WILLIAM H. BALL

Dedication to
WILLIAM H. BALL

To a well deserving person who asks for nothing more than to continue giving his services and abilities for the betterment of young people, we the flowsheet staff of 1953 dedicate this annual to William H. Ball.

Mr. Ball came to what was then known as the Texas College of Mines in the fall of 1939 as an instructor of chemistry. The following spring he voluntarily started coaching the tennis team. He and his sons continued traveling and playing tennis during that time. They were known as the Ball Quartet.

In 1952, his Texas Western teams won doubles in the second National Inter-Collegiate Tennis Tournament. He has directed and promoted the Sun Carnival Tennis Tournament for the last six years with little or no recognition.

Because he has done so much and has asked for so little, we are proud to dedicate this Flowsheet to him.

Texas Western College

OF THE UNIVERSITY OF TEXAS

Formerly the COLLEGE OF MINES AND METALLURGY

There is nothing more important to any institution or organization than spirit. The difference between mediocrity and superiority often lies in spirit. It is hard to define, but relatively easy to discern. It is composed of many things; in a college its main ingredient is student attitude.

Certainly, the proper attitude has been displayed by those who are primarily responsible for this annual. While the spirit of those individuals cannot be seen on the pages of the Flowsheet, there is recurring evidence of their untiring devotion to a worthy project. I congratulate them and all of the students who have had a part in the making of this annual record of life at Texas Western.

Sincerely yours,

Wilson H. Elkins

Mr. J. F. Williams
Dean of Students
Texas Western College
El Paso, Texas

Dear Mr. Williams:

It's obviously true that all Texas girls are lovely, since I had a difficult time narrowing down the choice to one Flowsheet Queen, and four runners-up.

I have chosen as the Queen, Shirley Baker, and the four runners-up are Dorothy Skinner, Mary Dare Resley, Carlon Brady and Claudia Whitefield.

The photographs are being returned to you herewith, as well as one of myself, which you requested.

My best wishes to you for a successful FLOWSHEET, and my thanks for the opportunity to judge the Texas Western College beauties.

Sincerely,

Al Capp

A complete view of Texas Western College, as seen from the air, shows buildings with Tibetan architectural design. Their angular lines, sweeping, overhanging roofs, and rugged simplicity enhances the natural beauty of the surrounding area. Texas Western is situated in the heart of mountain ranges that surround El Paso, a city which adds to the atmosphere and friendliness found on the campus. Since the first of its twenty-six original buildings was begun, others such as the new girl's gymnasium, the President's home, the chemistry building, and the new Miner's athletic dormitory, have been added. Additional construction of the Kidd Field Football stadium, a new swimming pool, golf course, and riding stables has enriched campus life. Some of the older buildings, which are in the ancient Tibetan style, are the Museum and Seaman Hall. A new era in that style of architecture is demonstrated by Magoffin Auditorium. The following pages show the care that has been given to preserve the tradition of uniqueness and beauty within the college.

KELLY HALL with K.V.O.F. radio station, classes, and the Prospector office.

ENGINEERING BUILDING, one of the older buildings on campus, houses the powerhouse, drawing labs and the dean of engineering.

ADMINISTRATION BUILDING... offices of the registrar, president, dean, and business office...
The complete and efficient Library consisting of five stories.

MAGOFFIN AUDITORIUM scene of dramatics, college players and Alpha Psi... Music department
from which at all times music flows.

BURGESS HALL, on runway to football stadium...home of business administration, economics, and accounting.

PHYSICS BUILDING...formerly known as Main...math, physics, modern language...TWC's own radio tower, KVOF, in background.

GEOLOGY BUILDING with the interesting subject of the creation and formation of the earth.

STUDENT UNION BUILDING...known as the SUB...Dean of Women's office, Dean of Men's office, publications office the El Burro and Flowsheet, ball room, book store, pool hall and snack bar.

COTTON MEMORIAL . . . ceramics, painting, sculpturing, jewelry making . . . the home of art on campus.

BENEDICT HALL . . . BELL HALL . . . the homes away from home for the handsome men and beautiful women . . . the cafeteria plus the doctors workshop . . . as seen from across the yard of the Administration building.

The Annexes; the past and future, as one gets a new paint job.

