BUILDING

Along the roads of life are the doors of opportunity. They are there for those who are not afraid to pass through and seek the knowledge that lies ahead. At Texas Western College many individuals are progressing through these doors. And as individuals are progressing, so is the "College on the Hill." In this book lies proof . . . as the door opens on progress at Texas Western College.

The 1962 Flowsheet is dedicated to DEAN LOUISE RESLEY with our respect and admiration:

...because she has been a counselor, advisor and helper.

...because she has worked so hard with the women's organizations on campus.

...because first as a teacher at Texas Western and then as a dean, she has shown an honest interest in students.

...because her work has aided the progress of this college, we dedicate this annual to her.

Graduation Memories Will Always Be Cherished

Speeches at graduation seem to instill us with the desire to better ourselves in life.

Oh, oh! At a last-minute hours' check, it appears that you will have to take that P.E. course after all. Hope you won't mind!

The long line of ladies must prove that there is something to theories that say women are much smarter than men.

Summer School Registration Began A Wonderful Summer at TWC

Okay, y'all! Let's have that money for your fees. Otherwise, you can't go to any of your classes.

With all that food around, you'd think that this was the SUB snack-bar instead of the TWC registration line.

I promise to tell the truth, the whole truth, and nothing but the truth; this is a mess!

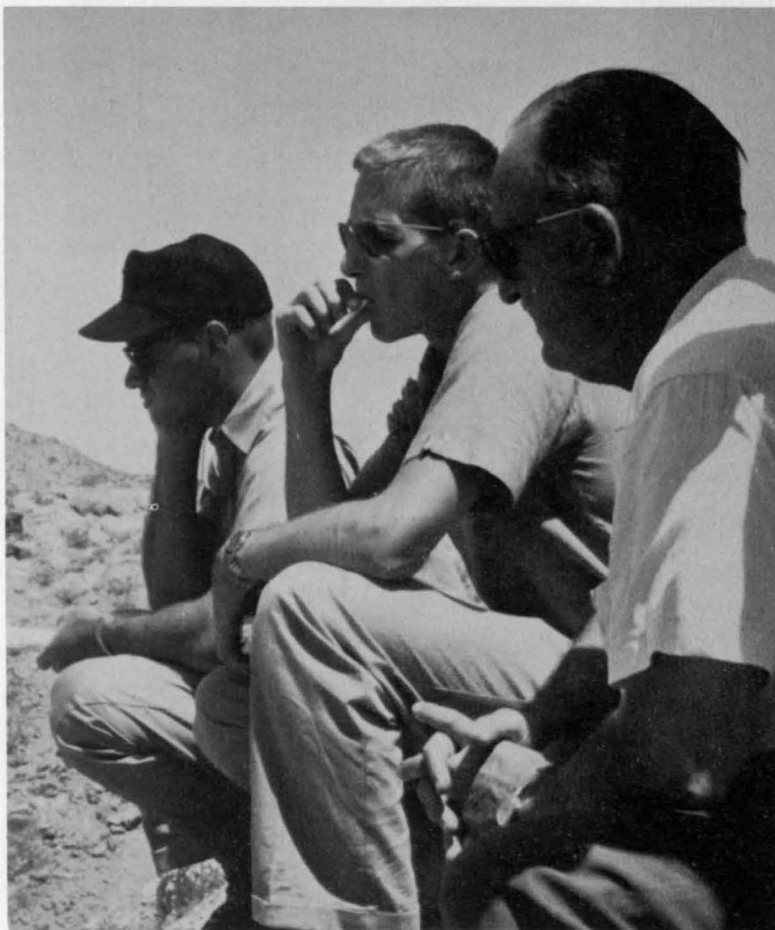

After long hours of classes every day, the Peace Corps ought to be highly qualified, especially since Dr. Margaret Bates was an instructor.

The Peace Corps Came To Texas Western

Part of the Peace Corps consisted of a corp of surveying engineers who examined every inch of the land around the college. Tanganyika is similar in climate and topography to El Paso and the Southwest.

