Military Ball
Depicts Greece

The ROTC Military Ball will be held tomorrow night, 8-12 p.m. in the SUB Ballroom. Sponsored by Scabbard and Blade, junior and senior military students and ROTC will take part in the attired for this year’s Ball will be an “An Evening in Athens.”

Judge Gary chairman for the ROTC Ball, “The Ballroom will be decorated in scenes from ancient Greece. Have not been made for the ROTC Ball for nearly 100 years, the ROTC Ball will be the best ever.”

Military Ball for this year is Vicki Nava, who is also Company Sweetheart for B Company and Blanche Nava, who was a twirler with the TWC Marching Band, Senior ROTC Cadet. Vicki Nava’s father, Lt. Col. James Nava, was a fighter pilot in the Korean War.

Senators Schedule Meetings

Student senators will be available in SUB 300 from 9 to 11 a.m. on Wednesday at the end of school to speak with the faculty.

Student senators include Kathy Fyson, Mike A. Castilla, Bill Bingham, Jim Joel, Bob Delgado, Bill Ross, Joe Shaffer, Steve Kenda, Linda Boles, Markie Henson, and slice Betty. The senators will be available for students to address the senators with questions regarding campus issues.

Dr. Abernethy Will Speak At Seminar

Dean D. Abernethy, of the University of Texas, will give the opening remarks at the third annual technical communication seminar open today at TWC.

The program, “Technical Communication-New Men/New Machines,” is sponsored by outstanding people in the field of technical communications.

Dr. Abernethy will speak at the seminar’s luncheon. The program will be held at the Trinity College of the Society of Technical Writers and Publishers and the TWU and Institutional Studies.

Past Staff Memeb, Mrs. Petrello Died

Another name was added to the list of TWC staff members who have died this semester. Cancer took the life of Mrs. Mary Lou Petrello Saturday.

Mrs. Petrello served as Campus Postmistress from 1952 until 1962.

XVOD DANCE

A KVOF sponsored Go Home Dance will be held Monday from 4-7 p.m. in the SUB Ballroom.

Basketball Comments Diversified

By JOHN RICHARDS

March publicity has been be-" Parrot next to the basketball court box, as was announced, Frances Van Navel, a junior majoring in Business Administration, and Lydia Vargas, a sophomore majoring in Business Administration, were elected Aubrey secretary. There were a few students at the annual Associated Women Students Honesty Night.

The election of Sandra Bascom, who has been as assistant professor of his team was required to qualify for her position. Choir, and a member of Phi- Lyons, Carl Zaiss, Mike Spence, and Ralph Yarbrough, Representa- tive Richard White and consul- 

Most of this publicity has been fair dealing with the Miners because of the press. There were, of course, a few off-the-cuff remarks in some of these publica- tions about the low physical and mental preparedness of the Arizona State in Tempe March 14.

At a public lecture April 14, at 8 p.m. in the SUB Ballroom, Kirkwood, Jim Jobot, Karen Jones, Roger Hagstrom, Galen Starkay, 1?

Mr. Rousselot has served in the ROTC Sponsors. Mr. Rousselot has served in the ROTC Sponsors.

Students interested in running for office should contact Craft Jr., a member of the Christian Science Society.

The 1966 convention of the Rocky Mountain Council for Latin American Studies will be held at the Sheraton-Peoria Motor Inn, 4151 North Mesa, El Paso.

Dr. Abernethy will speak at the seminar’s luncheon. The program will be held at the Trinity College of the Society of Technical Writers and Publishers and the TWU of Institutional Studies.

Intramurals

By JIMMY PAUL

The Rejects had to stage a comeback behind drive to catch the hot-shooting 6kers. Bill Wilkerson (14 points), Bob Wallace (13 points) dominated the contest in the second half in order to give the Rejects their 53-47 victory. Phil Ottone (18 points) and Enrique Oroza (12 points) kept the pressure on the Rejects with their accurate shooting. The 6kers had a six point lead at halftime, but the dominant Wallace of the winning team and Enrique Oroza (7 points), the Rejects decided to hold and dumped the 6kers zone offense. The Lancers, using a 1-3-1 zone, played a hard luckless KKY music makers 46-32. The Lancers were dominated by Lionel Navos' 19 points and Gilbert Haddad's 16 in the PKT battle. By Jerry Smith adding 12 from the free throw line, the KKY's kept the rhythm of their opponents. This time the Rejects were held to a 75-69 loss.