SEASON HIGHLIGHTS

THE 1952 TWC FOOTBALL SEASON

Before the 1952 season opened, Head Coach Mike Brumbelow said he'd call it a successful year "if we win half our games."

The '52 Miners did exactly that: they ended up their rugged 11-game schedule with five wins, five losses, one tie.

There were some dramatic wins — and some heartbreaking losses, along the route for the '52 Orediggers. With freshmen and sophomores filling the majority of the offensive and defensive slots, the Muckers often displayed a polish which belied the general lack of collegiate football experience. But that same lack of seasoning, coupled with comparatively little reserve, told on the Miners in some of their games against vastly more experienced units.

Offensively, the Miners were able to offer a varied set of air and ground attacks which paced off considerable yardage — and numerous touchdowns — for them against even their most highly favored opponents. Many of the Miners ranked at the top of the Border Conference in various offensive statistic rankings, and many of these were holding national ranking when the season ended.

Defensively, Brumbelow produced some outstanding freshmen and sophomores to play along side his more experienced men in rebuilding a defensive unit pretty well shattered by the graduation, in 1951, of some of that season's defensive standouts.

Just four seniors leave the TWC squad next season so most of this year's crew will be back in '54, bolstered by a new crop of freshmen.

Odessa, September 20.— The 1953 edition of the Texas Western Miners took the field against North Texas State for a loss, 27-14, in the season opener. A blocked kick late in the opening period set up the first Eagle counter with Tommy Gray diving over from the one-yard line. Gene Bahnson booted the extra point. Texas Western matched the score and jumped into a quick lead before three minutes of the second period had elapsed. On the fourth play from scrimmage, Shinaut passed from the TWC 34-yard line to Gene Odell who pulled the ball in from over his head and stepped across from the two.

Shinaut booted the point to tie the score. Less than a minute later, Gray fumbled a hand-off and alert Bobby Dirmeyer recovered on the North Texas 40. On the first play, Shinaut passed to John Birkhead on the 5 and the wingman was alone going over the goal line. Shinaut booted the point for the only lead of the game. Just before the half, the Eagles made a touchdown to tie the score on a long run by Reynolds. In the second half, the Eagles added two more touchdowns to assure the victory. The Miners threatened several times, but were unable to score. Shinaut's passing to Odell and to Birkhead was one of the biggest highlights of the game. The Mucker quarterback showed a world of poise, and during the first half, he received all the blocking necessary to get off his passes.

Shinaut's kick was good. The Miners ground game paid off again in the third quarter as they marched 75 yards. Jesse Whittenton sliced off tackle the last five yards for a TD. Miner reserves counted twice in the final period. Bill Sanford swept around end from the 1-yard line early in the quarter and Billy Bob Plumbley passed to Buddy Bono from the 11 with just over a minute remaining in the game. Shinaut, who demonstrated his dead-eye accuracy on the opening pass, hit 12 of 23 attempts and Plumbley, who showed a steady head and a keen offensive sense in his last-period direction of the team, connected on two of four attempts. Sul Ross was not at all helpless in the game, and two of their backs, Don Bingham and Sonny Mobley, were potential threats every time they got hold of the ball. Birkhead's pass receiving during the game was especially outstanding, as Birkhead caught two touchdown passes, and led receivers in total yardage.

Kidd Field, September 27.— In the first home appearance of the season, the Texas Western Miners bore the Sul Ross Lobos down to a crushing 42-0 defeat. The Miners struck on the first scrimmage play of the game and were never troubled after that. On the opening play, Dick Shinaut passed to John Birkhead on a 51-yard scoring play and Shinaut booted the conversion for a 7-0 lead after 25 seconds. Early in the second quarter the Miners marched 92 yards for their second touchdown with Shinaut connecting for three straight passes. The final throw was an 11-yard touchdown toss to Birkhead. Shinaut again converted. With just over a minute remaining in the period, the Miners capitalized on a Lobo fumble for the next counter, Clovis Riley plunging through from the one-foot line.