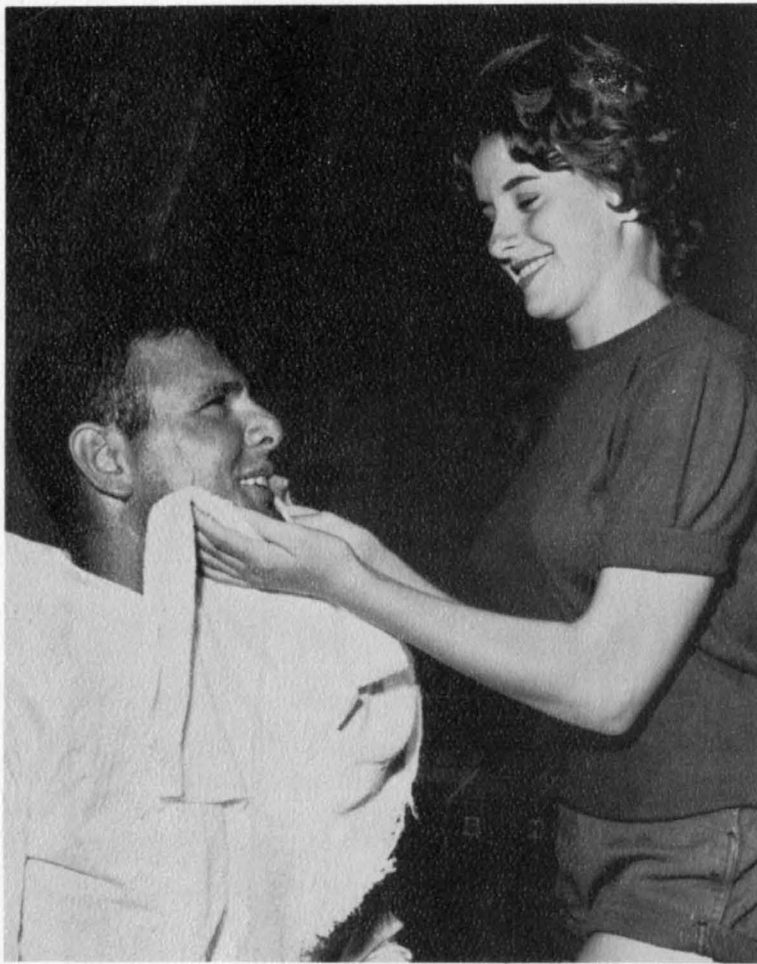

They're off and running at Sunland Park, but the boys in the Peace Corps were not there for all the fun. From the concentration they're giving the lecture, they don't even care about it.

This happy Peace Corps member obviously has just discovered a secret: sun glasses and an occasional break make the hot sun a lot more bearable.

"Oh, I don't know, Ron; maybe if you could sleep through the African History course, you could make it through the dance."

Two TWC Lovelies Were Selected To Reign Over Festivities

Any big Miner football star would enjoy having his noble brow dried by lovely Carol Knapp, the 1961 "Miss Operation Kick-Off," and it seems that John Young sure does.

Queen Mary Jane Stanley is receiving her crown at the last event of the Summer School session. Dean McCarty looks like he enjoyed the dance, too.

