Historical Sketch

The Woman's Department of the Greater El Paso Chamber of Commerce is a non-profit organization founded by May McGhee. It began as a temporary organization on April 1, 1924 and became permanent in June, 1924. Starting out with 27 charter members, the Woman's Department was the first of its kind in the United States. The initial goal of the Woman's Department was to "Know El Paso and Sell El Paso to El Pasoans and the world." By 1946, the Woman's Department grew to 605 active members. Today, there are more than 1,500 active members and the Woman's Department is always seeking out new members to join.

The Woman's Department thrives on civic duty and community involvement. The Woman's Department consistently invites women from Ciudad Juárez, Mexico and military wives to annual teas, meriendas, and luncheons in members' homes, schools, YWCAs, religious institutions, and various locations throughout the city. By inviting new members and showing the cultural and historical gems El Paso and the surrounding area offers, the Woman's Department wants to inspire new residents and longtime residents to remain in the city to keep it growing.

For about 90 years, the Woman's Department has contributed to the growth of the city. The Woman's Department has supported minor league baseball, clean gas, the Civic Center, the International Museum of Art, and the El Paso Symphony Orchestra. Each Chairwoman-Director elected chooses a goal or theme for the year she is in charge of the organization. Past themes include: safety, El Paso beautification and cleanliness, buy locally, cultural and educational advantages, and closer border and military relations.

Additionally, the Woman's Department has been involved with or sponsored annually: the Cotton Festival Princess, Sun Carnival Duchess or Queen, clean up week, Southwestern Art throughout the city, scholarships from the Texas Western College and the Southwestern Art Display committees, annual bus tours highlighting the city and surrounding area, fashion shows, and programs highlighting cultural advantages of El Paso through art, music, history, novels, and plays.

Woman's Department committees are responsible for fundraising, spreading information about events within the city about the organization and their committee, and for bringing in new members. As membership increases, more committees are formed to meet the present needs of the community. Some Woman's Department committees include: social, military affairs, civilian defense, courtesy, international affairs, youth activities, telephone, woman's department legislative, civic improvements, gold star, friendly city, architectural,

planning, book collection, better literature, clean up, educational, Texas Western College, Southwestern art display home safety, history, program, membership, foreign relations, foreign students, and foreign military.
