Re: Hyman Rosenfeld,
Mexico City, D.F.

Dear Miss Razovsky: (About 48 years of age)

Will you please assist me in securing character letters for the above mentioned Mr. Rosenfeld. Mr. Rosenfeld lived in New York City from 1903 to 1913, and would like a police certificate for that period. It appears that he attended the Baron De Hirsch School for Immigrant Children from 1904 to 1906. I would like a record of his school attendance after 1906 when he is supposed to have entered the public school system.

These documents are necessary to establish Mr. Rosenfeld's character during his stay in the United States, and would appreciate your usual prompt attention.

Thanking you, I am

Dear Mr. Rosenfeld:

Your Son, Hyman Rosenfeld, of Mexico City, has asked me to assist him in securing visa for permanent entry into the United States. In order for me to do this, I must have your assistance in securing the following documents:

Will you please call on the Chief of Police and ask for a Police Certificate from the time of his entry into Detroit from 1914 to 1917. You may explain that this document is for the purpose of proving the good character of your son.

A record from the Ford Motor Company, where your son was employed, showing the time of his employment.

Also your Son's birth certificate will be required. If possible, send it in duplicate and have it translated into the English. (Your son made mention that he has already written you to send this document to me.)

All of the above papers will be needed for presentation to the American Consul.

At the time that your son filed an application with the American Consul in Mexico City, he made the statement that he is worth about \$40,000 Pesos (About \$8,000) Since he has liquidated his business and returned to the Texas-Mexican Border, I find that his finances have dwindled considerably, and would like to suggest that you help establish a favorable financial standing. Mr. Rosenfeld is very reluctant about asking any such assistance from his relatives, and this is wholly my suggestion. Would it be possible that you and your sons, who are now living in Detroit, would make an affidavit in the form of a letter, addressed to the American Consul in Mexico, that Hyman Rosenfeld has in the past six months sent

#2.

Mr. Julius Rosenfeld.

to you sums of money (you may use your own discretions) as to amounts and dates) amounting to about \$3,000 altogether, for you to invest for him. Please bear in mind that your son has some money, but I do not think it is sufficient to impress the American Consul. In times such as these, where thousands of emigrants are trying to enter the United States, the American Consul must be convinced as to the financial stability of the applicant. It is for this reason that I ask you to supplement his financial position in this manner.

With all the aforementioned documents, I feel we shall have no difficulty in getting favorable consideration from the American Consul, and immediately upon receipt of same, I shall present his case.

Thanking you for your co-operation, I am,

Yours very truly,

Mrs. Frank Zlabovsky,

Dear Mrs. Zlabovsky:

My Father received your letter dated the 9th regarding my brother Hyman Rosenfeld.

We are taking care of the details as to contacting the police department and also the Ford Motor Co.

The matter regarding affidavits that Hyman sent \$3000.00 here for investment we were advised against by our attorney because the question may arise wherein he may be asked to show receipts for money sent to us which of course he cannot produce; so under the circumstances we feel it would not be wise to do this. However if he needs additional funds to show to the counsel we may be able to raise \$1000.00 in cash for that purpose.

If you feel that this is the better way; under the circumstances, have him advise me and we will send him the money.

The birth certificate has been mailed care of your address a few days ago by registered mail and I presume you have same by this time.

Hoping to hear further regarding this matter; and thanking you for your interest I remain

Very truly yours;

We are in receipt of a memo from you asking us to get police records and school records for Mr. Hyman Rosenfeld.

We cannot get police records for Mr. Rosenfeld without his fingerprints. It will be necessary for him to go to the police in Mexico City, have himself fingerprinted and request that they obtain the information from the New York Police Department. We have written to the school system for a record of Mr. Rosenfeld's schooling. We are not certain that we will have an adequate answer because we have very poor information regarding Mr. Rosenfeld from your memo. We do not know what years he attended school, what his address was at the time he went to school, or what his age was.

Will you please write to El Paso, Texas, and ask the Committee there to obtain this pertinent information because we are certain that the Board of Education will require it before they can give us specific information, especially since the name Hyman Rosenfeld is an extremely common one in New York.

Dear Mr. Rosenfeld:

Acknowledging your letters of November 9th and 10th, I wish to state that an affidavit from your family will help, and I shall write to to them.

About your investment in business I would suggest that a bank account would make a better showing at this time because an investment such as I imagine you are referring to, would not make such a good showing. The only business that would carry any weight would have to have the endorsement of an Agency like Dun & Bradstreet, and naturally you will not have been in business long enough for such a report. The Police certificate from New York is being held up for lack of your finger prints. Please send them to me at once. You may take a photostatz of your naturalization certificate from Mexico. I think the finger prints appear on that. If not, it will be necessary for you to go to a police station or immigration office where they will be glad to accomodate you.

We have written to Mr. Garalnek, but up to the present time have received no reply from him. I shall be glad to assist him.

It is going to be necessary that you take the \$2500, add to that interest at the rate of 6% and deposit it to the credit of Hyman Rosenfeld in one of your banks. Get a letter to that effect from the bank and bank book and send it to your brother with a letter to him explaining that the investment which you made for him has been paid and is now to his credit in the bank pending his arrival in the United States.

Riga is the Clearing House for all of Russia, and
that the Cable should have been sent there instead
of Moscow. As it is there is nothing you can do but
wait until you get your number, but you should have
been spared this delay.