Playing Bill Sultemeier at center and Buddy Luce at forward gave the Rejects a 1-3-1 zone. The Rejects came on strong in a 10-0 fourth period run. Point guard Dave Luce served as the top scorer for the week. The Rejects had a 6-0 record for the year, while the Lancers ended the season with a 9-1 record.

Bill Wilkerson's 18 points for the Rejects helped to make the PKT unbeatable.

SKYSCRAPER SHIMMY...Texas Western's Nevil Shed goes up for a rebound in the Miner's win in the semi-finals of the National Tournament. Harry Flournoy -60 points was the Miner's star man. Nevil Shed played his last game for the Wetbacks; Jim Wyly (seven points) led the KKY performance. Also note...300), Jay Worrell and the PE Majors won a 5-1 game to impose on the Wetbacks; Haddad scored six for the PRs.

National Champs
Top TWC Records

Whipping Chieftans, Bearcats, Jayhawks, Redkins, and—yes—even Wildcats, Texas Western's Border Bandit basketballers piloted the National Championship and broke a few school records in the process.

For instance:

—Orsten Artis and Jerry Armstrong both surpassed the record for free throw accuracy by canning 863 and 375, respectively, to erase the old mark of 857.

—The Miners ran up a 23-game win streak, easily topping the former 16 straight by Coach Don Haskin's 1963-1964 outfit.

—In one move more games, 23, had fewer losses, 1, and the best won-loss record, 22-1, in the history of Texas Western.

—Their 370 won-loss percentage outstanding the old record at 461 of the 1983-4 team.

—Six team members—Bobby Hill, David Lottin, Orsten Artis, Harry Flournoy, Nevil Shed, and Mike Worrell—each scored over 200 ints.

—29-TWC nominated five players over the made o f 158 attempted).

Miner Bats Boom!
Six Better .300

The Miner baseball team, after seven impressive wins over aver-

age opponents, finally dropped a non-league game to New Mexico Highlands University in the course of two rain-soaked, two day games against the Albuquerque-based team. TW's Tom Jennings, who led the Miners with 5.0 runs on the season, was held in check by the KKY's in this contest. KKY's Bob Wallace (18 points) and Enrique Oroza (7 points) were too much for the Miners. Tom Paul had 10 for the Miners.

The All-Fraternity team is: Richie Messner-TEK, Tom Paul-SAR, John Appel-JFK, Bill Bailey-PKT, Donald Hill-JFK, Ritchie Ford-JFK, and George Campbell-AEP.

After this is the play-off chart and the standings of the teams participat-
ing in the play-offs for the reject.

Dr. Kelsey Back From Venezuela

Dr. Clyde Kelsey, Dean of Students, recently returned from a trip to Venezuelan universities. The purpose of the trip was to survey the present university situation in Venezuela and to participate in seminars sponsored by democrat-scientist student groups.

Dean Kelsey received a request from the State Department to review Venezuelan universities and to take part in seminars on university reform. An invitation to Dr. Kelsey was issued by the Venezuelan Association of University Students.

From 1961 to 1964, Dr. Kelsey spent the final week of his trip in a series of seminars with student leaders in Caracas. The production tells of emotion between the Colombian government and the theater. The Black Range Artists is a group of artists from the El Paso area and Texas Western College. The production of Sean O'Casey's "The Plough and the Stars" is one of the finest works of modern Irish drama. It is thought to be performed to coincide with the elementary school's program in teaching of reading through a great variety of approaches and supplements. The production will be held in the SUB on April 4 through Thursday, April 11.

Artists Show Work in SUB Lounges

An art exhibit of paintings from the Black Range Artists will be held in the SUB lounge from April 1 through Thursday, April 11. The Black Range Artists is a group of artists from the El Paso area and Texas Western College.

