Men Of Mines Announced

23 Outstanding Men Chosen

Twenty-three outstanding graduating senior men have been named to Men of Mines, Dean of Men Carlos Garcia announced this week.

Those selected on the basis of their leadership and service to Texas Western included: Charles Blazier, Kenneth Edward Calabrese, William Norman Carter, John Charles Crockett, and Winton Owens Craft Jr.

Sun Bowl Coverage

Freeway Changes

Parking

With Veterans circle now turned into a temporary parking area, a major construction project on Schuss- er Avenue began, the construction for the College interchange with Interstate 10 is anticipated. However, the only word so far for College Street (Schuss-er Avenue) is that it will eventually make a 90 degree turn towards the Campus. After completing the freeway work, the road will eventually make a 45 degree turn towards the Campus. After completing the freeway work, the road will eventually make a 45 degree turn towards the Campus. After completing the freeway work, the road will eventually make a 45 degree turn towards the Campus.

The College interchange will be constructed below the old Veterans Village. The freeway at this point will run above the intersection. The present intersection will be eliminated and eventually make a 45 degree turn towards the Campus. After completing the freeway work, the road will eventually make a 90 degree turn towards the Campus. After completing the freeway work, the road will eventually make a 45 degree turn towards the Campus. After completing the freeway work, the road will eventually make a 45 degree turn towards the Campus.

This information was released by Dr. Oscar H. McMahan, professor of physics and chairman of the Board of Regents of the University of Texas System.

The pressing problems of growth of the Texas Western Campus either late this month or early February. Their purpose is to develop a master plan for the future of the Campus and accommodate future growth.

During their two week study, a committee of eight members, under the guidance of Dr. Philip Mansfield, will discuss the needs of the Campus and develop a master plan for the future of the Campus. Their report will be presented to the Board of Regents for the Texas Western Campus.

Library Hours

The library of the Texas Western Library will close at its regular time, 10 p.m., during the period of final examinations instead of remaining open until midnight, as was the policy of previous years.

VICTORY A LA DORI... Billy Stevens (15) accepts the Most Valuable Player trophy earned in Texas Western's upset win over Texas Christian University in the Sun Bowl game. "They paid me $25 and I didn't want to accept it. I'd rather have popped a cork and drank my coach's beer." Stevens later admitted. (Photo by Leo Cain)
Unndefeated Riflemen End Fall Session Of Season

DOUG CONWELL

Finishing the first half of a brilliant undefeated season, the El Paso rifle team has clinched the championship of the El Paso Del Norte League and State competitions. After scores are compiled in the fall, some 20 teams will be turned. Teams compete in the divisions to determine the winner for each. Texas Western Gold team, which is in the upper division, won a record average score for each team member was an astronomical 327 out of a possible 360 total points. "Without a doubt I feel confident that the Gold team will place first in the Del Norte League," said Sgt. Dale Helton, team coach.

HOURS OF PRACTICE

The team practiced many hours a week, said Helton, whose record this year. As George Rodenberg Jr., highest scoring team member stated, "We put in eight days of work a week."

Minutes from the center of the line, the El Paso Del Norte League are normally held each Monday night at 7 p.m. After the firemen put on protective shoulder and elbow pads, adjust their sights and weapons, since they are ready to begin. Each team consists of seven men who fire in prone, standing, kneeling and rifleman. The four highest scores of each team are recorded and graded by team captains. Team members are optimistic about future matches. "Our team has possibilities of being national champions," Rodenberg enthusiastically said. "But we've got to need more support and more equipment to do it," added Ed Hutton.

Texas Western Gold Rifle Team needs more than $200 for our Roswell trip and $400 for the University of Texas Invitational this spring," said Sgt. Helton.

The Rifle Team needs more than $200 for our Roswell trip and $400 for the University of Texas Invitational this spring," said Sgt. Helton. Team members are optimistic about future matches. "Our team has possibilities of being national champions," Rodenberg enthusiastically said. "But we've got to need more support and more equipment to do it," added Ed Hutton.

Last Saturday, the Texas Western Gold Rifle Team competed in a rifle match against New Mexico State University, Texas Tech, West Texas State College and New Mexico Military Institute. TW beat every team but Texas, and lost to them by a narrow margin of four points. "This year has been filled with the opposition all season," said Sgt. Helton.