Kidd Field, October 4.— Texas Western's Miners, after a lapse of two periods, turned on a spurt in the fourth quarter Saturday night to defeat University of Hawaii 42-26 before more than 9,000 fans at Kidd Field. It was the second straight victory for the Miners before the home fans and was one of the most explosive scoring duels ever watched here. The Rainbows from Hawaii struck pay dirt with a 23-yard pass from Sadao Matsukawa to Richard Carpenter with the game just over four minutes old. With explosive power, the Miners struck for a return touchdown two minutes later when Dick Shinaut, the nation's leader in total offense, passed to Gene Odell on a 48-yard scoring play. Shinaut, who was to run his string of successful conversion kicks to 14 out of 14 during the game, sent the ball squarely through the uprights.

A short time later the Miners struck for the second time in the opening period with bouncing Jack Burris plunging over from the one-yard line. Burris scored again in the closing minutes of the first quarter from 25 yards out to give the Miners a commanding lead. At this point Miner reserves entered the game, and the Hawaiians caught fire and closed the gap before half-time with two quick touchdowns. In the third period, the Miners scored on a pass from Shinaut to Burris, only to see it matched by a 96-yard kick-off return by Fellezs of the Rainbows. In the final quarter the Miners gained the margin of victory on two scoring thrusts by Clovis Riley.

Shinaut, who entered the game as the nation's top mark in total offense, did nothing to lessen his average. The dead-eye passer clicked on eight of his thirteen passes to Birkhead, Odell, Riley, and Burris for 195 yards, and added 17 yards on eight carries for a total of 212—nearly two-fifths of Texas Western's 541 yard total. It also boosted his passing total to 33 completions in 62 aeriels. Riley, showing a drive and punch he has lacked in earlier games, totaled 134 yards in 17 carries during the game, with Burris carrying 13 times for 6 yards.

--------	----	-------------	----

Lubbock, October 11.— With a sensational display of first half offense and equally sensational demonstration of defense in the second half, Texas Western staged a major upset here in Lubbock as they defeated the Red Raiders of Texas Tech, 20-14. It was the first time the Miners had turned the trick since 1939 and the first time ever on Tech's home field. The upset victory threw a stumbling block in Tech's defense of the Border Conference championship and established the Miners as one of the biggest question marks in the conference. The Miners jumped to a touchdown lead late in the first quarter when Dead-Eye Dick Shinaut looped an 18-yard pass to End John Birkhead in the Tech end zone. Shinaut's kick for the extra point was deflected to the right—the first time in 15 consecutive tries he had failed to score the point. Twice in the second quarter, the Miners rode Shinaut's arm to paydirt or to close enough range to set up the counter. The second Miner tally came on a 14 yard gallop by Riley.

Shinaut added the extra point. With less than three minutes remaining in the second period, Shinaut hit Odell with two consecutive passes to cover 52 yards and the final Miner score. The first one, a 27-yarder, put the Miners on the Tech 25, and on next play Odell pulled the pass in as he stepped into the end zone. The Raiders countered their first score early in the second period when a pass from James Odom to Jerry Lewis was good for a touchdown. The other Tech score came after four minutes of the final period when Bobby Cava-zos punched through from the 1-yard line to cap off a 43-yard drive. Not ended, however, was the surging efforts of the Raiders to overcome their deficit. Four times in the last two periods the Miner defenders put up the most rock-ribbed stand of their careers to hold off the Raider punches. Both offense and defense alike shown in victory and there were many stars for the night. King DuClos lived up to his press notices by playing a stalwart game on both offense and defense. John Howle was another defender who turned in a terrific game. Shinaut played his usual colorful game, and his two fine receivers, Odell and Birkhead, were at their best. The offensive backs, Riley, Burris, Whittenton, and diminutive Bill Sanford—highlighted the game with some fine rushing performances.

Miners 20 Aggies 20

State College, N. M., October 18.—New Mexico A & M fired to a fevered pitch with homecoming festivities, rose up on their hind legs and outbattled Texas Western Miners, but were forced to settle with a 20-20 tie. The Aggies, showing a terrific passing attack, led 20-13 when the game went into the last three minutes. In those final 180 seconds the Miners drove 60 yards for their last touch-down, Shinaut booted the extra tying point and the two teams exchanged pass interceptions in a frenzy of action. The Aggies scored first half way through the opening period, but the Miners marched 78 yards with the kick-off to tie the score five minutes later.