Interested parties in Venezuela are asked to inform the Department of University Relations of the University of Texas at El Paso of their interest in the exhibit. The exhibit will be open to the public from 8:30 a.m. to 5:00 p.m. daily.

New Women's Club Organized At TWC

A new group has appeared on the TWC campus this year. It doesn't have a name, officers, constitution, dues or any of the other accoutrements usually associated with an organization. It does have a purpose: to serve as an organ of encouragement, support, friendship and information to women entering and just starting in college.

"We have women of all ages in our group," said Mrs. Lue Salguero, one of the founders, "but mostly we are married, and in the 30 to 40 age group."

The group has had two luncheons and has another tentatively planned for Monday, April 11.

DONALD S. HENDERSON, CLU

1959 graduate of TWC; President of Student Body 1964-65; Men of Mines; Top Ten Senior; President, Ex-Students Association 1962-63; Four Year National Quality Award winner; First Vice President, Ex-Students Association of Life Underwriter. The Student Activities Board Exhibits Committee will sponsor the exhibit.

A student poll will be held to choose the best liked of the paintings.

Now ... Special Executive Plans For Texas Western College Men and Women

Through the facilities of Donald S. Henderson and Associates, The Penn Mutual is offering a special executive plan for Texas Western College men and women. Designed for the needs of college students today — who expect to increase their responsibilities in the future, this special executive plan helps you establish financial independence through proper and sound life insurance planning. Look into it today and see what these career Life Underwriters can do for you.

Dr. Cline To Direct Education Program

The Experienced Teacher Fellowship program, a pilot program to educate teachers of bi-cultural children, financed by the U.S. Office of Education through the Higher Education Act of 1965, will start this fall at Texas Western College.

"The purpose of this fellowship program is to upgrade the teacher education programs at Texas Western in relation to the needs of the area the College serves," said Dr. Marion Cline Jr., associate professor of education and director of the $107,000 program. "Texas Western, because of its faculty's understanding of the (Latin) culture and its geographical location, could become the leading preparation school for teachers of the Spanish-speaking minority and other specialized groups."

There will be two innovations in this year's TWC fellowship program. They are: Concentration at the elementary school level in teaching of reading in a complete graduate level program, and an interdisciplinary approach for training teachers of Spanish-speaking minorities.

The departments of Education, Sociology and English are undertaking this interdisciplinary approach to provide a program which will upgrade all participants—not only those in the program, but those teachers who attend seminars. He also mentioned that the sociology courses offered will deal with the study of poverty, minority groups and their disorganization. One of the courses offered is "Sociology of Poverty of Diverse Groups."
Peripatetic Jottings

Texas Western is a constant
ly shifting Campus if one
is to judge by the
new moves and changes in
the last few months.

Once the
B & T Basketball Union Build-
ning was a
somewhat of a
nercy for students
as a place
where they
could hold their
use meetings and events.

Each year as the enrollment
increases, the SUB seems to get
taller. The small meeting rooms were entirely
eliminated because expanding
bureaucratic needs of the College need-
ed an outlet: the Financial Aid office
and Placement offices 313 and 314, former meeting
rooms.

The help combat the prob-
lem of reduced facilities, slides were
installed in rooms 310, 312, and one of the down-
stairs lounges. Even the hall-
way across from the SUB has been
made into a conference room.

It's not too difficult to imagine
the time is the future
(probably next year) when groups wishing to hold meet-
ing rooms will be assigned to dif-
ferent corners of the Ball-
or and lounges, the El Burrito automat, and game room
of the basement, and perhaps
even the El Burrito
Flowertown offices on
the fourth floor.

Only the provided addition to
SUB can combat the
situation, and probably by the time it is the future section
portion will only allow a little
time for something for the Spring,
not solving the problem.

As a aftermath of the Miner victory, the Taylor Publishing Company, which
prints the Flowertown, made provisions for four pages to be added to the upcoming
year to commemorate the National Champs.