Without a doubt I feel confident that the Gold team will place first in the Del Norte League," said Sgt. Dale Helton, team coach. "Our team has possibilities of being national champions," Rodenberg enthusiastically said. "But we've got to need more support and more equipment to do it," added Ed Hutton.

Student Union Building
Crammed Examinations Result in Hardships

For the college students who don't wish to spend a summer loafing (because they've thought) or attending classes at the University College they will be attending for nine months, many opportunities are open for a change of pace and scenery.

TODARO

One of the opportunities already advertised is the scholarship given in England. The program includes a seminar followed by three or more weeks of digging. Students who applied before January 1 have a chance for a very different summer.

The only solution available through these extra hardships? Why, in fact, are the students being punished?

The administrator's available is that if the exams were not scheduled as they are those working in the administration would not have time to do their work.

A point that has been overlooked is that after finals end students do not have a chance to travel several miles back and forth between the dean's and his professor's offices.

In short, the one having final say about what a student can take his final test his professor. It is also up to the professor what final the student tests. This means that a student may be made to take an exam different from that taken by his classmates—this for the inconvenience of the examiner as much as for the student's hardship in dealing with the test.

Why take this quiz? Why must the students go through these hardships? Why, in fact, are the students being punished?

I think the administrator's available is that if the exams were not scheduled as they are those working in the administration would not have time to do their work. A point that has been overlooked is that after finals end students do not have a chance to travel several miles back and forth between the dean's and his professor's offices.

In short, the one having final say about what a student can take his final test his professor. It is also up to the professor what final the student tests. This means that a student may be made to take an exam different from that taken by his classmates—this for the inconvenience of the examiner as much as for the student's hardship in dealing with the test.

The Sun Bowl game and the Sun Carnival Basketball Tournament for the Miner football squad.

The service provides such employment and study opportunities.

For Change Of Pace, Scenery

For those interested in study at a foreign university, the International College in Copenhagen is an expanded program for students in their senior year. Undergraduate study or advanced graduate study or advanced graduate students seeking a special class offered in Europe.

ICC programs include full-time study throughout Europe, Danish area studies, family living, folk school education, participation in the cultural and social life of the students and an all-world seminar.

Further information is available from the School Office or write to The Director, American University, 146, Solborg, Copenhagen, Denmark.

In addition to these examples, bulletin boards over the Campus offer other opportunities for interesting summer travel, work, study as well as study opportunities for next year.

-JRANIE Todaro

Test Your News Knowledge With Time News Review Quiz

Every year Time, the weekly news magazine, produces a quiz that lets high school and college students measure their knowledge of events that happened during the year. What news made the autumn of 1965? What were the headline happenings in December? Why don't you take the quiz? Here is why.

1. At the start of its 20th session, 154 nations united by the United Nations seated three new members, bringing the total to 181. Seated were all but one of the remaining 19 countries.
   A. Maldives Islands  
   B. Nigeria  
   C. Malaysia

2. Paul VI made an historic trip to the United Nations Assembly and was received in the Assembly with a plea for world peace. All but one of the nations present was true about his visit.
   A. the Pope first pope to cross the Atlantic Ocean and see the United States
   B. the shortest leg of his world travels
   C. He was the first pope to address the United Nations
   D. He was the first pope to meet officially with a President of the United States

3. As a result of its conference in April, the organization for more political power for the African majority in Egypt, the United States, and the United States in the self-governing country of Korea.
   A. Join in a federation with the Union of South Africa.
   B. Nuclear testing in its territory.
   C. Blockade the neighboring island.

4. Dead in Africa at 30 was Alan Paton, a South African writer. In his long life his work was world-known but was not one of the following:
   A. Theologian  
   B. Senator  
   C. Doctor

5. A power struggle between the anti-Communist elements and...

New ROTC Course Available To Men

A new two-year ROTC program is being offered at Texas Western College. This program is intended for transfer students from colleges and universities not offering ROTC, and those students at TWC who did not wish to take the Basic ROTC Course during their freshman and sophomore years.

Students taking the new two-year course will obtain a commission as a Second Lieutenant and between their sophomore year and a Transport allowance of six cents per mile for a maximum of 3000 miles. The student will be eligible to complete the Basic Summer Camp, the student is eligible to compete in the United States the Seward-Hawley Act, Personnel Support, and is paid. The student must maintain a "B" average in all courses taken on campus as a freshman and sophomore.