The Aggies took a lead again early in the second period, but in the third quarter, the fighting Miners brought the score up to a 13-13 tie. The payoff was a plunge by Clovis Riley from the 1-foot line with Shinaut booting the tying point. Harold Jacobs rambled 64 yards with the kickoff to set up the next Aggie touchdown which came on a 26-yard screen pass to Jim Bradley. The last three minutes of the game were as hectic and nerve-racking as any game played. Riley cracked through the middle from the eleven, after a hard drive, and scored standing up. Shinaut's all-important conversion kick sailed clear through the uprights, and from that point to the end of the game, it was a wild and furious scramble with neither team able to break the tie.

Billy Bob Plumbley engineered the first Miner touchdown late in the second quarter as the Miners marched 76 yards on five plays. Plumbley passed to Gene Odell in the end zone—a 13 yarder—for the score. Lobo Co-Captain Jack Barger dashed in from his tackle spot to block Dick Shinaut's extra point try. Early in the third quarter the Miners marched again, this time covering 80 yards in seven plays, with Dick Shinaut doing the tossing. The Miner quarterback pitched a screen pass to Jesse Whittenton from the Lobo 33 and with George Clements throwing the key block Whittenton raced to the Lobo one yard line. Clovis Riley crashed over and Shinaut booted the extra point. For the remaining 25 minutes of the second half the Miners stymied back and forth, with the Lobos twice threatening to score before the second of two "fluke" breaks set up the winning counter. A desperation pass on fourth down from Matthews to Horace Morris that went 15 yards to the Miner one yard line set up the touchdown. Terpening punched through for the score and set the stage for Prokopiak to kick the winning extra point which proved to be the margin of victory. The Miners launched a long drive in the fading moments of the game, but it fell short of the goal as the game ended with the ball in their possession on the New Mexico 18.

Kidd Field, October 25.— In the last meeting of two fine football teams the University of New Mexico handed the Texas Western Miners a 14-13 defeat in the Miners' back yard. The game was a close hard fought affair that left some 11,000 fans breathless at the conclusion. The Lobos, playing their last game with the Miners, marched to their first touchdown in the closing minutes of the opening period when Dave Matthews hit end Dick Bredt on the Miner two. On the second play of the second period Glenn Campbell punched over for the touchdown. Prokopiak booted the point.

Wichita Falls, Texas, November 1.— Texas Western Miners took advantage of two quick opportunities in the second and third periods here Saturday to chalk up their fourth victory of the season with a 13-7 decision over the Midwestern Indians. Halfback Clovis Riley broke through from the TWC 40 midway in the second quarter and sprinted 60 yards for the tying touchdown. Gene Odell threw the key block at the Midwestern 30 that cleared the last defender out of Riley's path, and the Miner back sprinted over the goal line well in the clear. Dick Shinaut booted the extra point that tied the game at 7-7.

The Miners' second touchdown was set up as Jesse Whittenton, the thrust of the drive, dashed 18 yards to the 4 on the third play. On the fourth down Riley sliced wide to the right for a touchdown from the four. Shinaut's kick went wide of the upright to leave the score 13-7. Midwestern's Indians, throwing a strong single-wing offense at the Miners, used power plays to set up their score. Riley was clearly the outstanding ball carrier in the game, as he scored both touchdowns.

Kidd Field, November 8.— The Hardin-Simmons Cowboys invaded the Miners' sanctuary and handed the Orange and White the short end of a 27-26 score. However, it was an uphill climb for the visitors, and they had to hit the comeback trail to win. The game was a typical old-fashioned Texas Western-Hardin-Simmons battle with hard tackling and blocking, hard running and explosive scoring by both teams. The first period set a weird pattern for the game, and although the remainder of the game did not match the opening stanza in scoring speed, it did disclose the evenness of the two teams. Three minutes after the first quarter opened the Miners pushed 55 yards in nine plays to score—Clovis Riley making the touchdown.