As another sideline, the
usual press run of 2,700
Prospectors was raised to
4,900, and most were gone
before noon Friday. The me-
moir is the last one to pass
over the country, from Vice-
President Humphrey to ex-
students.

JEANNE TODARO

BASKETBALL COMMENTS

(Continued from Page 1)

The reason for this mass deficit in information
is poor
planning.

If we must have political parties, at least let's have
one that's honest.

It's not too difficult to imagine
the time is the future section
portion will only allow a little
information for the Spring,
not solving the problem.

Engineers Honored By Two Speakers

The Mechanical Engineers were honored with the presence of two guest speakers at their monthly meeting, held Thursday, April 24. The first speaker was Mr. Harry L. Toops, Assistant General Construction Manager for Chicago Bridge and Iron Company. Mr. Toops had been visiting the TWC campus and interviewing some of the graduate-students. He had brought with him a short film entitled "The Age of Craftsmanship," narrated by Chester Mandel. The film showed how the word "craftsmanship" had come to take on a new meaning as the advances being made in today's highly technical world, and what a vital role engineers play in this age of craftsmanship. After the film, Mr. Toops held a question and answer session, mostly having to do with the company and their training programs for engineers.

The meeting recessed for a short intermission while everyone helped himself to coffee and donuts. The second of the two guest speakers, Dr. James E. Cox, of the University of Houston, was then introduced. Dr. Cox is currently the Graduate Adviser in the Mechanical Engineering Department at the University of Houston and was visiting TWC under an invitation by Dr. Jack Dowdy. Dr. Cox spoke of the increasing demands on engineers with advanced degrees and the importance of continuing one's education after graduation. He explained that he had recommended taking up graduate studies, even on a part-time basis, in order to stay up with the advancements being made in the field of engineering. He went on to explain the numerous professional aids that are available for qualified students. These aids are primarily sponsored by the government, private industries and the respective universities. According to Dr. Cox, there is a shortage of graduate students today and apparently an abundance of available funds. On this basis alone, he strongly urged students to consider going to graduate school. 

Dr. West Speaks To Kappa Delta Pi

Dr. John West, acting head of the TWC English Department, recently spoke on "My Faith in American Youth" at a meeting of Kappa Delta Pi, honorary education society. Dr. West is a native El Pasoan, did his undergraduate work at Texas Western and a D Min degree at Wabington University, where he received his Ph.D. degree. He earned his A.B. degree at Texas Technological College and his doctorate at the University of Texas. He has taught in the Jackson, Miss., public schools and at Texas Tech and Odessa College.

Fellowships Offered To Graduate Students

The Washington Journalist Column will offer graduate fellowships in advanced journalism for the fall and spring semesters. The fellowship is open to graduate students, and will be one semester in length. They will consist of a group of seminars, investigations and research projects.

For information, interested students should write to: Director, Washington Journalism Center, 500 G St., N.W., Washington, D.C. 20006.
Club Elects New Slate Of Officers

The newly formed Inter-American Student Organization elected new officers at a recent meeting. Max Weber was elected president; Jaime Einstein, vice-president; Bettinacristina Escudero, secretary; Jolin Manger, treasurer; Mario Gaspar de Alva, publicity chairman; Ruben Navarro, first social chairman; Bertha Einstein, second social chairman; and Paris Palaf, third social chairman.

The Inter-American Student Organization is a student counterpart of the Inter-American Council. The purpose of the organization is "to learn as much as possible about the Hispanic world, of Latin America, of Spain, of Portugal, and to have relations with the universities and embassies of those nations in order to be able to have an exchange of ideas of folklore of people—a general exchange of ideas."

A trip to Chihuahua is planned during Easter vacation in which several students will tour the University of Chihuahua. All visit with Chihuahua's dignitaries.

An exchange program with the American and Central American countries is also planned.

Faculty members of the Inter-American Institute include Dr. Joseph M. Ray, Dr. Guido Barrientos, Mr. Fred Brewer, Mr. Abraham Chavez, Jr., Dr. Marion Cline and Mr. J. Robert Coldham. Also included are Dr. Lurline Coltharp, Dr. Lloyd Cooper, Dr. Olav Edlbo, Mr. Carlos A. Garcia, Dr. John Haddox, Mr. Wiltz Harrison.