Free Care Program (Continued from Page 1)

Where today we only have about 7,000 students enrolled in Texas Western, by 1985 we will probably have well over 30,000 students," said Mr. Smith. He added that this increase in campus population will create numerous problems. Where will the buildings be? How will we get around? Where will all these people park their cars?

Leadership Is Trait Of Honor Students

(Continued from Page 1)

Kennedy, a metallurgical engineering major, is a member of AIME, "M" Club, and Alpha Chi Omega and APhi Phi. Majoring in journalism, Laurel is co-editor of The Fast Times. Also a member of the student senate, she is a Tau Kappa Epsilon fraternity member.

Naya, a psychology major, is named to Who's Who and was named to Who's Who and is a member of Phi Kappa Delta, and Sardonyx. Alpha Mu, and company commander of Pershing Rifles, and a member of Omega Chi and a member of Phi Alpha Theta.

Tinkler, a biology major, is a member of Sigma Pi Sigma, Phi Beta Kappa, and a member of Phi Kappa Psi.

Shirley, a biological sciences major, is a student senator, vice-president of Young Republicans, and secretary of Kappa Sigma fraternity. Thomas is majoring in history. He is a member of the Student Senate, and a member of Phi Alpha Theta, and Sigma Epsilon fraternity.

Tinkler, a biology major, is a member of the Student Senate, and a member of Phi Alpha Theta, and Sigma Epsilon fraternity.

Townes, a pre-law major, was named to Who's Who, and is a member of Kappa Delta, and Sardonyx. She is a member of the Student Senate, and a member of Phi Alpha Theta, and Sigma Epsilon fraternity.

Weisheit, a physics major, was named to Who's Who, and is the attorney general of the SA, president of Stevens Scholars, and a member of Sigma Pi Sigma, Phi Kappa Delta, and Sardonyx.

Parking Changes Revealed

Due to construction of the new science-mathematics building, several changes in parking locations have gone into effect this week, according to Campus Police Chief W. F. Jones.

New parking spaces open to undergraduates and above include the old Veteran's Circle area behind the south end of Burges Hall. The lot in back of the Administration Building has been eliminated. Campus parking beyond this handicap zone on the west side of Hawthorne Street and parking beyond the faculty reserved spaces on the east side of Hawthorne Street have also been eliminated.

Exam Schedule

Listed below is the final examination schedule for the Fall Semester, 1965. It is the student's responsibility to check his schedule carefully. Confusion as to time will not be accepted as a valid reason for missing an examination. Any student who has a conflict in examinations or who has three exams in one day should check his academic dean.

Note: English 3101 sections meeting MW at 8, TT at 8 and MW at 9 (specifically, these are sections numbered 1-11, excepting section 2) will have final examinations on Friday, January 14, as specified in the regular schedule set up by the Registrar's Office.

Evening sections of English 3101 will also meet as specified. All other sections of English 3101 will have final examinations on Saturday, January 15, at 1 p.m. in rooms to be posted on the English bulletin board outside Liberal Arts 226.

Students who are scheduled for Saturday afternoon examinations and cannot find their room must arrange examinations with the Dean of Men before January 14 for a makeup. See Mr. James in Liberal Arts 228.

3 Faculty Serve As Instructors

Three Texas Western College faculty members served as instructors for the Medical Self Help Training Course planned for the YWCA for El Pasoans and their families.

Dr. William H. Harris, Dr. Donald H. Harden and Ben Col-lins of the College Physical Education Department were among six instructors this community service course which the El Paso YWCA sponsored with El Paso County Medical Society.

Medical Self Help Training was designed by the U.S. Public Health Service in coordination with National Civil Defense. The evening lectures and films included training for day-to-day emergencies and for national crises.

The faculty members gave instruction and demonstration in bleeding and bandaging, artificial respiration, fractures and splinting and healthful living in emergencies. Other topics included radioactive fallout and shelter, transportation of the injured, infant and child care and emergency childbirth.

Albert Armendariz Wins Sweater

Albert Armendariz, sophomore government major, won the hand-knitted Alpha Lambda Del-sisters of El Paso YWCA sponsored Friday, December 11, in Dean of women Louise Reiley's office.

Yarn for the sweater was donated by the Knit Shop at Five Points, and the sweater was knitted by Mrs. Eleanor Duke, associate professor of biological sciences at TWC.