Hardin-Simmons countered on a pass play that netted them a touchdown. The Miners' second score came when Shinaut passed to Gene Odell who took the ball on the 21 and scampered to paydirt. Shinaut missed the conversion, making the score 13-7. In the second canto Riley again scored for the Miners on a line plunge. The Miners covered a fumble on the ensuing kick-off and struck from there for their fourth touchdown. Shinaut shot a pass to Burris for the score and then added the extra point. This ended the Miner scoring for the night. The Cowboys added another counter before the half raising the score to 26-14. The second half saw most of the Miner attack employed on the defensive trying to protect their first half lead. The Cowboys never quit trying, and in the closing minutes of the game scored the tying touchdown. Jim Vaughn of the Cowboys kicked the extra point and dropped the Miners from contention in the Border Conference Chase.

Kidd Field, November 15.— The University of Arizona tore the Texas Western Miners to shreds, scoring four times in each half, to rack up a 55-7 Border Conference victory and humiliate the Miners before 10,500 homecoming fans in the Westerners' home stadium. Striking with lightning suddenness as they shook loose hard-running elusive backs for three long scoring runs in the second quarter, the Wildcats grabbed a 28-0 lead. There was not a scoring pass in the entire game. Twice again in the third quarter the Wildcat reserves punched over touchdowns, then added another pair in the final stanza before the Miners

could break through the Arizona defenses with a minute and a half remaining in the game. Ken Cardella was the Wildcat that broke the Miners back, striking for three long touchdown runs in the second quarter. The fleet halfback sprinted 68 yards early in the period, ran 49 yards midway of the stanza, and then dashed 81 yards in the closing minutes with a kickoff punt after a safety. Texas Western, determined to keep their record of scoring in every game intact, marched 75 yards for their touchdown before time ran out. Burris and Floyd were the backs that put on the drive. Burris moved the last 12 yards for the lone Miner score of the game. Shinaut added the point and that was the ball game.

The Miners stage a goal line stand against Tempe.

Tempe, Arizona, November 22.— Arizona State College's Sun Devils grabbed their first Border Conference football championship in 12 years here in the College Stadium, breaking open a tight ball game with a four-touchdown parade over the Texas Western Miners in the final quarter. Final score of the game was 39-0 as the Devils applied the first coat of white-wash to the Miners this season. The Miners were stymied time and again throughout the game by costly fumbles and pass interceptions, while the Sun Devils turned loose a flock of hard running backs.

In the final period the Miners gambled frequently only to see them backfire for Tempe touchdowns. Dick Shinaut completed 15 of 25 aerials for one of his better nights. But the five Tempe interceptions and seven Miner fumbles offset his work. The Miners' offensive machine could never get underway, but threatened several times during the game only to be halted by untimely fumbles and pass interceptions. The Miners held the Sun Devils to a 13 point lead for three quarters only to have them break loose in the closing quarter.

BUFFALOES

Kidd Field, November 27.— Scoring in every period, the Texas Western Miners made it a .500 season as they downed the West Texas State Buffaloes before some 6,000 chilled fans in a Turkey Day Classic. The Muckers rolled to a 31-7 score over the visitors. The victory in the season's finale gave the Miners a record of five wins, five losses and a tie. Using battering line plunges and a torrid pass attack, which was amazing in view of the 40-degree weather embittered by whipping 20-mile-an-hour winds, the Miners ran up 336 yards from scrimmage. They counted a field goal midway of the first period, struck from the 36 two minutes later, and added a touchdown and extra point in each of the remaining periods.

Dick Shinaut, the Border Conference's total offense champion, booted the field goal, from the 12-yard line to start the scoring. Minutes later Shinaut arched a pass to End Bill Medart in the end zone—a 37-yard pass—for the first touchdown. The Miner quarterback also booted the conversion. In the second stanza Shinaut flipped a screen pass to Jesse Whittenton and the Fullback went 32 yards for the second touchdown. The third score was a one-foot plunge by Jack Burris after Don Floyd had raced 29 yards to the one to set it up. And in the final stanza it was a 32-yard pass from Shinaut to Riley in the end zone. Bob Welchel scored for the Buffaloes, punching over from the one. Copeland booted the conversion. Shinaut, playing one of his finest games of the season, completed seven of 10 aeriels for 156 yards. All told the Miners counted 162 yards on the ground and 174 in the air for a total of 336 yards. The contest marked the end of the collegiate football careers of four seniors—King DuClos, Cowboy Davis, George Clements, and John Birkhead—and each went out in a blaze of glory!