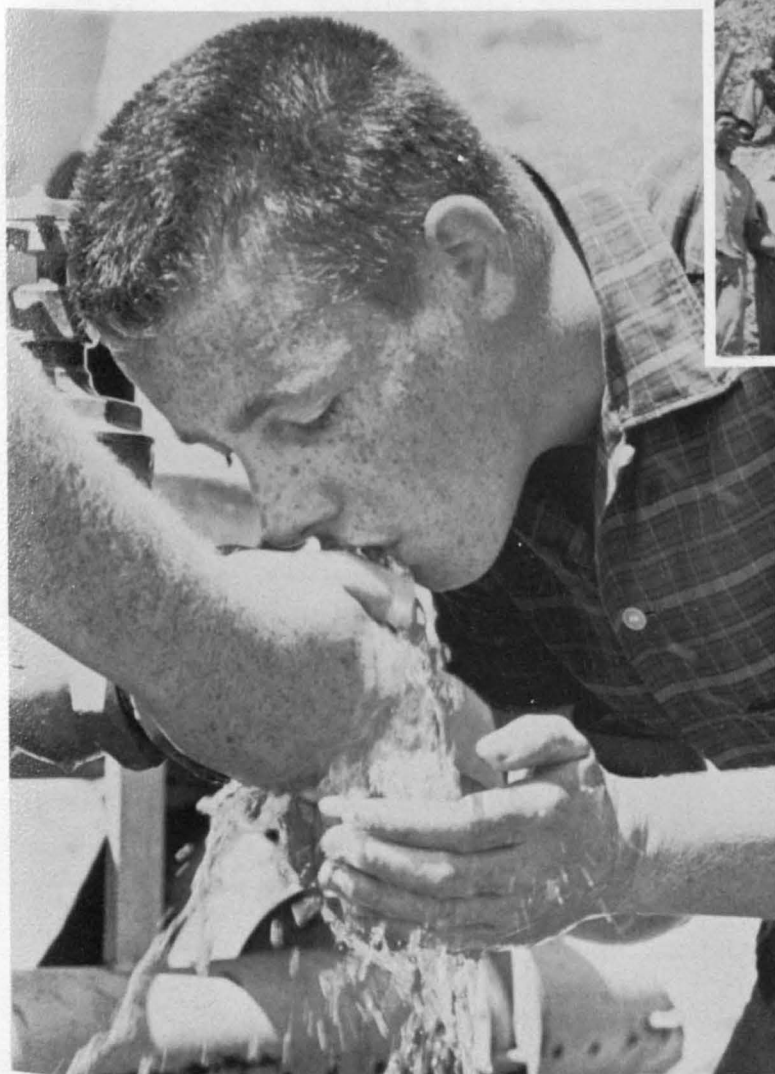

"M" - Day Was Fun For Everyone, Even The Frosh!

Tramp, tramp, tramp. A-marching we will go. "To whitewash the M; hi-ho, hi-ho, off to work we go!"

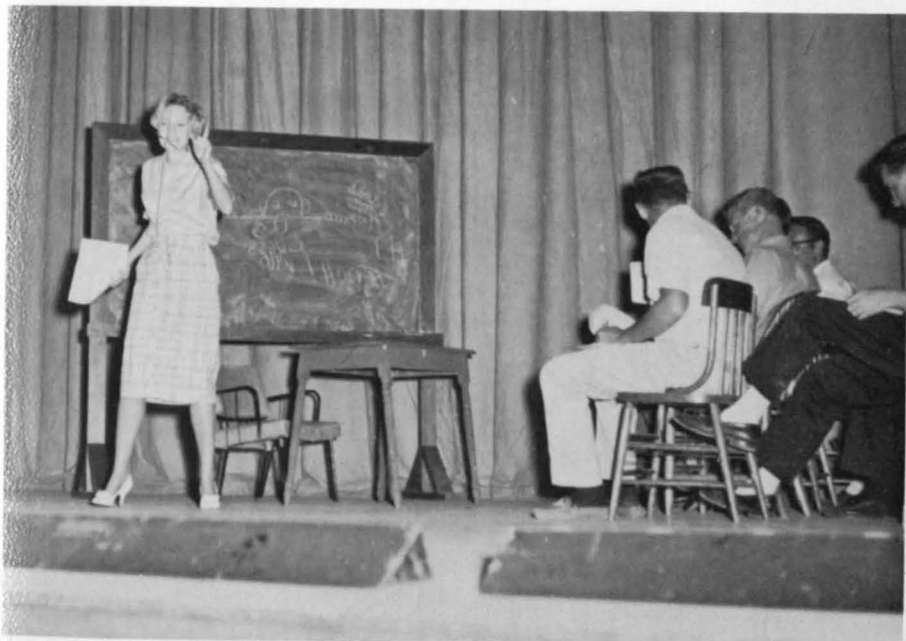

Into each life some rain must fall, even if it is M-Day and the rain is awfully white, too.