Included are Mr. John Hovel, Dr. Clark Knowton, Dr. Joseph Leech, Dr. John McNeely, Dr. Samuel Myers, Mr. Ralf Nicolai, Dr. Bay Past, and Dr. John Rich.

Applications Due For Defense Loans

Applications are now being accepted for students wishing to obtain a National Defense Student Loan for the fall semester. The deadline for having applications in is May 1, and forms may be obtained in SUB 313, the Financial Aid Office.

The program will consist of fourteen fellowships of $3000 each to be awarded to seniors during the academic year 1966-67, which coincides with the fortieth anniversary of the Book-of-the-Month Club.

For complete details, see a member of your English Department or write to:

NCAA-Bound Craig Dear Practices 'Power Golf'  

BY DOUG CONNELLY

Three hours a day, up to 30 hours a week, and between 100 and 200 balls hit each day. That is the normal practice schedule for Craig Dear, Texas Western golf team member, who is busy preparing for NCAA competition June 23-25 at Stanford University, Palo Alto, Calif.

Craig, junior at TW, describes his practice routine as work on the basic fundamentals. Dear and his teammates have the luxury of driving range, which is being held by them with the competition two years ago. Amateurs in September and October in the NCAA Open Amateur Championships and went to twelve hours in the summer, which is good conditioning for us. The course is four miles long. Craig has been interested in golf since the age of seven. He came from a family of golfers, and his father who operates a golf course in Albuquerque is a professional player. His brother, Terry, is considered number one amateur in New Mexico and one of the best in the Southwest.

Craig said, "I practiced every day and that week I hit 6,000 balls during the summer." Craig said.

Between the courses, the golfing season is subdivided into three parts, the spring, summer, and fall. The spring season is subdivided into the NCAA Open Amateur Championships and went to twelve hours in the summer, which is good conditioning for us. The course is four miles long. Craig has been interested in golf since the age of seven. He came from a family of golfers, and his father who operates a golf course in Albuquerque is a professional player. Dr. Shah Gains Honors In U.S.

By JO ANNE KIRBY

Dr. Chandrakant C. Shah, a native of Calcutta, India, and now an instructor in the TWC Government Department, has gained recognition from both the United States and Indian governments for his outstanding achievements scholastically and as a practitioner of international law. He has added stature to the ranks of the foreign student in the U.S.

Dr. Shah came to TWC last semester after completing requirements at Southern Methodist University in Dallas for a doctorate of the Science of Law - the first such degree to be awarded in the Southwest. For this achievement he was named an honorary citizen of Texas by Governor John Connally and received a congratulatory letter from President Lyndon B. Johnson.

UNITED NATIONS ADVISOR

Dr. Shah, 27 and unmarried, was named special legal advisor to the United Nations, a position he will hold for one year. He age 26 in compliance with a constitutional age requirement of the Indian government. Previously, he served the government of India as an international law consultant during his studies in London, England.

He holds these degrees: an AB from Bombay University, Bombay, India; LLB, Geohach Law College, Bombay; Advocate at Law, High Court of Bombay; Barrister at Law, London University, London, England; Master of Laws, Georgetown University, Washington, D.C.; and a Doctor of Science of Law, SMU, Dallas. To exemplify his zeal for learning he completed his LLM in nine months and his PhD in one calendar year - normally a combined program of five years.

During his studies at Georgetown, he worked at various government jobs to finance his education. Among them were positions with the State Department, the Justice Department, and the U.S. Senate. He was employed by the American Chemical Society as finance ambassador to Bombay, which occasioned his first personal meeting with the late President John F. Kennedy. He later visited President Kennedy at the White House and presented him with a copy of work done on his LLM thesis.

