Historical Sketch

Alexandra Minna Stern is a history professor and the Associate Dean of the Humanities at the University of Michigan. She received her PhD from the University of Chicago in 1999. Her research areas focus on the history of eugenics, public health, reproductive politics, and genetics and social justice. Publications include *Eugenic Nation: Faults and Frontiers of Better Breeding in Modern America* (2015) and *Proud Boys and the White Ethnostate* (2019).

Series Description or Arrangement

Materials left in original order. Collection is minimally processed.

Scope and Content Notes

The Alexandra Minna Stern research files, MS701, consist of photocopies of articles, government documents, and other items. Three reels of microfilm are part of the collection. The files date from around the 1990s – 2000s, though the original dates of some of the photocopied material are from circa 1900s – 1950s. The materials relate to health, racism, immigration, education, and other topics along the U.S.-Mexico border.

Provenance Statement

Donated by Alexandra Minna Stern, June 2022.

Restrictions

No rights to published materials.
