Protests will wind up with a protest march on Washington, D.C. that will take place Saturday, March 25 and 26, to be held in San Jacinto Plaza from 1:30 p.m. The demonstration in El Paso will coincide with a protest march on Washington, D.C. that will take place today and tomorrow. The march on Washington is sponsored by the Students for a Democratic Society, a national organization that vehemently opposes the American Policy in Viet Nam. Thousands are expected to join the march.

Dr. Trexler will again join the demonstration, as will some students who are members of the newly formed Student Action Committee on Foreign Policy. There will be at least one student from New Mexico State University and two or three non-student local citizens. According to Dr. Trexler, the number of participants should equal the number of protesters in the first demonstration. He also pointed out that most of the group is made up of students, it does not consider itself as a student group but rather as a citizens' group. The Committee would encourage any students to participate in the demonstration.

The exciting championship Texas Western versus Kentucky basketball game is of great importance to El Pasoans and Miner fans over the country. In fact, the game and its attendant excitement even penetrated to a small group of fans in the Black Range Mountains in New Mexico.

Kingston, N. M., a mining town of 7,000 in its heyday, now boasts a couple of TWC students, Fort Bliss soldiers and high school students. These fans are the result of many.TWC graduates and postman Bob Flamm.

"Little School on the Hill" has most of the almost extinct equine family. People like basketball, I'm a football fan." Johnny Savage - I think we should have gotten out of school for at least one day. Kentucky and Utah did and they didn't win the game.

George Cooper - "The best basketball players in the west and we're best in the west.

Nellie Davis - "We were the best to begin with and remained the best.

Yolanda Rodriguez - "They're great!"

Walt Johnson - "Old number is number one."

George Keller - "Our team brought TWC to the eyes of the nation."

John - "It wasn't as exciting as I expected."

Linda Winer - I was great!

Sherry Farrel - "Whether in New York City or El Paso, the team was the best."

Albert Nedow - "The TWC Miners played like well prepared precision. I was the type of ball game that they can't possibly beat."

Sherry Lauritzen - "It was great!"

Cynthia Brown - "They're great!"

Tom Mathews - "It was a great boost for the school and the state of Texas.

John English - "I think it's the best thing that ever happened to this school."

Bob Flamm - "My reaction was one of mixed emotions. At first I found myself violin playing sudden loud sharp cries similar to those of the almost extinct equine stock. After that I was just glad we won.

Loretta Buchanan - "It was just as I expected."

Seldon Parntilee - "Thanks Togo Railey. To top it off, I didn't worry. I'm just glad we won."

Michelle Davis - "We were the best."

Teresa DiRosa - "I think I'd be number one."

Yarbrough Reflects on Warmth

By STEVE PUTNICK

At a recent campus gathering, a wrinkled black shirt seem to represent Glenn Yarbrough. In the presence of the audience, he expressed his thoughts on life and the world as he sees it.

According to Don Sherman, the comedian who appears on the television show "The Tonight Show," Glenn Yarbrough is a man of great wisdom who can draw the audience in with his stories.

Yarbrough reflected on the show business and how it has changed over the years. He noted that the "Top 40" charts have become more popular, but "cage-talk," or so it seems.

When asked what his plans for the future were, the soft-spoken Yarbrough replied, "I plan to sing some more, and maybe there's a movie in the offing."

While leading the hectic life of a performer, Yarbrough plans to finish his sailing trip around the world in his own time. He has already travelled as far as Hawaii, and this summer plans to sail the rest of the way.

Yarbrough shared his thoughts on the Beach Boys concert, saying it was far more delightful for the audience than it was for him.

The Last Tournament of the Season

As the last tournament of the season, the Miner Defense Stuns Kentucky in Finals

The last tournament of the season will be held in the West side of the Sun Bowl at 11:30 on Thursday, March 31, sponsored by the Student Association. The tournament will feature the best in men's basketball in the area.

Students who have expressed interest in participating are Brad Witt, Dave Kahne, and Brad and Dave discovered each other's talents on the court. They began to try different teams. They lost their only game of the season to Seattle, but redeemed themselves by winning out their annual publication, "The Miner." Most companies look for a man who cannot only do the job but yet get their work done. In 1961, Carl, the principal author of "The Miner," left with the money and "NoDoz" and "Bilko." He was then asked to initiate the MBA program, which has now enrolled students from all over the country.

The Wildcats became the first team to graduate from the University of Texas at Austin. The Wildcats were one of the most unique and popular forms of music to ever come from the sandy beaches of the West Coast: the surfing sound.

On March 31, the Student Association will present the Beach Boys, who have been billed as one of the most unique and popular forms of music to ever come from the sandy beaches of the West Coast: the surfing sound. In five years the Beach Boys have toured the world over.

When asked what his concert Friday night, his performance was just what you would expect from the "Top 40" rather intoxicating sound. With the presence of Hawthorne, a school chum have risen from obscurity to Hawthorne, a school chum in the record stores for $2.00.

The Beach Boys, known as the "Top 40" rather than the "Cuckoo" Moon, they search. They are reacting to the established customs of the older generation.

The stocky, sandy-haired singer, who is so fond of music, is the "Top 40" rather than the "Cuckoo" Moon. He feels that modern rock is just a good and usual American vocal group in the United States. In 1961, Carl, Dennis, and Brian Wilson joined forces with Mike Love, their cousin, and Al Jardine to initiate the "Top 40" charts throughout the entire country.

Three brothers, a cousin, and a school chum have risen from obscurity to Hawthorne, a school chum to the record stores for $2.00.

Students Organize Folk Trio

By R. GARY SHELER

Another claim to fame has appeared among the students of the University of Texas Western College. The students have organized a folk singing trio called simply "The Folk Trio" (D&B D's & Donn's), B & D & D, as they are referred to in the distribution department, the recording kingdom, released their first disc last time. Further plans are currently or are about to begin selling the platter locally. Nationally they are being played in Tampa, Fla., Longmont, Ontario, Houston, Galveston, and the West Coast.

Brad and Dave discovered each other in the hall of Hudspeth Hall; each with a musical background. Notice a great blend in the two voices, several vocalists (singers/analysts) convinced them that they should record commercially. Then, one evening, on a bus between El Paso and Santa Fe, they saw a little Mississippi Delta music, a little Mississippi Delta music, a little Mississippi Delta music, a little Mississippi Delta music, a little Mississippi Delta music, a little Mississippi Delta music, a little Mississippi Delta music.

Currently the trio is appearing at several local functions: T.V. and radio spots and all this on top of their going rate for $1,500.00 on Saturday in the SUB Ballroom.
Poling To Talk On 'Optical Scanning'

Philip Poling will lecture on the technique of "Optical Scanning" at 10 a.m. today in SUB 308. Mr. Poling is sponsored by the TWC Business Administration Department.

The technique of optical scanning is the ability to scan and read at high speed certain kinds of figures and symbols which can then serve as computer input. This relatively new technique eliminates the necessity of manually punching cards or paper tape for input and is being used increasingly by department stores, oil companies and other businesses.

Mr. Poling is a member of the Arizona Retail Controllers Association which is affiliated with the National Retail Merchants Association. He was elected Treasurer of the Controllers Association in 1965.

BOOKSTORE ORDERS DECALS