TRAVELED IN 16 COUNTRIES

Dr. Shah, who has traveled in 16 countries, said, "The Americans are wonderful to foreigners." He paid his first visit to the U.S. in 1962 on a proposed one-night stay in New York City. He was greeted by a group of students in a seminar on Friendly Relations Among Foreign Students and was required to remain for one week. They introduced him to the America way of life and arranged for him to visit Georgetown University, hence, his studies in the U.S.

"The Little Rockefeller of Calcutta" is the title given by the press to the head of the Shah family, one of the wealthiest in India. This remarkable family of five boys and two girls boasts - in addition to the achievements of Dr. Shah - a plastic surgeon, a business leader, a certified public accountant and an engineering student.

HARD WORK

However, the incidence of family wealth is not responsible for Dr. Shah's lengthy formal education. It was financed by hard work and diligent study; he received no financial support from anyone.

"Most U.S. students think they a.m. to go to college without money," he said, "and this is not true. Ambition will find its way."

He finds El Paso and El Pasoans enjoyable largely due to the fact that El Paso is his "home-town climate." He plans to return to India this summer for a visit.

His ultimate aim for the future is to research and write publications in the field of law for the edification of future students. He has completed a doctorate thesis on the subject of "A Comparative Study of Law of Evidence in the U.S. and the United Kingdom and India."

Bell Hall Field Declared Kite Flying Disaster Area

By SUSAN SULLIVAN

Recently, the design classes of TWC's Art Department held a kite flying contest in the baseball field behind Bell Hall. There were plenty of kites for summer training.

Aside from the variety of size, the kites were of many colors and of various design. Some kites were paper kites, kites, birds, butterflies, airplanes, or angels.

There were plenty of kites, small ones and very large ones. They were in the air for a 36-page booklet giving information to all students and faculty members for review.

 Learned Europe from behind the counter.

25,000 JOBS IN EUROPE

Luxembourg-Each student applicant receives $150 travel grant and a paying job in Europe each week. (U.S. students, business and service) for handling and air mail) to Dept. O, Americans Student Information Service, 22 Ave, de la Liberte, Grand Duchy of Luxembourg for a 36-page booklet giving all details. There is a small additional travel grant application form.

ARMY ROTC

IF YOU ARE GOOD ENOUGH TO BE A LEADER, DON'T SETTLE FOR LESS!

Application Deadline Is Tuesday

The new editors and advertising managers of the Campus Publications (El Burro, Prospector, and Flow) will be announced in the April issue of the Prospector. John J. Milpagh, director of student publications, said.

Letters of application will be accepted until April 6. Those who have not yet applied may still do so by submitting a letter or application addressed to John Milpagh, delivering the letter personally to SUB 624 during the day between 8 a.m. and 11 a.m. and from 1 to 4 p.m. sending the letters through the Campus Mail.

Students should include in their applications not only their qualifications but also their reasons for seeking the position.

Qualifications are, a "C" average and regular enrollment in TWC for one year before the date of assuming the position. It is not necessary to be a journalism major to apply.

All applications go before a publications board composed of students and faculty members for review.

Want to be a leader and double your chances for success in life? You can, by earning both a degree and an Army officer's commission at the same time... even though you may not have taken ROTC training in your first two years!

Through a new program, you can be commissioned as a Second Lieutenant after taking two years of Army ROTC training while you complete your studies for a college degree. You can qualify for this program by attending a special six-week summer training camp after your sophomore year and then completing the ROTC Advanced Course in your junior and senior years of college.

Here's what ROTC training and an officer's commission will do for you:

- It will qualify you to fulfill your military obligation as an officer.
- You will learn to organize, motivate, and lead others.
- You will develop leadership qualities that many college men miss—self-discipline, physical stamina, poise, bearing, the acceptance of responsibility and other qualities that contribute to success in either a civilian or military career.
- You will receive $40 per month during your junior and senior years, plus pay and mileage.

The training and experience you will receive through Army ROTC will pay you off for the rest of your life. A decision to take advantage of this new program could be one of the most important you will ever make.

You owe it to yourself to investigate this new important opportunity.

For complete information see the new Two-Year Army ROTC Program see the Professor of Military Science on campus.