COACH DALE WATERS

BASKETBALL CLOSE - UP

This year witnessed a youthful team win only four games in 14 conference starts — which netted them just one slot above the cellar in the B-C race. However, the records do not reveal the real truths about this year's Waters' crew, for the basketball fans watched a great squad in December shape themselves into a winning team of five ball players in their last two games of the season. With a troupe of four seniors, one junior, and the rest sophomores and freshmen, Coach Waters was faced with inexperience, but by constantly switching the line-up he found a winning combination. Bill Brewer, senior center, proved himself to be one of the most valuable additions to the varsity squad — scoring 325 points to lead the team in that department. Not too much can be said for the playing of a Freshman Forward Jim Babers; his excellent ability in controlling rebounds made him indispensable to the Miners. A sophomore who excelled was Gene Harrison, who by the end of the season was accepted as an able successor to last year's towering Gerald Rogers. John Connell, co-captain, played his last season for the TWC hoopsters with a brilliant brand of floor-play and a season's total of 317 points. The other co-captain, Billy Rex Johnson, also played some excellent ball — constantly setting up plays as the Miner squad brought the ball down the court. The ever-driving Gene Odell managed to aid the cause while playing his ball-stealing style of basketball. Sophomore Ed Vaughn played a steady reliable game the whole year and easily won himself a berth on the varsity teams of '53 and '54. Senior center Bill Humphrey was seen quite often at the post and proved to be a capable performer. Creamer, Henderson, and Prewitt showed the type of playing which will net winning teams in the future.

TRACK

Track at Texas Western for the 1953 season has taken on a new look. Gone is the Miners great star Javier Montes, but there are still such stand-outs as John Connell, Jack Burris, Noel McCormick, Bobby Dirmeyer, Howard Creamer, and W. H. Black to take up the slack. Newcomers that should help the Miner squad are Bill Sanford, a fine high school sprinter, Don Henderson, Johnny Kennedy, and Mike Finerty. The prospects for this year's track team look exceptionally bright. The Miners will be stronger in the sprints and middle distance races than ever before. In field events the team will get a definite boost with many fine performances in this area. Only in the loss of Montes do the Miners appear weakened, also in the loss of vital points in the long distance races. However, Coach Waters' pride and joy this year is the mile relay team. The Miners were first last year at conference, and should repeat without too much difficulty. The Miners plan to attend many meets this spring including the world famous Texas Relays and culminating with the Border Conference Track meet. At this point it looks like a successful year for the TW cinder-men.

JOHN CONNELL

Texas Western for the past four years has been most fortunate in having a fine all-around athlete in the personage of John Connell. In the past he has made an enviable record in all sports, and in track his exceptional ability has been proven countless times. In the spring of 1950 Connell placed third in the decathlon, a test of selected track events, among the nation's best at the Kansas Relays. The feat was astonishing in fact because it was the first attempt of Connell in the grueling event. John's other accomplishments have been centered about the Miner track teams of years past. Because he does everything well, John has been a valuable asset to the Miners. He runs the sprints, the quarter mile, and anchors the Mile Relay team. In the field events he throws the javelin, discus, and puts the shot. In addition he is a top-notch broad jumper, high jumper, and pole vaulter. All of these things have been said many times, so we leave you—John Connell—"Texas Western Athlete of the Year."

JAVIER MONTES

Leading Texas Western College's bid for prominence in the track world is Javier Montes, a slender 22-year-old senior who is rated one of the top distance runners in the nation.

Having achieved his life long ambition of representing the United States in the Olympics, Montes is now in training for the Open Miles throughout the nation. A graduate student here at Texas Western, Montes still maintains superb physical condition.

This past summer Montes qualified for the U.S. Olympic team in the 1500 meter run. He posted the best time in the nation for the event in 3:51.1. On the return trip from Helsinki, Finland he posted the best time for the mile in his career in England in 4:13.4.

Records held by Montes are as follows:

Texas High School Mile	4:25.2	Border Conference Mile	4:18.4
Border Olympics Mile	4:17.8	Border Conference 2-Mile	9:38.9
Southwestern Frosh Mile	4:28.4	National Midwest Mile	4:17.8
Arizona Relays Mile	4:17.6	National Midwest 2-Mile	9:24.3

MEN'S INTRAMURALS

As the Flowsheet goes to press, the intramural program is well on it's way. At the present, the SAE's, Phi Taus, and Cavaliers are in close contention for the Intramural Championship. There are several events left, and only time will tell who will gain the coveted award. The Intramural program has gained new stature this year because it has been transferred under the auspices of the Athletic Department. Coach Ben Collins and his student assistant, Dick Schneider, have done a wonderful job of supervision and enrichment of the entire program.

