Mr. Ben Wolff,  
Cordova,  
Manitoba,  
Canada.

Dear Sir:-

We have been asked by your nephew, Victor Mogul, who claims that he has not been able to locate you for a number of years, to ask you at this time to come to his assistance.

The history of this case is such that the brother of Victor Mogul, named Julian, who is married and has a wife and two children, one age 3 years and the other age 6 months, have tried to immigrate to this country thru Mexico, and on account of the immigration laws, were not permitted to enter United States, but were compelled to stay over in Ciudad Juarez, State of Chihuahua, Mexico, which is across the border from this city.

Julian was finally permitted to enter the United States, and is now employed in El Paso at a wage which is barely enough to make a living for his family, but Victor, who is now 19 years of age, was getting along very nicely, until he contracted influenza, which, due to his under nourished and physical condition, took a strong hold on him and developed into pneumonia.

When this case was discovered by our Charity Organization, he was immediately sent to a hospital, and it was found that quite a pus bag had developed under his lung, and an operation was immediately necessary, but the doctor advised that he would have to receive treatment for several months, as the pus must be drained, and they are trying in every way possible to prevent him from contracting tuberculosis.

We are writing you at this time to ask your financial help, as this is a matter of saving not only the life of the boy, but also his future treatment to prevent tuberculosis will necessitate quite an expense, which we are not in a position to stand at this time, as our outlay has already been in the amount of several hundred dollars.

We feel that if you could send \$500.00 to us to be used to partly repay us for our outlay, and also to take care of the medical and hospital expenses for the future in this case, we can assure you that you will be saving a life. We will further state that upon receipt of your assistance, we will make every possible effort to bring this boy over on this side, and place him under much better care than we could possibly give him over on the Mexico side.

Mr. Wolff

This is not an easy thing for us to do on account of the immigration laws, but we will try everything within our power to accomplish this.

Hoping to hear from you at the earliest possible moment, we beg to remain,

Yours very sincerely,

EL PASO JEWISH RELIEF SOCIETY