"Drink to me only with thine eyes," and I will pledge that I never will climb up here again just for a paint job.

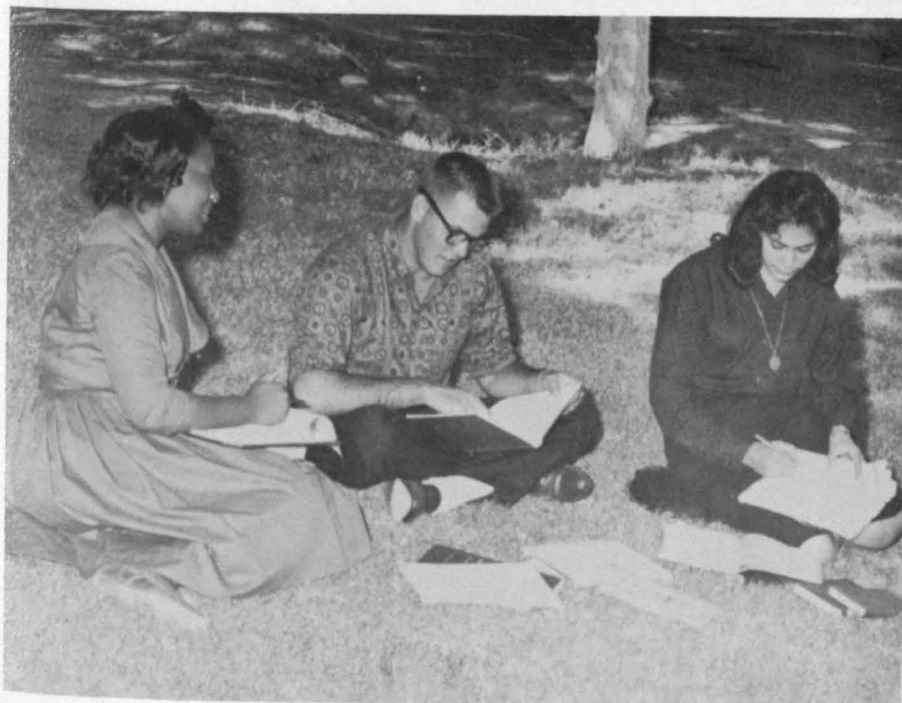

Fall Classes Began

"And what's more, Anacin doesn't upset your stomach."

Fullest attention is given to all college instructors.

In the shade of the old apple tree. . .

"Come in! We were expecting you--everything is going wrong today."

Office of the President

Texas Western College

of THE UNIVERSITY OF TEXAS

November 2, 1961

at El Paso

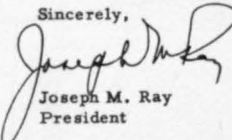

I want to congratulate the Flowsheet editors for producing an Annual that measures up in all respects to a distinguished line of such publications in the past.

This is one of the most distinctive years of your life. It will be dated primarily from your academic status in this College year. In the future you will identify events as having happened not during 1961-1962, but rather as having occurred the year you were a freshman, sophomore, junior or senior. The Flowsheet provides an invaluable record of this special year of yours. Friendships and memories will fade as time moves on, but the 1962 Flowsheet will serve ever to refresh the experiences you had during this year.

One of the most valuable resources the College has is the loyal support of its former students. As you finish your work at Texas Western and move along to other lines of activity, perhaps this Flowsheet and the others you accumulate as a student here will help to keep your interest alive in the growth and development of the College.

This has been a happy and constructive year for the College as a whole and I trust it has been the same for you.

Sincerely,

Joseph M. Ray
