Dear Misses Wehmeyer and Duncan:

Unknowingly, I, with my collaborators, assumed a terrific, though pleasant, responsibility in our efforts to select from all those lovely girls the "Flowsheet Queen of 1961".

I would suggest that in the future years in connection with this important matter, that you do one of two things; either cut down on the number of lovely contestants or reach back into time and reincarnate another Solomon. Be that as it may, we were all happy to be helpful and, as I said before, it was most difficult to make a decision. We have selected Entry No. 99 as winner with Nos. 3, 115, 79 and 23 being runners-up.. neck and neck.

Our very good wishes we send you.

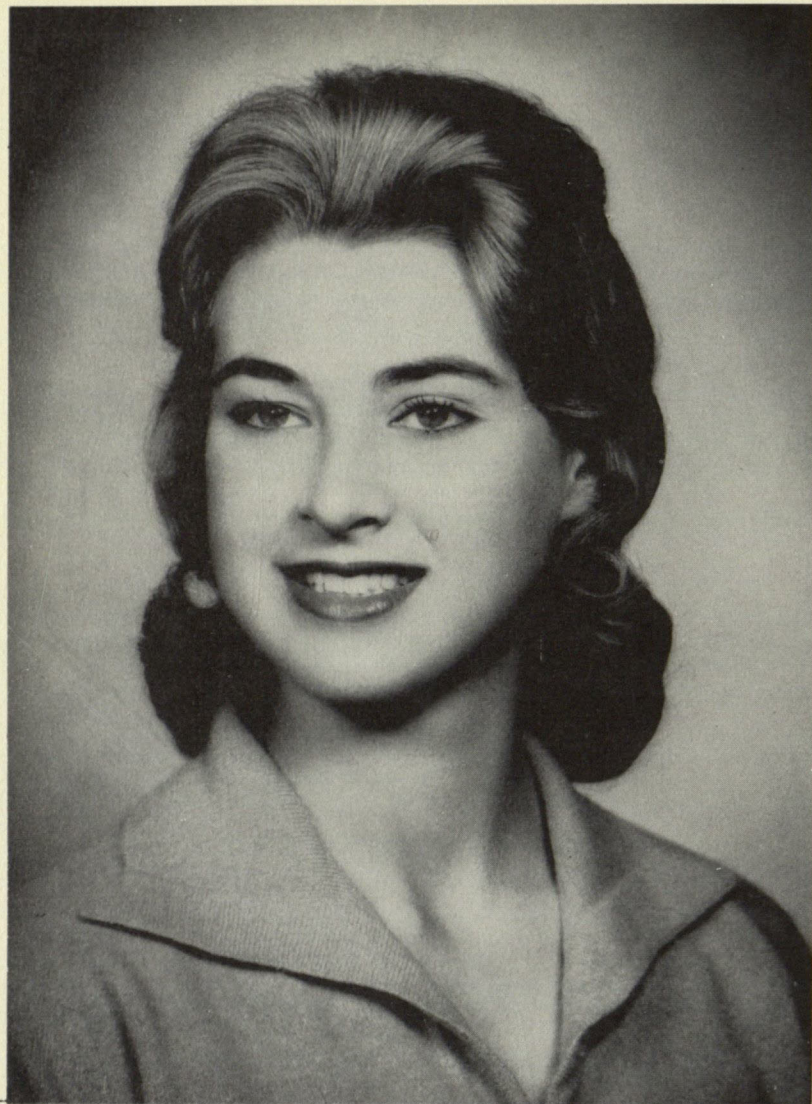

Cordially,

Chris P. Fox