That "ole" Texas Western college spirit was revived and channeled by six enthusiastic yell leaders who practiced long, yelled hard and stayed up late to distribute signs and posters announcing pep rallies.

Members of the versatile team include Jackie Pringle, El Paso; Rosendo Gutierrez, El Paso; Betty Seay, El Paso; Clayton Edwards, El Paso; Mary Galbraith, El Paso; and Robert Caroline, Pecos.

Yell sessions in Magoffin Auditorium were spirited demonstrations that indicated the student body were sports conscious. Music by John Carrico's Varisitonians on special broadcast and by the regular band on regular occasions formed the colorful background for the cheerleader's stunts.

PRE MED CLUB

Even though Pre-Med is a long hard road there are many who see fit to take it. Some forty-one members see educational movies, hear speakers, and prepare papers in their studies. Under the very capable direction of Mr. Wilkins and Dr. Berkman, these members find many new and interesting things. Dr. Berkman is the sponsor and Robert McMasters is the president.

PSYCHOLOGY CLUB

A subject which has long been a mystery is no longer one for the people in the Psychology Club. These sixteen members find it interesting to gather information pertaining to this subject, explore the field of psychology, or simply learn more about the human mind. It was organized on the Texas Western campus in 1947 by Lehman Hutchins, then professor of psychology, and since then has gained wide spread popularity.

The Band, under the very capable direction of Mr. Carrico, has made steady progress the past few years until now it ranks among the top bands in this section of the country. Each year it takes trips to different parts of the country for the football games, and each time it wins wide acclaim. The students of Texas Western are proud to have such a wonderful marching group consisting of sixty-six members, a drum major, who is Arthur Meyers, Band Majorette, Carlon Brady, Drum Majorette Jerry Dickson, Gold Digger majorette Janet Smith, and the other five marching majorettes. The band is noted for its difficult black out shows, spectacular marching routines, and fancy marching maneuvers during the half times at ball games, and are constantly in demand for parades. We, the Texas Western students are proud to have such an organization representing us.

The rhythm of the marching groups on the Texas Western campus is the Drum Corps. Whenever you hear the drums then you know that TWC is there, and wherever they travel this fact rings true. Dressed in eye catching orange and white gaucho uniforms only to make them the more outstanding. The officers are Emma Lou Klink, Pat Young and Judy Jones.

In every school there must be at least one organization to keep the spirit of the school, such as is the Gold Diggers. During the war when there were no football games they served as a singing group. Each time this marching band of girls goes on the field, Texas Western feels proud that they are representing them. Gold Diggers ranks among the oldest clubs on campus. At this time Dean Jameson is the sponsor and Dorothy Woelfel is the president.

THE VARSITONIANS

Whenever a dance is held, the band that plays is the Varsitonians. This group has won wide acclaim for the wonderful music which they play. This group is made up of Texas Western boys who are majoring in band. They play professionally, and some of the honors they have had to play for are the Fort Bliss Officers Club, various functions going on in town, a trip to Chihuahua by special request, a tour for the school, and playing for the different high school dances.

CHORALE

Traveling from one place to another, putting on operas, and adding the musical note of voices is the Chorale on the Texas Western scene. This organization is highly respected wherever it goes. It is composed of the schools finest voices and is under the direction of Dr. E. A. Thormosgaard, and the president is Hugh Cardon.

The Women's Athletic Association gives training along every line of sports that there is. This takes in modern dance, basketball, ping pong, baseball, tennis and many more. They have special instructors to give the girls the best advantage they can get. Each of its twenty-seven members enjoy entering and participating in these sports. It is sponsored by Mrs. Craigo and Mrs. Glardon. The president for this year was Dorothy Woelfel.

Like many of the engineering organizations the Electrical Engineers came on campus in 1948. They hold meetings, have guest speakers, read prepared papers, and take inspection trips to sites of interest. The college has tried to make every convenience for the individual student and has created the finest facilities making it available to turn out the finest engineers anywhere.

