOW I IS BUILDING
A NEW PLATFORM
ON THE SUBJECT:
"PRE-FAB REST
HOMES FOR TIRED
DORM MOTHERS."

DID I PLEDGE
A FRAT? WELL,
IT'S A LONG STORY.
JUST KEEP
READING THIS
SECTION, AND
YOU'LL HIT "SCHMAGO
AND PUSH WEEK"
OR "HOW TO GET
SOMETHING FOR
NOTHING."

(NOTE: THIS IS A PARODY ON POGO.
DON'T TAKE ANYTHING SERIOUSLY.)

A man or woman and even a business firm is often known by the company which it keeps.

Dickshire of El Paso, distributor of Coors, is proud of the role which it has played in the development of the El Paso Southwest. Good neighbors most of the time distribute good products.

Dickshire is proud to have brought to El Paso the television show "I Led Three Lives" which exposes communist intrigue in the U. S. It is proud to be sponsoring the El Paso baseball club in the Arizona-Texas League. It is proud of its participation in the Pan-American Road Race, the Sun Carnival Parade, and numerous other community and civic affairs.

SCHMOGO'S JOKES

HE DRANK WITH LOVELY MABEL,
THE PACE WAS FAST AND FURIOUS;
HE CREDIT BENEATH THE TABLE —
HE WASN'T DRUNK, JUST CURIOUS.

A BISHOP WAS SITTING AT A
BOX IN AN OPERA HOUSE WHERE
COLLEGIATE COMMENCEMENT EXERCISES
WERE HELD. THE DRESSES OF THE
LADIES WERE VERY DECOLLETE. AFTER
LOOKING AROUND WITH AN OPERA GLASS,
ONE OF THE LADIES EXCLAIMED:
"HONESTLY, BISHOP, HAVE YOU EVER SEEN
ANYTHING LIKE IT IN YOUR LIFE?"
"NEVER," GRAVELY REPLIED THE BISHOP.
"NEVER, MADAME, SINCE I WAS
WEAIVED."

THE SHADES OF NIGHT WERE FALLING
FAST,
WHEN FOR SOME LOVE HE ASKED HER
SHE MUST HAVE ANSWERED YES, BE-
CAUSE
THE SHADES CAME DOWN MUCH—
FASTER.

HA! I said
when they told
me I had bad
breath

I laughed right in their faces when they told me my breath smelled like a men's locker room. It wasn't till I lost the Smith account that I knew something had to be done. Smith died of asphyxiation. I started taking Chloropills and now am an extremely rich but clean-smelling capitalist. It's saved my reputation and my wife. And Chloropills don't stop with just your breath. They go on to combat ALL the smells your body generates. Why go on offending your dear ones when you can be pure as an ocean breeze . . . instead of just a breeze.

**It's New!
It's Terrific!**

No longer need you envy the rich slobs what play shuffleboard on those big steamers. Now YOU can have a whole outfit right in your own home . . . in the kitchen, living room, and/or dining room. All it takes is a little ingenuity in re-arranging furniture and walls and about five or six hundred bucks. Don't let another day go by without enjoying this fascinating game. Better than television, and much more intellectual. Write now and avoid the shuffle.

RAT-FUR T-SHIRTS

They feel so nice next to your skin!

Underneath that shining exterior is a fabulous RAT-FUR T-shirt, the latest thing for spring. It keeps you warm on cool days, and absorbs lots of sweat on hot ones.

Styled by Zduzee of California, this new sensation comes to you in a variety of colors and absorbencies to fill your every need. Choose from peal grey, oxford grey, tattletale grey, and longtail grey. And for a few pennies more you can get a neat monogram tatooed on it. Look also for RAT-FUR shorts and socks. They're lying on your dealer's counter now, smelling up the joint.

PIPELINES MEAN CONSERVATION

The greatest part of the gas carried to market by El Paso Natural Gas Company is "flare" gas which would necessarily be burned at the field were it not for the pipelines.

The waste gas thus converted to useful purposes each year is equivalent in fuel value to 60,000,000 barrels of oil — a major contribution to the conservation of natural resources.

DON'T BE SKINNY. BE FAT, NAT!

Before

After

"I'll admit it. At first I was skeptical, but after trying your plan for just three weeks I was convinced. I used to be as weak and skinny as a child. Now, with your system, I put firm, attractive pounds and inches on my thighs, thorax, and shoulder-blades."

I. G. A., Scranton, Conn.

Why should you dread going to parties and socials, simply because you are a physical mess? Plenty of reasons, aren't there? Sure there are. You bet. But now—why ever feel self-conscious of your body again? Ever. You've got nothing to lose . . . and **WEIGHT TO GAIN!** Act now. Stop being the gal or the guy who dreads going to parties and socials because it means that everyone will enjoy themselves and you won't. This means you. No need to be a wallflower just because you look like last year's enema tube.

This four-way plan is **UN-BELIEVEABLE** — guaranteed to put firm attractive pounds on your arms, elbows, wrists, and fingernails, OR IT DOESN'T COST YOU A PENNY. (100 x 5.03) This is the same plan used by doctors in actual hospitals.

AT LAST — the secret of gaining weight: **GETTING FATTER!** Now YOU need no longer be afraid to be seen at fashionable and exclusive parties and socials with your clothes off.

LET YOUR MIRROR TELL YOU

If after 10 days your mirror doesn't tell you that you look firm and attractive, then something's wrong. Snow White may be working your territory again. We know how to handle her. That's what we're in business for. Call her in and tell her what the score is—or else. She'll ugly up, and fast! You wait and see.

MAIL THIS NO RISK TRIAL COUPON NOW!

Dear Sirs:

I'm desperate! My Asters have, I am afraid, come down with a "social" disease. They are sort of limp looking and the leaves have curled and cracked at the ends. They used to be so cheerful, but now all they do is mope about the house, looking dejected. I am afraid to leave home for fear of what the consequences might be. Enclosed is \$1.00. Please send me your booklet "How's Your Asters?"

Navajo Hangers

Indian Joe wrought silver coat hangers for those who don't have to worry about price. Of course Navajo hangers cost more—they're worth it. Each exquisite hanger, hand-wrought by painstaking Native Artisans, will last a lifetime and become cherished heirlooms. No luxury item these—an authentic Navajo curse (sure death to moths) has been incised on each artful hanger.