Just as soon as you hear, please let us know at
once, as we are eager for the good news.

ROSENFELD, HYMAN

The Police Department reports that "the prints submitted are not sufficient to make a proper search of our files. Mr. Rosenfeld can secure an official set of prints by applying to the Los Angeles police authorities."

The Board of Education informs us that they have no record on file in their office concerning Hyman Rosenfeld. They suggest that we contact the last school that Mr. Rosenfeld attended while living in the City of New York. His record may be on file there.

Will you please communicate with the El Paso Section and obtain the name of the last school where Mr. Rosenfeld attended and the dates of his attendance there, and also an official set of fingerprints so that we can again ask for police certificates.

ELLA COURLANDER: ag

Dear Mrs. Zlabowsky

I received your letter of Dec 5th
now I have everything ready
which I am enclosing herewith

N^o 1 I am enclosing deed of
property transferred to me
by my cousin (uncle's son)
with statement of income
and value -

This property has been
purchased for me by my
Cousin in March 1935 with
money I have sent him at
that time to invest for me.
He had my permission to
have it in his name - during my
stay in Mexico, to make more
convenient his management of
my property -

I am also enclosing police certificate
from Mexico city - which document
is no longer issued by the
police in Mexico city - but they

have delegated this work to a special department created for that purpose - It is now necessary to have witnesses testify before a court of justice that they have known me personally that I am an honorable man - and have always been so in all my dealings with everybody.

I hope all this will prove satisfactory - and am awaiting your instructions as to whether you want me to come to El Paso

My very best regards to you and Mrs + Mrs. Galdfarb from Mr. Robinson + myself.

Very truly yours

Dear Mrs. Zlabowsky
Your letter of Nov. 14 received
and as regards showing of
investment - I would say
that a bank account would
not be possible owing to the
fact that all our money will
have to be invested shortly
and I believe it would not do.

However if you consider
advisable - a deposit of about
3000 dollars more or less can be
deposited in my name in a
Los Angeles bank - and I can
send you the bank book - but
this will have to be withdrawn
the next day for investment by
Mr. Johnson and according to your
letter - he cannot be rated as
yet by Dun & Bradstreet.
Last night after having
received your letter - I met

an uncle of mine who is a
yanger brother of my father - and he
made me the following offer

He owns a house here in
Los Angeles a 2 story flt
building having rooms
upstairs a store down stairs
producing about 100 dollars a
month in rent - the property
according to him is worth about
10,000 dollars against which he
has a ~~mortga~~ first mortgage
of 3,100 dollars.

He offers to transfer in
my name the deed to this
property - I can then mail you
a copy of this deed - please let
me know by return mail
whether this arrangement will
be satisfactory - so I can arrange
this matter as soon as possible.

I will take care about the
fingerprints - and will write you
again as soon as I have them!

With kindest regards to
Mr. and Mrs. Goldfarb and yourself
from Mr. Robinson and myself

Mrs. F. Zlabowsky
El Paso Tex.

Dear Mrs. Zlabowsky.

I am enclosing herewith my finger prints taken before a Notary which I believe will be acceptable to the police in New York-

I have delayed sending these prints - because I expected a like request from Mexico city and expected to make both affidavits at the same time.

I have not yet received the certificate from Mexico city. I am advised that the matter is being taken care of. It has been made more difficult to obtain these certificates from Mexico city which is the ~~cause~~ result of a tendency on part of the Mexican Government to withhold emigration as much as possible - at least, this is what I am led to believe. I am also informed - that even people who happen to be in Mexico city are made to wait several months for

for their police certificates - so that
even - going to Mexico City would not
help. However - there is nothing
impossible - so we can leave this for last
and if I don't get it by the time all
the other papers are ready - so I will
send them 125 Pessos - and the
certificate will be obtained more quickly.

I have written to the Chamber
of Commerce in Durango where I was
a member at the time I was there
and am awaiting their reply regarding
my Police Certificate from there -

If there is anything else I can
do please let me know -

With kindest regards from
Mr. Johnson and myself to Mr. + Mrs.
Goldfarb and yourself

I am, very truly yours

H. Rosenfeld

I believe it advisable to drop
Mexico - and take up
only Chihuahua - where I have
been in business

From Chihuahua -

I have a Police Certificate
I have a few tax receipts
showing I paid Taxes there
on my business

I have a Death Certificate of
my wife who died in Chih
last year

I have a letter of recommendation
from my bank in Chih stating
that I am honest and my
credit is good

The only drawback is that when
I applied for a border crossing permit
which I needed for my frequent
trips to buy goods in El Paso
I stated that I have never
been in the States before
that I was born in Russia and
am a Mexican citizen

I have written my brother to send my Bill
and duplicate to you -
from

and my trips to El Paso
is for buying goods

Perhaps it is advisable to
confess that I told a lie in
this case - because advised
by a man I met in the train
that in this way I will get
it quicker and not lose
valuable time which I needed
for making my purchases

and this is really the truth

There are two firms in El Paso
whom I bought goods for
my store

The Mexico Hardware Co
Mamser Dunnegan - El Paso
and I think I can get letters from
them if necessary

If any other documents needed
from Chihuahua - I think I
can get it -

In case I drop Mexico
I can state that I entered
Mexico any time either
before or after the war:
