

STUDENT GOVERNMENT

The banners, the loud speakers, the posters and campaigning, then finally the victors emerged. We may have been skeptical at first, but our fears were proven baseless. These are the students we chose to constitute our student government.

STUDENT COUNCIL OFFICERS

To the Student Council goes much of the credit for the very successful student activities which Texas Western enjoyed this year. The Council was responsible for the new Student Handbook which appeared in October. It made arrangements for the Magoffin Entertainment Series which included the Dublin Players in "Pygmalion" and such movies as "The Bicycle Thief." Traditional student activities such as dances, "M" Day, the Snow Fiesta, and all TWC Day are sponsored by the Student Council. Although special committees and groups were largely responsible for the card section, All Western Day, Religious Emphasis Week, and the Campus Chest Drive, the Council supported them both individually and officially. All extra-curricular life of the student lies in the province of the Student Council.