CHEMICAL SOCIETY

In 1946 some forty chemistry and engineering students started to meet and discuss their problems and discoveries. After this, the charter was granted to them and they became legally affiliated on campus. The members now meet and hear well known speakers, go on field trips, and have special events which include the rest of the school.

SPEAKING OF CONSERVATION . . .

The greatest part of the gas carried to market by El Paso Natural Gas Company is "flare" gas which would necessarily be burned at the field were it not for the pipelines.

The waste gas thus converted to useful purposes each year is equivalent in fuel value to 60,000,000 barrels of oil—the outstanding conservation effort in the petroleum product industries.

Who's Whose

by Mary Nele

Dorroh

Can something
else hide them?

They let the stars get in their eyes and no clouds can hide their smiles. Watch their left hand sparkle — Venus herself—

What's this
"it"?

Sandra Still and Jimmy Burman have made it last for five months now with all intentions of increasing the record. It's a little harder when your fella's away, isn't it Sandra?

Well, not all of
us are lucky.
I'm thinking
about an old
Maids' Home, myself.

You like? They like! They're going steady. Yes, Texas Western claims

quite a few steady couples. Among these are Belle Fenley and Clayton Edwards, Carlon Brady and Don Floyd, Barbara Evans and Jack Patton and Jeannine Peterson and Don Morrill.

Hasn't Mary
switched from
football to
music appre-
ciation?

Jerry Dickson and Link Michael have been seen together many times recently. Is there the budding of a romance about? Mary Galbraith attended a couple of football games with Bud Bono. Dusty Caroline and Shirley Baker seen to be happy to have made each other's acquaintance. Nancy McCree is dating Dick Griffin as of late.

How late?

Gretchen has
changed her
ways —
Jack can be
proud of
himself!

Sally Fjerstad, Lavern Harris, Pat Patterson (El Paso), Jackie McCutcheon, Tommy Crittenden, Eric Hilton, and Gretchen de Bruyn are keeping everyone just a little confused as to who they're going with. Just when they seem to settle down—they switch again.

Lenny Goldberg has special interest in the products Fabens turns out. Is this certain product named Glenna Walters? Betty Manning and Jim Neugebauer are seen regularly together and Henry Martch has been keeping company with Sally Lash. Joyce Godwin and J. C. Ross are seeing each other steadily.

He should hear of this?

Alan Rash doesn't have anything against Arizona girls. Tell us Al, how's the sunrise on Mt. Franklin? Wanted! Any and all information about the Queen of the Continental Airlines for Jess Ashley.

I hear there was another couple along. (Ask them!)

Virtues are learned at Mother's knee. Vices at some other joint.

—Rammer Jammer.

Mary Hale, how did this get in here?

Some are true but not so new—Jackie Crysler and Dave Pringle along with Melba Pyle and Binky Campbell are two of the more "recent" couples.

Evalinda Davidson, for some odd reason, finds Louisiana an interesting state. (Maybe it's the "State" in it.)

Delo Kimmel and "her" Don Thompson are an awfully happy couple. Cleonia Ramsey and Jimmy Agee, and Harriet Ross and Billy Rex are never thought of without each other.

Then there are others who find Texas an interesting state...

Just let me see him first!

Face all shot
Physique is bum
Got no hair
Kind of dumb
Wears blue jeans
Always late
But what the heck
A date's a date!

Thousands of people now play who never thought they could. This is no old-fashioned method where you stay home and practice boring scales. This is a modern system where you send us money, lots of it, and then go out and do whatever you want! You don't ever have to practice! Before long you'll be playing concertos, polonaises, mazurkas, everything! Just imagine your joy when the day comes when people recognize what you are playing!

Just send two thousand dollars, and we'll rush you an excellent beat-out piano, simply scads of old music, and a slightly used auditorium in which to practice. We'll even come along and clap!

Won't you be glad when you can step into the spotlight at that party, sit down at the piano, place your stubby fingers on the keyboard, and bang out a simple tune? Place your order early and you will receive, FREE, a handsome pamphlet, mimeographed in attractive black and white, titled, "Easy Home Exercises To Make Your Fingers Stubby."
